Certificate Information. Vital records and statistics for Alabama are handled by the Center for Health Statistics. They collect, archive and issue certified copies of birth, death, marriage and divorce certificates.

This collection contains a sampling of maps and blueprints from the extensive holdings at the Alabama Department of Archives and History. The maps span 300 years, documenting not only Alabama's geographic past, but also that of the region, nation, and continent.

To commemorate Alabama's bicentennial, the genealogical and historical community has partnered with the Alabama Bicentennial Commission and the Alabama Department of Archives and History (ADAH) to create a portal to publications documenting the story of the state's people and its past.

This collection consists of index cards with personal details about Alabamians who served in the armed forces during World War I. Information recorded may include name, race, age, date and place of birth, home address, date and location of induction, units served in, rank, engagements, wounds, dates and locations of service, date of discharge, and other remarks.

Staff from the Alabama Department of Archives and History (ADAH) work with state and local agencies on records and information management and on the preservation of permanent records. The Alabama Photographs and Pictures Collection includes over 20,000 images covering a wide range of topics, places, and individuals from throughout the state's history.
