ABOUT THE BOOK:- This book has been compiled concisely and written English to English. This book contains three books such as; 1. A key to the Perfect Spoken English, 2. The Perfect English Phonetics, 3. The Best Concise English Grammar & composition. Addition of three kinds of small books is finally produced as a complete book which is sub titled "A key to the Perfect Spoken English & Phonetics with the best concise English Grammar & Composition for keen learners" mostly needed not only for students of high school and college but also for keen learners. As far as I am concerned that it may be very useful up to college students and for keen learners those who do not know proper English and correct phonetics. I think this kind of book is rarely found in the market. As far as I know and hope that this kind of book might not have published before. There is no limit of level or age or class and duration for learning it; one who is eager to learn can learn at anywhere/any time/any year by having this book. This book gives you not only fundamental but also how you will be able to speak the perfect English throughout the world. It's the primary key to success. The book has been written with the sole purpose of enlightening & enriching the readers about English grammar & Phonetics with the process of spoken English which will be very useful to all those who go through it; especially to new learners to get some ideas and knowledge in English language which is mostly used in spoken in day today's life. ABOUT THE PERFECT ENGLISH PHONETICS:- Phonetics is the symbols to represent each different speech sounds, their pronunciation & script. The English language is meaningless without the phonetics; so one should know the correct sound of each word; otherwise he won't be able to get what someone speaks or expresses. This kind of book is rarely found in the market for Indian students & keen learners those who really need it. Thus I have collected the phonetics from Oxford Dictionary & different kinds of books to make you easy to get. I hope that it will help us to get what someone wants to say meaningfully. It is also very important to know because there are some words which don't sound but have to be spelt as-tsunami /tsu:'nɑ:mi/ here 't' is silent, bristle /'brɪsl/ here also 't' silent; so in this case one can't come to know all the words without studying phonetics. If one knows the phonetics perfectly then he/she can speak or write in English frankly without fearing about it & everyone gets him that what he/she says. The basic knowledge of phonetics is enough to help us to acquire correct pronunciation. If we speak phonetically; then we may not face problem in writing or speaking in any necessary action. It is the only one language by knowing one

A few years ago, a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry? "I teach English grammar." Just throw that line out at a party; everyone around you will clam up or start saying "whom." Why does grammar make everyone so nervous? Probably because English teachers, for decades – no, for centuries – have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses, and

verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar – and you certainly don't have to diagram sentences – in order to speak and write correct English. So rest assured – English Grammar For Dummies will probably never make your English teacher's top-ten list of must-read books, because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between "I" and "me," "had gone" and "went," and "who" and "whom." With English Grammar For Dummies, you won't have to memorize a long list of meaningless rules (well, maybe a couple in the punctuation chapter!), because when you understand the reason for a particular word choice, you'll pick the correct word automatically. English Grammar For Dummies covers many other topics as well, such as the following: Verbs, adjectives, and adverbs – oh my! Preposition propositions and pronoun pronouncements Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks Possession: It's nine-tenths of grammatical law Avoiding those double negative vibes How to spice up really boring sentences (like this one) Top Ten lists on improving your proofreading skills and ways to learn better grammar Just think how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you!
