Revenge. It's something Sigrud je Harkvaldsson is very, very good at. Maybe the only thing. So when he learns that his oldest friend and ally, former Prime Minister Shara Komayd, has been assassinated, he knows exactly what to do—and that no mortal force can stop him from meting out the suffering Shara's killers deserve. Yet as Sigrud pursues his quarry with his customary terrifying efficiency, he begins to fear that this battle is an unwinnable one. Because discovering the truth behind Shara's death will require him to take up arms in a secret, decades-long war, face down an angry young god, and unravel the last mysteries of Bulikov, the

city of miracles itself. And—perhaps most daunting of all—finally face the truth about his own cursed existence.

Things aren't easy right now for Marvin Pickering. He's twelve years old, just beginning to really discover who he is...and he's realizing that his feelings for his childhood friend, Ellen Peterson, are deeper and more complex than he knew. He could really use the guidance and understanding of his beloved father, Jay, but he's serving his country in Viet Nam. When Marvin and his mother get the news that Jay is missing in action, the foundation of Marvin's world is shattered. Instead of turning to family and friends, he runs away to his favorite retreat, the Big Woods. There, imaginative Marvin will have

the adventure of a lifetime, as he meets his guardian angel, John, who takes him to see his father. Marvin will learn a valuable lesson about faith and trust, while those back home are left to look for him...with unexpected consequences that will teach Marvin even more about what's really important. A vivid snapshot of a turning point in American history, a thrilling adventure, and a tender story about different kinds of love, *The Adventures of Marvin Pickering: The Miracle at Weston Falls* is a book with a positive message for young adult readers. Miracles were happening in Stanhope, Minnesota. Impossible cures, amazing recoveries. All due to a pool of pitch-black water that had bubbled up mys-

teriously from the depths of the earth. Sometimes it glowed with a beckoning light. Sometimes it reflected only glittering darkness. It always gave the gift of life ... but what would it demand in return? Ten-year-old Allison Kent knew her parents hadn't really believed a dip in the famous pool would make her well again. They were just pretending so she wouldn't be scared. But it did work and she was better ... except for the cruel voices in her head that whispered of retribution and death. And the dangerous, uncontrollable powers she had over the world around her. Lately she was afraid that whatever lived beneath the water had healed her for an evil purpose all its own ...

The willingness of people to believe in magical icons, mystical relics, and miraculous pictures (like the Image of Guadalupe) is almost as curious as these phenomena themselves. Though they cry out for scientific investigation, millions of people blindly accept them as fact. Historical and paranormal investigator Joe Nickell confronts such strange events, powers, and objects as the Shroud of Turin, bleeding or weeping statues, burning hand-

prints, liquefying blood, ecstatic visions, miraculous cures, and people speaking in tongues in *Looking for a Miracle*. Departing from standard critiques of religion, Nickell carefully investigates the evidence relating to specific claims. Religious believers and rationalists alike have much to learn from this revealing examination of the evidence for the miraculous.

Nathan Gray's young life is one trial after another, and the final straw was his dog Chewey dying. But then he stumbles over a miracle and soon finds himself embroiled in a raging controversy.

Soon after infamous basketball coach Bobby Knight grabbed one of Mark Shaw stepsons triggering an international media event, Shaw's 13 year marriage collapsed. Alone and confused about the future ahead, he began a spiritual journey that included seminary study and an honest appraisal of who he was how he wanted to change his life. This permitted him to love again and to then experience a true miracle that even he could not believe despite a magical life that had included being a successful criminal defense lawyer, newspaper co-publisher, televi-

