This paper describes economic developments in Grenada during the 1990s. The weak growth performance since 1990 reflected largely a continuous contraction in agricultural output, which declined each year from 1989 to 1993. The construction industry experienced a major contraction in 1992 owing to the sharp fall in public investment. In 1993, output declined in the mining and quarrying, construction, and manufacturing sectors as well as in agriculture. In contrast, the hotel and restaurant sector has exhibited strong growth since the late 1980s, with real value added growing by 13.8 percent, on average, each year since 1989.

Iamblichus was once considered one of the great philosophers. The Emperor Julian followed Iamblichus's teachings to guide the restoration of traditional pagan cults in his campaign against Christianity. Although Julian was unsuccessful, Iamblichus's ideas persisted well into the Middle Ages and beyond. His vision of a hierarchical cosmos united by divine ritual became the dominant worldview for the entire medieval world. Even Ralph Waldo Emerson wrote that he expected a reading of Iamblichus to cause a "revival in the churches." But modern scholars have dismissed him, seeing theurgy as ritual magic or "manipulation of the gods." Shaw, however, shows that theurgy was a subtle and intellectually sophisticated attempt to apply Platonic and Pythagorean teachings to the full expression of human existence in the material world.

Aiden From the second I saw her, I knew she'd be my ruin. Sitting all alone at the bar, she looked like an angel. Eurydice in human form; her beauty eclipsed by demons. Now, I'm one of them. The ghost she's tried for years to escape. Thinking I wouldn't be able to find her. But I never stopped trying, and now that I have, her past sins should be the least of her worries. Riley From the moment he saw me, I knew I'd ruin his life. Alone at the bar, I dared the monster to come and play. Orpheus in the flesh, with his sad songs and strange obsessions. I became one of them. The siren who calls to the darkest parts of him. Only, I disappeared before he could act on it. But now he's here, and he wants me to repent for my sins. *** *Vipers and Virtuosos is a full-length, standalone dark rockstar romance inspired by the myth of Orpheus and Eurydice. It is NOT fantasy, historical, or a retelling. If you are not a dark romance reader, this book may not be suitable for you. Reader discretion is advised.

From the heart comes my innermost thoughts. Friends and family have encouraged me to share them. By reading my poems, I hope one can find peace and comfort with these words. Some will console the grieving heart; others will bring happy remembrances of birthdays and Mother's Day. Some poems are dedicated to the military and those who sacrificed their lives for our freedom. And for the animal lovers, as myself, a devotion to our furry friends. Follow me through my comical marriage up to the ultimate phase of widowhood. My intention is to touch on every aspect of life. I hope the reader will find comfort in some of my poems because they were written with love to all.

A fascinating "what if" history of one of World War II's most iconic battles. It is early September 1942 and the German commander of the Sixth Army, General Paulus, assisted by the Fourth Panzer Army, is poised to advance on the Russian city of Stalingrad. His primary mission was to take the city, crushing this crucial center of communication and manufacturing, and to secure the valuable oil fields in the Caucasus. What happens next is well known to any student of modern history: a brutal war of attrition, characterized by fierce hand-to-hand combat, that lasted for nearly two years, and the eventual victory by a resolute Soviet Red Army. A ravaged German Army was pushed into full retreat. This was the first defeat of Hitler's territorial ambitions in Europe and a critical turning point of World War II. But the outcome could have been very different, as Peter Tsouras demonstrates in this fascinating alternate history of this fateful battle. By introducing minor--and realistic-- adjustments, Tsouras presents a scenario in which the course of the battle runs quite differently, which in turn throws up disturbing possibilities regarding the outcome of the whole war.
