 The GED exam includes multiple-choice questions as well as two short answer responses. You will be expected to spend 10 minutes on short answer questions. Both these short answer questions are included in the 90-minute test time limit. The GED Science test has three major components:

GED® Science Study Guide - Test Prep Toolkit
 There is a lot of confusion about short answers and extended responses on the GED Science Test. When the newest GED test came out in 2012, it included an Extended Response essay in social studies and short answer questions in science. The science test never had a full essay, called an extended response.

These 50 questions will help you prepare for the GED Science examination. The questions are based on the categories that are included in the exam. They are similar (and often identical) to the actual questions that you will be asked. Each question has been researched and the answer verified.