sion personality and prolific author. An inspiring and true story filled with stories that will surprise, amuse and move you, *Road to the Miracle* will open your heart, mind, and spirit to any miracle that may be winding its way toward you. "What an eclectic life! From F. Lee Bailey to Pastor Rick Warren, Bobby Knight to Don Larsen, the John Denver look-alike to a blessed miracle. This is a fun read." Squire Rushnell, bestselling author, *When God Winks*. "Mark Shaw discovers that the double-edged sword of celebrity culture cuts both ways, forcing him to confront his own demons and then experience a miracle out of nowhere." - Don Lattin, bestselling author, *The Harvard Psychedelic Club*. "Mark Shaw has been fearless in following his heart." - Patrick Hasburgh, Author, *Aspen Pulp* "Holding brain science in one hand and rich emotional presence in the other, this book feels timely and necessary." —Shauna Niequist, New York Times bestselling author of *Present Over Perfect* Why is there such a gap between what you want to do and what you actually do? The host of Ask Science Mike explains why our desires and our real lives are so

wildly different—and what you can do to close the gap. For thousands of years, scientists, philosophers, and self-help gurus have wrestled with one of the basic conundrums of human life: Why do we do the things we do? Or, rather, why do we so often not do the things we want to do? As a podcast host whose voice goes out to millions each month, Mike McHargue gets countless emails from people seeking to understand their own misbehavior—why we binge on Netflix when we know taking a walk outside would be better for us, or why we argue politics on Facebook when our real friends live just down the street. Everyone wants to be a good person, but few of us, twenty years into the new millennium, have any idea how to do that. In *You're a Miracle (and a Pain in the Ass)*, McHargue addresses these issues. We like to think we're in control of our thoughts and decisions, he writes, but science has shown that a host of competing impulses, emotions, and environmental factors are at play in every action we undertake. Touching on his podcast listeners' most pressing questions, from relationships and ethics to

stress and mental health, and sharing some of the biggest triumphs and hardships from his own life, McHargue shows us how some of our qualities that seem most frustrating—including “negative” emotions like sadness, anger, and anxiety—are actually key to helping humans survive and thrive. In doing so, he invites us on a path of self-understanding and, ultimately, self-acceptance. *You're a Miracle (and a Pain in the Ass)* is a guided tour through the mystery of human consciousness, showing readers how to live more at peace with themselves in a complex world.

*Thy Life's a Miracle* Rakesh Jain, aka RJ, is a successful self-made entrepreneur from Lucknow who dabbled in many business ideas but didn't blink whenever he hit a roadblock or even when he hit rock bottom. An intuitive and brave-hearted risk-taker, he was helped along by people in seemingly miraculous ways and finally set up the PRAG Group of Companies making quality engineering products for the Indian Railways. Over time, he ended up being a brilliant Relationship Jockey (RJ) who conquered great heights in the face of ad-

versities. Armed with a smile, a business plan and shoals of positive energy he tempted fate with child-like innocence only to be showered with miracles. The chapters throw up mind-boggling questions like: Do miracles really happen? If they do, why do they happen to a man deeply involved in the world of business and enterprise? Does a human being need to be the perfect receptacle for miracles to play out in daily life? Rakesh Jain's thrilling and dramatic life story throws up philosophical possibilities as to what construes a miracle? Can RJ's miracles be replicated by young entrepreneurs trying to make a mark with their startups? Rakesh's own journey has been nothing short of miraculous. When he unexpectedly lost a secure job he set up a small entrepreneurial enterprise in Lucknow and expanded it to Mumbai. Life's unexpected twists and turns are reflected in this absorbing book by Rakesh, and its ups and downs that occur to all of us, but Rakesh's persona and temperament have turned seemingly unfavourable situations into agreeable and pleasant outcomes! Rakesh's fascinating story which I have enjoyed read-

ing and which I hope you will find inspiring. I raise a toast to his courage and indomitable will and wish him all success in his life!

~ Shatrughan Sinha  
A man must be ready to harness the good and gratifying from the godsend thrown at him by fate. And such a man is Rakesh, who goes beyond mere rejoicing in the fruits of simple serendipity to a belief that harvesting of opportunities is our true karma.

