Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century. Grade level: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, e, p, e, i, s, t.

Many people assume that kings and queens have generally received a "good education", perhaps the best that money could buy at the time. This book investigates the reality: what is known about the education of British sovereigns from the beginning of the Tudor period to the end of the 20th century. There have been enormous differences in the seriousness with which education was regarded at different points in history. For example Henry VIII and his children were educated at a high point in the Renaissance, when educational ideas were regarded as important as well as exciting. Queen Elizabeth I was by any standards extremely well educated; by contrast Queen Elizabeth II's education has been described as "undemanding", because her parents wanted her to have a happy childhood. Peter Gordon and Denis Lawton have traced changes in royal education through the centuries and related them not only to educational ideas and theories, but also to changing political, social and religious contexts. The monarchy itself has changed as an institution: from the semi-absolute authority of the Tudors to a much more limited kind of monarchy by the end of the Stuart period (after one king had been executed and another exiled) to the constitutional monarchy of the 20th century. To what extent have such changes made any difference to royal education? What is the most appropriate kind

of education for future kings and queens in our present day democracy? In this book, the authors confront these and other such questions and explore some of the answers.

What do you do when your marriage is so unhappy that you begin to fantasize about your husband's funeral? That's how bad it got for Alisa Bowman. . . So she launched a last-ditch effort to save her marriage. Project: Happily Ever After is her fearlessly honest and humorous account of how she went from being a "divorce daydreamer" to renewing her wedding vows -- and all of the steps in between. From bikini waxes to erotica, romance instruction manuals to second honeymoons, the silent treatment to power struggles, she goes where many marriage-improvement gurus have feared to tread. Equal parts funny, poignant, and most importantly, useful, Bowman's story will give other miserably-married folks courage and hope. And in addition to telling her own story, she packs straightforward prescriptive guidance, including a "10-Step Marital Improvement Guide." Readers will laugh. They'll cry. And they can start on the road toward their own happy ending!

The main objective of *À votre tour!* is to advance students to a level at which they can comfortably express themselves on a variety of French and francophone topics. Avoiding the excessive rigor of most intermediate texts, *À votre tour!* immerses students in authentic language and cultural contexts to achieve three key objectives: to build and reinforce oral and written communicative skills, to develop reading skills and cultural awareness, and to forge a strong linguistic base. New! *Tête à tête* communicative activities require one student to use communicative skills to elicit unknown details from another student in order to complete a task, with basic vocabulary and grammar structures recycled to reinforce previously learned material. New! Integrated video correlates to the *Français Pratique* section of each unit and to corresponding video activities provided in the *Student Activities Manual*. New! Updated cultural material highlights recent cultural trends, such as prices expressed in euros, French phone numbers

with appropriate area codes; reflects the current political realities; and offers many entry points for further development of cultural awareness, grammar, and lexical points. A broad introduction to French and Francophone cultures provides authentic language and cultural contexts without an intense grammar curriculum—adapted for students who might take French as a minor, rather than a major. Accessible presentation enables students with basic conversational and grammar skills to achieve success through careful pacing, cyclical review and re-entry of structures and vocabulary, and engaging conversational material. Solid grammar review builds a framework by first covering basic structures and expressions, then adding more advanced concepts to expand students' linguistic abilities.

In *Renegotiating French Identity*, Jane Fulcher addresses the question of cultural resistance to the German occupation and Vichy regime during the Second World War. Nazi Germany famously stressed music as a marker of national identity and cultural achievement, but so too did Vichy. From the opera to the symphony, music did not only serve the interests of Vichy and German propaganda: it also helped to reveal the motives behind them, and to awaken resistance among those growing disillusioned by the regime. Using unexplored Resistance documents, from both the clandestine press and the French National Archives, Fulcher looks at the responses of specific artists and their means of resistance, addressing in turn Pierre Schaeffer, Arthur Honegger, Francis Poulenc, and Olivier Messiaen, among others. This book investigates the role that music played in fostering a profound awareness of the cultural and political differences between conflicting French ideological positions, as criticism of Vichy and its policies mounted.

Wish You Happy Forever chronicles Half the Sky founder Jenny Bowen's personal and professional journey to transform Chinese orphanages—and the lives of the neglected girls who live in them—from a state of quiet despair to one of vibrant promise. After reading an article about the thousands of baby girls languishing in Chinese orphanages, Bowen and her husband adopted a little girl from China and brought her home to Los Angeles, not out of a need to build a family but rather a commitment to save one child. A year later, as she watched her new daughter play in the grass with her friends, thriving in an environment where she knew she was loved, Bowen was overcome with a desire to help the children that she could not bring home. That very day she created Half the Sky Foundation, an organization conceived to bring love into the life of every orphan in China and one that has actually managed to fulfill its promise. In *Wish You Happy Forever*, a fish out of water tale like no other, Bowen relates her struggle to bring the concept of "child nurture and responsive care" to bemused Chinese bureaucrats and how she's actually succeeding. Five years after Half the Sky's first orphanage program opened, government officials began to mention child welfare and nurturing care in public speeches. And, in 2011, at China's Great Hall of the People, Half the Sky and its government partners celebrated the launch of The Rainbow Program, a groundbreaking initiative to change the face of orphan care by training every child welfare worker in the country. Thanks to Bowen's relentless perseverance through heartbreak and a dose of humor, Half the Sky's goal to bring love the lives of forgotten children comes ever closer.

