Each genre chapter consists of four parts: Part 1: Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills. Part 2: Offers hands-on instructional strategies and activities using literature, with activities for use in a variety of disciplines. Part 3: Presents individual author studies (three or four per chapter) with bibliographies and guidelines for using the authors' books in content area courses. Part 4: Features an annotated bibliography of specially selected children and young adult literature for that genre, organized by content area. Nailed into a crate in the back of a truck, fifteen-year-old Maria, her older sister, Julia, their little brother, Oscar, and a boy named Tomas endure a terrifying and torturous journey across the U.S. border and then north to Chicago. There they struggle to find work-cleaning, sewing, washing dishes-always fearful of arrest and deportation back to the cruelties of El Salvador. By turns heartbreaking and hopeful, this moving story of the secret lives of immigrants is not to be missed. A gripping, lyrical portrayal of a continuing American dilemma." 1910. Pownal, Vermont. At 12, Grace and her best friend Arthur must leave school and go to work as a "doffers" on their mothers' looms in the mill. Grace's mother is the best worker, fast and powerful, and Grace desperately wants to help her. But she's left handed and doffing is a right-handed job. Grace's every mistake costs her mother, and the family. She only feels capable on Sundays, when she and Arthur receive special lessons from their teacher. Together they write a secret letter to the Child Labor Board about underage children working in Pownal. A few weeks later a man with a camera shows up. It is the famous reformer Lewis Hine, undercover, collecting evidence for the Child Labor Board. Grace's brief acquaintance with Hine and the photos he takes of her are a gift that changes her sense of herself, her future, and her family's future.

If nobody wants him, that's fine. He'll just take care of himself. When his father dies, Dave knows nothing will ever be the same. And then it happens. Dave lands in an orphanage—the cold and strict Hebrew Home for Boys in Harlem—far from the life he knew on the Lower East Side. But he's not so worried. He knows he'll be okay. He always is. If it doesn't work out, he'll just leave, find a better place to stay. But it's not that simple. Outside the gates of the orphanage, the nighttime streets of Harlem buzz with jazz musicians and swindlers; exclusive parties and mystifying strangers. Inside, another world unfolds, thick with rare friendships and bitter enemies. Perhaps somewhere, among it all, Dave can find a place that feels like home.

For Fatima, Maria and the other unseen children of Hussain Khan's carpet factory, Iqbal Masih's arrival is both the end of hope and its beginning. It is Iqbal who tells them that their family's debt will never be cancelled, no matter how many inches of progress they make in their rugs, no matter how neat their knots or how perfect the pattern they weave. But it is also Iqbal who is brave enough to talk about the future, to plan their escape - and to encourage the children to stand together against their master's injustice. Who promises Fatima that next spring they are going to fly akite 'whatever happens.' Based on a true story, this is a poignant and lyrical novel about child labour and human rights issues. Mano Majra is a place, Khushwant Singh tells us at the beginning of this classic novel, where Sikhs and Muslims have lived together in peace for hundreds of years. Then one day, at the end of the summer, the 'ghost train' arrives, a silent, incredible funeral train loaded with the bodies of thousands of refugees, bringing the village its first taste of the horrors of the civil war. Train to Pakistan is the story of this isolated village that is plunged into the abyss of religious hate. It is also the story of a Sikh boy and a Muslim girl whose love endures and transcends the ravages of war.

NATIONAL BESTSELLER • Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, White Teeth revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence. Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis. But the truth is that Zadie Smith's voice is remarkably, fluently, and altogether wonderfully her own. At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their families become agents of England's irrevocable transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith.

"All the men I did get to know, every single man of them, has filled me with but one desire: to lift my hand and bring it smashing down on his face. But because I am a woman I have never had the courage to lift my hand. And because I am a prostitute, I hid my fear under layers of make-up." --Excerpt

Lois Lowry once again creates a mysterious but plausible future world. It is a society ruled by savagery and deceit that shuns and discards the weak. Left orphaned and physically flawed, young Kira faces a frightening, uncertain future. Blessed with an almost magical talent that keeps her alive, she struggles with ever broadening responsibilities in her quest for truth, discovering things that will change her life forever. As she did in *THE GIVER*, Lowry challenges readers to imagine what our world could become, how people could evolve, and what could be considered valuable. Every reader will be taken by Kira's plight and will long ponder her haunting world and the hope for the future.

"Saeed's timely and stirring middle-grade debut is a celebration of resistance and justice."--Kirkus Reviews, starred review The compelling story of a girl's fight to regain her life and dreams after being forced into indentured servitude. Life is quiet and ordinary in Amal's Pakistani village, but she had no complaints, and besides, she's busy pursuing her dream of becoming a teacher one day. Her dreams are temporarily dashed when--as the eldest daughter--she must stay home from school to take care of her siblings. Amal is upset, but she doesn't lose hope and finds ways to continue learning. Then the unimaginable happens--after an accidental run-in with the son of her village's corrupt landlord, Amal must work as his family's servant to pay off her own family's debt. Life at the opulent Khan estate is full of heartbreak and struggle for Amal--especially when she inadvertently makes an enemy of a girl named Nabila. Most troubling, though, is Amal's growing awareness of the Khans' nefarious dealings. When it becomes clear just how far they will go to protect their interests, Amal realizes she will have to find a way to work with others if they are ever to exact change in a cruel status quo, and if Amal is ever to achieve her dreams.