~ Sudhanshu Mani  
West German Industrialists and the Making of the Economic Miracle investigates the mentality of post-war German (heavy) industrialists through an analysis of their attitudes, thinking and views on social, political and, of course, economic matters at the time, including the 'social market economy' and how they saw their own role in society, with this investigation taking place against the backdrop of the 'economic miracle' and the Cold War of the 1950s and 60s. The book also includes an assessment of whether the self-declared, new 'aristocracy of merit' justified its place in society and carried out its actions in a new spirit of political responsibility. This is an important text for all stu-

dents interested in the history of Germany and the modern economic history of Europe.

The editor-in-chief of Guideposts magazine shares the "heartfelt, honest, lovely" (New York Times bestselling author Dean Koontz) story of Millie, his beloved golden retriever, and how she taught him to be a more compassionate person, deepened his faith, and inspired him on his long-term path of recovery from addiction—with a foreword by Debbie Macomber. From the moment his new golden retriever puppy jumped into his arms, Edward Grinnan and his wife, Julee, were in love with her. Edward didn't know it yet, but Millie would change his life. In this moving memoir, Edward Grinnan writes about his life with Millie—from their first joyous meeting

through her struggle with cancer. Edward shares how her sensitivity, unconditional love, and innate goodness helped him discover those qualities in himself and put his complicated past in perspective. Edward also shares the lessons he has learned from other dogs he's loved—like Pete, a poodle his father bought him in the wake of his brother's death; Rudy, who introduced him to his wife; Sally Browne, a mischievous cocker spaniel who befriended the homeless in his neighborhood; and Marty, a hundred-pound Labrador whose behavioral issues challenged his and Julee's marriage—as well as lessons he's learned from the celebrated dog stories in Guideposts magazine. Poignant and insightful, *Always By My Side* is an inspiring book that explores the unbreakable bond between man and dog, revealing how faith shapes our love for our dogs, and how our dogs shape our faith.

"You mean sixty-one seconds. You said sixty-one minutes, but you mean a little over one minute."  
"No," I said. "He didn't have a pulse for over an hour." After a healthy pregnancy, on September 16, 2010, Bonnie L. Engstrom delivered a still-

born baby boy. After sixty-one minutes, just when the doctors were going to call a time of death, James Fulton's heart began to beat. In that sixty-one minutes, the Engstrom's been asking for and counting on the powerful intercession of James's namesake: Archbishop Fulton J. Sheen. That James was alive at all was a miracle. But the rest of the story is even more amazing. While the Engstroms were preparing for their little boy to grow up blind, unable to walk or talk, and be fed by a tube for the rest of his life, another miracle occurred. Against all medical odds, James not only survived, but he began — and continues — to thrive. In 2014, medical experts and theological advisors to the Congregation for the Causes of Saints unanimously approved the miracle. This amazing true story, full of weakness and strength, heartbreak and celebration, hope and joy, teaches us that through our faith in Christ and the prayers of the great cloud of witnesses, miracles are possible. "Believe the incredible, and you can do the impossible." - Venerable Archbishop Fulton J. Sheen

"Funny, bighearted...Miles specializes in giving fully rounded humanity to characters who might elsewhere be treated as stock figures...pitch-perfect." — New York Times Book Review "Miles is a writer so virtuosic that readers will feel themselves becoming better, more observant people from reading him." — Los Angeles Review of Books A profound new novel about a paralyzed young man's unexplain-

able recovery—a stunning exploration of faith, science, mystery, and the meaning of life Rendered paraplegic after a traumatic event four years ago, Cameron Harris has been living his new existence alongside his sister, Tanya, in their battered Biloxi, Mississippi neighborhood where only half the houses made it through Katrina. One stiflingly hot August afternoon, as Cameron sits waiting for Tanya during their daily run to the Biz-E-Bee convenience store, he suddenly and inexplicably rises up and out of his wheelchair. In the aftermath of this "miracle," Cameron finds himself a celebrity at the center of a contentious debate about what's taken place. And when scientists, journalists, and a Vatican investigator start digging, Cameron's deepest secrets—the key to his injury, to his identity, and, in some eyes, to the nature of his recovery—become increasingly endangered. Was Cameron's recovery a genuine miracle, or a medical breakthrough? And, finding himself transformed into a symbol, how can he hope to retain his humanity? Brilliantly written as closely observed journalistic reportage and filtered through

a wide lens that encompasses the vibrant characters affected by Cameron's story, *Anatomy of a Miracle* will be read, championed, and celebrated as a powerful story of our time, and the work of a true literary master.