"The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come." -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

In this engrossing book, Hollis Clayson provides the first description and analysis of French artistic interest in women prostitutes, examining how the subject was treated in the art of the 1870s and 1880s by such avant-garde painters as Cézanne, Degas,

Manet, and Renoir, as well as by the academic and low-brow painters who were their contemporaries. Clayson not only illuminates the imagery of prostitution—with its contradictory connotations of disgust and fascination—but also tackles the issues and problems relevant to women and men in a patriarchal society. She discusses the conspicuous sexual commerce during this era and the resulting public panic about the deterioration of social life and civilized mores. She describes the system that evolved out of regulating prostitutes and the subsequent rise of clandestine prostitutes who escaped police regulation and who were condemned both for blurring social boundaries and for spreading sexual licentiousness among their moral and social superiors. Clayson argues that the subject of covert prostitution was especially attractive to vanguard painters because it exemplified the commercialization and the ambiguity of modern life.

"Socialism" names a form of collective life that has never been fully realized; consequently, it is best understood as a goal to be imagined. So this study argues, and thereby uncovers an aesthetic impulse that animates some of the most consequential socialist writing, thought, and practice of the long nineteenth century. *Imagining Socialism* explores this tradition of radical activism, investigating the diverse ways that British socialists—from Robert Owen to the mid-century Christian Socialists to William Morris—marshalled the resources of the aesthetic in their efforts to surmount "politics" and develop non-governmental forms of collective life. Their ambitious attempts at social regeneration led some socialists to explore the liberatory possibilities afforded by cooperative labor, women's emancipation, political violence, and the power of the arts themselves. *Imagining Socialism* demonstrates that, far from being confined to the "socialist revival" of the fin de siècle, important socialist experiments with the emancipatory potential of the aesthetic in Britain may be found throughout the period it calls the "socialist century"—and may still inspire us today.

The Sweet Life in Paris Crown From the New York Times bestselling author of *My Paris Kitchen* and *L'Appart*, a deliciously funny, offbeat, and irreverent look at the city of lights, cheese, chocolate, and other confections. Like so many others, David Lebovitz dreamed about living in Paris ever since he first visited the

city and after a nearly two-decade career as a pastry chef and cookbook author, he finally moved to Paris to start a new life. Having crammed all his worldly belongings into three suitcases, he arrived, hopes high, at his new apartment in the lively Bastille neighborhood. But he soon discovered it's a different world in France. From learning the ironclad rules of social conduct to the mysteries of men's footwear, from shopkeepers who work so hard not to sell you anything to the etiquette of working the right way around the cheese plate, here is David's story of how he came to fall in love with—and even understand—this glorious, yet sometimes maddening, city. When did he realize he had morphed into un vrai parisien? It might have been when he found himself considering a purchase of men's dress socks with cartoon characters on them. Or perhaps the time he went to a bank with 135 euros in hand to make a 134-euro payment, was told the bank had no change that day, and thought it was completely normal. Or when he found himself dressing up to take out the garbage because he had come to accept that in Paris appearances and image mean everything. Once you stop laughing, the more than fifty original recipes, for dishes both savory and sweet, such as Pork Loin with Brown Sugar-Bourbon Glaze, Braised Turkey in Beaujolais Nouveau with Prunes, Bacon and Bleu Cheese Cake, Chocolate-Coconut Marshmallows, Chocolate Spice Bread, Lemon-Glazed Madeleines, and Mocha-Crème Fraîche Cake, will have you running to the kitchen for your own taste of Parisian living. Please Read (if at All Possible) UniverseCollects photographs and letters from teenage girls asked to describe or define themselves and their world. The Cambridge Companion to Medieval Women's Writing Cambridge University Press
The Cambridge Companion to Medieval Women's Writing seeks to recover the lives and particular experiences of medieval women by concentrating on various kinds of texts: the texts they wrote themselves as well as texts that attempted to shape, limit, or expand their lives. The first section investigates the roles traditionally assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses 'dead to the world', and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive.

