#### BOOK REVIEW: "Blue Genes: A Memoir of Loss and Survival

...

While the emotions that ruled Blue Genes were utterly real and raw, I felt that the story was told by Lukas in an overly-factual manner. Robotic even. At times I felt as if I were trudging through this memoir. For a much more spell-binding read, try Loss and Found by Karen Flyer.

The Blaze reported that the memoir, coming out on November 17, is scheduled to be the first of a two-part series released by Penguin Random House. They paid a \$65 million advance to Barack and Michelle Obama for the rights to publish both their memoirs. Basically, he was given \$65 million to tell us we are miserable racists.

About Blue Genes. Christopher (Kit) Lukas's mother committed suicide when he was a boy. He and his brother, Tony, were not told how she died. No one spoke of the family's history of depression and bipolar disorder.