Claims of the miraculous are foundational to faith and skepticism, making and breaking religious careers and movements in their wake. Drawing on a variety of South Asian religious traditions—Hinduism, Buddhism, Islam, Christianity—this book revolves around the theme of conundrum, demonstrating how miracles offer divine proof, tenacious embarrassment, and, in many cases, both. The contributors explore not only how modern miracles are conundrums themselves but also how they make conundrums out of assumed divides between scientific and supernatural realms, modernity and tradition, the West and the rest, and ethnographer and native. October 17, 2012 started

as any other day for Navy airman and fitness trainer Brett Parks until he heard screams for help. Without hesitation, he ran towards the sound and apprehended the mugger, unaware that the criminal had a gun. Moments later, the attacker fired a devastating shot directly into Brett's body. The bullet shredded Brett's kidney, pierced his intestines, and destroyed several inches of the largest vein in his body. Three sets of surgeons' hands applied pressure inside Brett's open stomach to stop the bleeding while nurses delivered coolers full of blood to the operating room every 15 minutes. As the medical team worked fervently to save Brett's life, his wife received the bleak news that their unborn daughter and young son may grow up without a father. But the God whom Brett had given his life to years before had other plans. After a medical battle that included a 20-day coma, multiple surgeries, and an unexpected amputation, Brett emerged from his coma to begin a long and challenging recovery—medically and spiritually. Miracle Man details Brett Parks recovery as he experienced it and the miracles and greatness of our God in heaven; however,

Miracle Man is less about Brett and more about what God has done through his story. Miracle Man: A Bullet that Ignited a Purpose-Filled Life shows readers how to:

- prepare (by doing what God puts in front of you),
- set goals (by being who God wants you to be), and
- never give up (because God has a purpose for your life that only you can fulfill).

In recent years as countries around the globe have begun to move from dictatorial to more democratic systems of governance, no more traumatic (or dramatic) ethical problem has arisen than what to do with the previous regime's torturers. In most cases, the security and military apparatuses, responsible for the overwhelming majority of human-rights abuses, still retain tremendous power—and will not abide any settling of accounts. Now, New Yorker staff reporter Lawrence Weschler tells the extraordinary story of how, against tremendous odds, torture victims and human-rights activists in two Latin American countries—Brazil and Uruguay—tried to bring their torturers to justice and to rehabilitate their whole societies from harrowing periods of silence

and repression. In this first of his two accounts, he tells how a tiny group of torture victims, clerics, and human-rights activists in Brazil launched an extremely risky, nonviolent plot to get even with the former torturers by publishing an indisputable account of their savage system of repression—indisputable because it is drawn from the regime's own files. In the second, set in Uruguay, he tells how a more broadly-based movement attempted to bring to light the dark history of a military regime engaged in more political incarceration per capita than any other on earth at that time. In this illuminating and beautifully written book (portions of which appeared in five issues of *The New Yorker*), Weschler examines what a small number of individuals can do to retrieve history and truth from the hands of torturers.

An engaging history of the Shepherding Movement, an influential and controversial expression of the charismatic renewal in the 1970s and 1980s. This neopentecostal movement, led by popular Bible teachers Ern Baxter, Don Basham, Bob Mumford, Derek Prince and Charles Simpson, became a house church movement in the United States. The Shepherding Movement is a case study of an attempt at renewing church structures. Many critics accused the movement of being authoritarian because of its emphasis on submission to a personal pastor or "shepherd" as they termed it.