The Cambridge Companion to Medieval Women's Writing seeks to recover the lives and particular experiences of medieval women by concentrating on various kinds of texts: the texts they wrote themselves as well as texts that attempted to shape, limit, or expand their lives. The first section investigates the roles traditional-

ly assigned to medieval women (as virgins, widows, and wives); it also considers female childhood and relations between women. The second section explores social spaces, including textuality itself: for every surviving medieval manuscript bespeaks collaborative effort. It considers women as authors, as anchoresses 'dead to the world', and as preachers and teachers in the world staking claims to authority without entering a pulpit. The final section considers the lives and writings of remarkable women, including Marie de France, Heloise, Joan of Arc, Julian of Norwich, Margery Kempe, and female lyricists and romancers whose names are lost, but whose texts survive.

Living with his alcoholic father on a broken-down sailboat on Puget Sound has been hard on seventeen-year-old Chance Taylor, but when his love of running leads to a high-paying job, he quickly learns that the money is not worth the risk. Reprint.

Following the organization of the main text, this essential resource provides additional out-of-class practice, with four parts to each unit. Français écrit and Français parle contain written and listening activities, respectively, for all three lessons in a unit. Vie pratique offers both written and listening activities based on the practical language section, and Images du monde Francophone provides written and listening activities based on the cultural magazine sections. Revision tests appear after Unites 3, 6, 9, and 11. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Publisher description

From the New York Times bestselling author of *My Paris Kitchen* and *L'Appart*, a deliciously funny, offbeat, and irreverent look at the city of lights, cheese, chocolate, and other confections. Like so many others, David Lebovitz dreamed about living in Paris ever since he first visited the city and after a nearly two-decade career as a pastry chef and cookbook author, he finally moved to Paris to start a new life. Having crammed all his worldly belongings into three suitcases, he arrived, hopes high, at his new apartment in the lively Bastille neighborhood. But he soon discovered it's a different world en France. From learning the ironclad rules of social conduct to the mysteries of men's footwear, from shopkeepers who work so hard not to sell you anything to the etiquette of working the right way around the cheese plate, here is David's story of how he came to fall in love with—and even understand—this glorious, yet sometimes maddening, city. When did he realize he had morphed into un vrai parisien? It might have been when he found himself considering a purchase of men's dress socks with cartoon characters on them. Or perhaps the time he went to a bank with 135 euros in hand to make a 134-euro payment, was told the bank had no change that day, and thought it was completely normal. Or when he found himself dressing up to take out the garbage because he had come to accept that in Paris appearances and image mean everything. Once you stop laughing, the more than fifty original recipes, for dishes both savory and sweet, such as Pork Loin with Brown Sugar-Bour-

bon Glaze, Braised Turkey in Beaujolais Nouveau with Prunes, Bacon and Bleu Cheese Cake, Chocolate-Coconut Marshmallows, Chocolate Spice Bread, Lemon-Glazed Madeleines, and Mocha-Crème Fraîche Cake, will have you running to the kitchen for your own taste of Parisian living.

Festivals and the French Revolution--the subject conjures up visions of goddesses of Liberty, strange celebrations of Reason, and the oddly pretentious cult of the Supreme Being. Every history of the period includes some mention of festivals; Ozouf shows us that they were much more than bizarre marginalia to the revolutionary process.

The choice of a lifetime... One young lady following her passion for music. Two strong men locked in a bitter rivalry for her heart. A journey of self-discover, and a trap of her own making. Georgiana Darcy is going to have to carve out her own destiny, however ill-equipped she may feel... Praise for *In the Arms of Mr. Darcy*: "Engaging, fast-paced, and searingly romantic." — Austenprose "Eloquent . . . Lathan continues to bring the Regency period to

life . . . I was swept up by the romance." — Rundpinne "Ms. Lathan's writing is lyrical and perfect for this genre ... Jane Austen would be proud." — The Good, the Bad and the Unread "One of the best [Austen sequels] yet written. . .we get an in-depth look into the deep and everlasting love Darcy and Elizabeth share." — Everything Victorian and More Bestselling author Sharon Lathan has created a world of sensual Jane Austen continuations, including *Mr. and Mrs. Fitzwilliam Darcy: Two Shall Become One* and *Loving Mr. Darcy Journeys Beyond Pemberley*. Her work is widely praised for bringing the Regency period to life and for the depth of her stories of true love.

Collects photographs and letters from teenage girls asked to describe or define themselves and their world.

Proven ways to create a more loving family Research proves that happy families are good for health, longevity, peace of mind, productivity, and success. In *The Secrets of Happy Families*, Scott Haltzman offers an original approach to building family contentment that works for families of all ethnicities and make-ups--two-parent, single-parent, blended, childless, or same-sex couple. He provides a "positive psychology" way of solving family problems through strategy and leadership, including knowing and accepting who you are, taking a leadership role in loving and united relationships, building a network of support in extended families and communities, and making quality time for fun, adventures, holidays, and rituals.
