Welcome to the Key Stage 3 science section of eRiding. Here you will find useful information and resources to support teaching and learning in this subject. The resources, in the majority of cases, have been written by professional educators working within the East Riding of Yorkshire LA, or by national education bodies such as the Department for Education.

Dr F Ryland (Head of Combined Science) Curriculum tHIRD Form. In the Third Form pupils are taught in form groups with the curriculum providing four periods per week in the form of two double periods

(2 x 80 minutes). The programme covers the units: Working Scientifically (the scientific method) Cells; Structure and function of body systems; Reproduction

Our new KS3 Science Syllabus organises the big ideas and topics of the programme of study into clear objectives. It outlines what your students need to know, what they must be able to apply and how to extend that knowledge where appropriate. The syllabus is easy to use. Just like a specification, it lays out clearly the key requirements.
