Drop shippers will be use to those people without ready cash to stock products and wanting to sell on their own sites or sites like eBay. The products ordered can be sent direct to their customers.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Indianapolis Monthly is the Circle City's essential chronicle and guide, an indispensable authority on what's new and what's

news. Through coverage of politics, crime, dining, style, business, sports, and arts and entertainment, each issue offers compelling narrative stories and lively, urbane coverage of Indy's cultural landscape.

Originally published in 1931. A well illustrated history of the British Motor Cycle Industry. Detailed chapters include: The Era of the Pioneers - The Era of Financial Adventurers - The Era of the Motor Tricycle - The Era of the Motor Bicycle. Many of the earliest motoring books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Home Farm Books are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

American Motorcyclist magazine, the official journal of the American Motorcyclist Association, tells the stories of the people who make motorcycling the sport that it is. It's available monthly to AMA members. Become a part of the largest, most diverse and most enthusiastic group of riders in the country by visiting our website or calling 800-AMA-JOIN.

Perfect in its compactness, in its functionality, and in its widely imitated design, the Vespa scooter is not only a means of transport, but a true icon. In celebration of Vespa's 75th anniversary, Vespa: Style and Passion is the lavishly illustrated official history of the legendary scooters and the culture they've inspired. Introduced by the

Italian firm Piaggio in 1946 with the model 98, Vespa enjoyed quick success. The scooters' diminutive size and affordability were perfect for promoting postwar mobility. But as with most novel designs, it would also be highly imitated, destined for icon status. From Piaggio's origins to the first Vespa prototypes to today's forward-looking Elettrica model, Vespa: Style and Passion is the ultimate retrospective of this beloved brand. A rich selection of visuals includes dozens of studio images of the most significant models from throughout Vespa history--including classics like the 125, 150 GS, Super Sprint, Primavera, and Rally--as well as period advertisements, rare archival photographs, and images of Vespas in popular culture and motorsport. Mod culture, perhaps most responsible for spreading scooter culture, is also given its due with images of customized Vespas. Vespa: Style and Passion relates with elan and high design the endless evolution of a marque that has conquered six continents, with 19 million units sold. The Vespa is not simply a scooter, but the scooter, known and appreciated the world over--a rare example of a motor vehicle that survived crises and fashions, always remaining faithful to the original concept. This is the definitive story of that influence.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Many of the earliest books, particularly

those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

In terms of public image, the scooter has long played second fiddle to the motorcycle. Of course, there is a large dose of stereotype in the readings of both kinds of machines and at heart both have provided the same thing: escape, independence, mobility and a certain kind of cool. Following on from Chris Haddon's highly successful my cool motorcycle, my cool scooter showcases beautiful scooters from all corners of the world and celebrates the scooter's history thus far. The humble scooter is much more than a mode of transport - it is fashionable, stylish and trendy. As many of the stories featured in this book demonstrate, owners take their scooters on miraculous adventures from city streets to glorious country escapes. The book explores the most iconic brands of scooter from the well-known Vespa to the classic Goggo. Each section covers a selection of historical information, owners' stories and vehicle notes. For scooter owners or those interested in scooter history this book will inspire and intrigue readers.

This guide covers the 7000 national associations, chambers of commerce, confederations, federations, institutes, societies and trade unions in all fields of activity. Amongst the information listed is: full name and address; fax, phone and e-mail numbers; web site; contact names; legal status; branches; category and sphere of interest; groups; activities; affiliations; membership; publications; and changes of name (within the last five years).

Scooters Everything You Need to Know Scooters and scootering are the fastest growing segment of the American motorcycling market. Because of their low cost, ease of operation, and unintimidating nature, scooters are especially appealing to new riders. This book will provide the scooter owner with everything he or she needs to know. It will tell a person what kind of scooter to buy, how to buy it, and where to buy it. It will instruct the owner on maintaining and customizing his or her scooter. It will even help the scooterist find scooter-related events and activities. In sum, this is all the book any scooter owner will ever need.

Culture & Customisation The Motor Scooter Story *Evro Publishing Limited* This charming book, packed with unique artwork and engaging photographs, celebrates scooter mania. In a feast of nostalgia, it takes us through the evolution of the scooter, focusing naturally on all things Lambretta and Vespa, but also covering plenty of obscure and eccentric machinery along the way. Scooter enthusiasm in all its forms receives generous attention, whether as fashion accessory for fifties movie stars, style-conscious transport choice for the Mod generation, or object of worship for today's retro-loving adherents. Scooters take off: rising from the rubble of post-war Italy, Piaggio emerged first with its Vespa (meaning 'wasp'), soon followed by Innocenti and its Lambretta (named after a Milan suburb). Evolution: numerous Lambretta and Vespa models over the years are illustrated and explained, accompanied by a look at the myriad accessories available for them. Not just in Italy: a survey of classic-era scooters from Britain (such as Brockhouse Corgi, Sun Wasp and Triumph Tigress), Germany (such as Glas Goggo, Zündapp Bella and Heinkel Tourist), Japan (such as Fuji Rabbit, Mitsubishi Silver Pigeon and Honda Juno) and elsewhere. Mod culture: emerging in the sixties and entwined with music and fashion, it made a unique contribution to scooter fandom that has since embraced the globe. Scooters as classics: the resurgence of interest since the late seventies and all that has come with it, from restoration and racing to customising and clubs. Scooter tales worldwide: Cesare Bataglini's round-the-world Lambretta odyssey; Mod revivalists in Tokyo; elderly scooters soldiering on in Africa; Indonesia's Rebel Riders and their crazy Vespa-derived creations; scaling Ben Nevis on a Lambretta; and much more. Quotes in the book such as "The scooters, clothes and music -- an unforgettable time of my

life" and "Exciting, fun and carefree days when anything seemed possible" sum up the enduring appeal of classic scooters. Anyone afflicted with the obsession will adore this book.