IqbalMalala, a Brave Girl from Pakistan/Iqbal, a Brave Boy from PakistanSimon and Schuster"A lushly illustrated picture-book biography of two young Pakistani heroes, Malala Yousafzai and Iqbal Masih, from acclaimed nonfiction author/illustrator Jeanette Winter"--Counting on GraceYearling1910. Pownal, Vermont. At 12, Grace and her best friend Arthur must leave school and go to work as a "doffers" on their mothers' looms in the mill. Grace's mother is the best worker, fast and powerful, and Grace desperately wants to help her. But she's left handed and doffing is a right-handed job. Grace's every mistake costs her mother, and the family. She only feels capable on Sundays, when she and Arthur receive special lessons from their teacher. Together they write a secret letter to the Child Labor Board about underage children working in Pownal. A few weeks later a man with a camera shows up. It is the famous reformer Lewis Hine, undercover, collecting evidence for the Child Labor Board. Grace's brief acquaintance with Hine and the photos he takes of her are a gift that changes her sense of herself, her future, and her family's future.Iqbal and His Ingenious IdeaKids Can Press LtdA boy, a science project and an answer to a critical problem. During monsoon season in Bangladesh, Iqbal's mother must cook the family's meals indoors, over an open fire, even though the smoke makes her and the family sick. So when Iqbal hears that his school's science fair has the theme of sustainability, he comes up with the perfect idea for his entry: he'll design a stove that doesn't produce smoke! Has Iqbal found a way to win first prize in the science fair while providing cleaner air and better health for his family at the same time? Sometimes it takes a kid to imagine a better idea — make that an ingenious one!IqbalSimon and SchusterWhen young Iqbal is sold into slavery at a carpet factory, his arrival changes everything for the other overworked and abused children there. It is Iqbal who explains to them that despite their master's promises, he plans on keeping them as his slaves indefinitely. But it is also Iqbal who inspires the other children to look to a future free from toil...and is brave enough to show them how to get there. This moving fictionalized account of the real Iqbal Masih is told through the voice of Fatima, a young Pakistani girl whose life is changed by Iqbal's courage.White TeethVintageNATIONAL BESTSELLER • Set against London's racial and cultural tapestry, venturing across the former empire and into the past as it barrels toward the future, White Teeth revels in the ecstatic hodgepodge of modern life, flirting with disaster, confounding expectations, and embracing the comedy of daily existence. Zadie Smith's dazzling debut caught critics grasping for comparisons and deciding on everyone from Charles Dickens to Salman Rushdie to John Irving and Martin Amis. But the truth is that Zadie Smith's voice is remarkably, fluently, and altogether wonderfully her own. At the center of this invigorating novel are two unlikely friends, Archie Jones and Samad Iqbal. Hapless veterans of World War II, Archie and Samad and their families become agents of England's irrevocable transformation. A second marriage to Clara Bowden, a beautiful, albeit tooth-challenged, Jamaican half his age, quite literally gives Archie a second lease on life, and produces Irie, a knowing child whose personality doesn't quite match her name (Jamaican for "no problem"). Samad's late-in-life arranged marriage (he had to wait for his bride to be born), produces twin sons whose separate paths confound Iqbal's every effort to direct them, and a renewed, if selective, submission to his Islamic faith.Rollercoasters - Iqbal Reading GuideThis Reading Guide is aimed at the student and offers a 'way in' to different aspects of the novel of the same title. When his father dies, Dave knows nothing will ever be the same. And then it happens. Dave lands in an orphanage—the cold and strict Hebrew Home for Boys in Harlem—far from the life he knew on the Lower East Side. But he's not so worried. He knows he'll be okay. He always is. If it doesn't work out, he'll just leave, find a better place to stay. But it's not that simple. Outside the gates of the orphanage, the nighttime streets of Harlem buzz with jazz musicians and swindlers; exclusive parties and mystifying strangers. Inside, another world unfolds, thick with rare friendships and bitter enemies. Perhaps somewhere, among it all, Dave can find a place that feels like home.Integrating Literature in the Content AreasTaylor & FrancisThis practical, accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms, while also addressing content area standards and improving the literacy skills of their students. Two introductory chapters are followed by five chapters that each cover a different genre: Chapter 3, Informational Books; Chapter 4, Fiction; Chapter 5, Biography, Autobiography, and Memoir; Chapter 6, Poetry; and Chapter 7, How-to and Hands-on Books. Each genre chapter consists of four parts: Part 1: Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills. Part 2: Offers hands-on instructional strategies and activities using literature, with activities for use in a variety of disciplines. Part 3: Presents individual author studies (three or four per chapter) with bibliographies and guidelines for using the authors' books in content area courses. Part 4: Features an annotated bibliography of specially selected children and young adult literature for that genre, organized by content area. The annotations provide information about the book, which can be used to prepare booktalks, and teaching ideas for using in a specific content area. Altogether these sections contain more than 600 annotated entries tabbed by subject area, including art, English/language arts, languages and culture, math and technology, music, PE/health, science, and social studies/history.College Biology Quick Study Guide & WorkbookBushra ArshadCollege Biology Quick Study Guide & Workbook: Trivia Questions Bank, Worksheets to Review Homeschool Notes with Answer Key PDF (College Biology Self Teaching Guide about Self-Learning) includes revision notes for problem solving with 2000 trivia questions.
