Integrated, NGSS-designed, project-based curriculum for 6th, 7th, and 8th grades. This 6th, 7th, and 8th grade curriculum aligns to the California Integrated model in which earth and space science, life science, physical science and/or engineering are integrated within each curriculum unit.

A significant feature is the focus on earth sciences in the sixth grade, life sciences in the seventh grade, and physical sciences in the eighth grade. The standards for grades nine through twelve are divided into four content strands: physics, chemistry, biology/life sciences, and earth sciences. An investigation
