DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and

promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the

book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times. Painting fun with Peppa Pig! Grab your paintbrush, it's time to get creative with Peppa Pig! This new Beginner Book about manic skiing squirrels—by J. Hamilton Ray with illustrations by Pascal Lemaitre—has the feeling of an old classic read-aloud. "Nobody knew how the mania grew. First there was one, and then there were two. Three more came gliding from under the trees. LOOK! On the hill. Those are squirrels on skis! Below lay the town, snow-covered and still. Not a sound could be heard. All was silent, until . . . Swwwishhhh swooped the skiers, all dressed for play. Eighty-five squirrels and more on the way!" As you can imagine, the townsfolk are NOT amused. Can intrepid reporter Sally Sue Breeze find out where the squirrels are getting their sk-

is-and make them stop skiing long enough to eat lunch-before pest-control guy Stanley Powers sucks them up in his vacuum device? (Don't worry—Sally triumphs in a most unexpected way.) With delightfully understated, funny illustrations by Pascal Lemaitre, this is the perfect book for beginning readers to curl up and chill out with on a snow day—or any day! Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

The book *tu Vidy* emerged in search of answers to questions asked by adolescent girls and women in India during the author's interactions with

them as part of Menstrual Health workshops, conducted over a span of a decade across rural India. In an attempt to decode menstrual practices, the author undertook a journey across India and studied various indigenous knowledge systems such as *a-Dar*, *yurved*, *Tantra*, *Cakra*, *Y?g*, *?gama ??stra*, *Jyotis?a ?a?stra*, and several sub-texts from these categories. As a result, the book goes beyond just describing cultural practices and takes a deep dive into explaining the scientific and logical reasoning behind the origin of these practices. This book is for all Indian women who have unanswered questions pertaining to menstrual practices, for menstrual researchers who will find a treasure trove of potential areas for research pertaining to menstrual health, for sportswomen to discover the ancient techniques that worked in sync with women's periods and not against it, and also for the feminist who assumes that cultural practices around menstruation are a taboo that needs to be done away with. The correct understanding of the science behind menstrual practices, as given in this book, will help women pre-

vent menstrual difficulties, develop a positive attitude toward menstruation, and learn to work in sync with nature's cycles. ?tu (pronounced as ruthu) is one of the terms for menstruation in Sanskrit. Vidy? means knowledge. ?tu Vidy? is the author's attempt to bring together various indigenous knowledge systems that provide information about the science of menstruation, which is relevant even to this day.

Social Work in Europe Routledge It is an acknowledged if not accepted fact that all European societies are being fundamentally transformed, and indeed perceptively unsettled, by increased migrations across nations and by the asserted presence of established minorities within their borders. The scale and speed at which these transformations have taken place have brought in their wake considerable social impacts and no small measure of fear and anxiety. Encounters with such diversity are part and parcel of the social work task, and learning how to negotiate them should be a de facto aspect of the training and continuous professional development of social workers and other social professions. However, the moral and political dimensions of the role, scope and nature of the social work task in responding appropriately to these changed and changing re-

alities are rather more contested. This volume addresses many dimensions of the response to issues of race and ethnicity in social work practice in Europe. It extends the debates on inter-cultural and race equality practice in social work through a stimulating and innovative collection of contributions. This book was originally published as a special issue of the *European Journal of Social Work*. *Tiny Crimes* catapults forty very short stories that reimagine the genre of crime writing from some of today's most imaginative and thrilling writers "An intriguing take on crime/noir writing, this collection of 40 very short stories by leading and emerging literary voices—Amelia Gray, Brian Evenson, Elizabeth Hand, Carmen Maria Machado, Benjamin Percy, Laura van den Berg and more—investigates crimes both real and imagined. This excellent volume conceives of Baldwin as a figure crucial to discussions of whiteness, sexuality, and globalization. The times are ripe for the valuable reconsideration of Baldwin that James Baldwin Now provides. --- Jennifer De Vere Brody, George Washington University One of the most prolific and influential African American writers, James Baldwin was for many a harbinger of hope, a man who traversed the genres of art-writing novels, essays, and poetry. James Baldwin Now takes advantage of the latest interdisciplinary work to understand the complexity of Baldwin's vision and contributions without needing to name him as exclusively gay, expatriate, black, or activist. It was, in fact, Baldwin who said, it is quite impossible to write a worthwhile novel about a Jew or a Gentile or a Homosexual, for people refuse... to function in so neat and one-dimensional a fashion. McBride has gathered a unique group of new scholars to interrogate Baldwin's life, his

presence, and his political thought and work. James Baldwin Now finally addresses the man who spoke, and continues to speak, so eloquently to crucial issues of the twentieth century. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the

world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WE Care Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a makeshift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless

work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved. *Math 87 Cuaderno del estudiante* [Spanish student workbook] to be used with the English student textbook; may be used individually or as a source for blackline masters. *Target Contemporary Books The Flash Points sourcebook* provides descriptions of exotic global hot spots of warfare and intrigue that enable *Shadowrun gamemasters* to take their campaigns beyond the usual metroplex streets. The book is divided into five key sections. Section 1 looks at assessment covering tools available in the public domain, instruments, scoring systems, norms and applications for diagnosis and measurement of symptoms, cognitive functioning, impairment and recovery. Section 2 covers the full range of therapeutic interventions and offers advice on training and supervision requirements and evaluation of process, impact and outcome. Section 3 provides manuals and programs for intervention effectively provided as group activities. Section 4 explains how to design a full programme that integrates therapeutic

interventions with group programmes as well as services provided by other agencies. The final section looks at peer support and self help, providing manuals and resources that support programmes and interventions not requiring professional or practitioner direction. **Paint with Peppa! tion. This excellent volume conceives of Baldwin as a figure crucial to discussions of whiteness, sexuality, and globalization. The times are ripe for the valuable reconsideration of Baldwin that James Baldwin Now provides.--Jennifer DeVere Brody, George Washington University One of the most prolific and influential African American writers, James Baldwin was for many a harbinger of hope, a man who traversed the genres of art-writing novels, essays, and poetry. James Baldwin Now takes advantage of the latest interdisciplinary work to understand the complexity of Baldwin's vision and contributions without needing to name him as exclusively gay, expatriate, black, or activist. It was, in fact, Baldwin who said, it is quite impossible to write a worthwhile novel about a Jew or a Gentile or a Homosexual, for people refuse... to function in so neat and one-dimensional a fashion. McBride has gathered a unique group of new scholars to interrogate Baldwin's life, his presence, and his political thought and work. James Baldwin Now finally addresses the man who spoke, and continues to speak, so eloquently to crucial issues of the twen-

S. drug enforcement, the Florida Keys. Set in 1984, Mid Ocean shows the lives of the sometimes violent drug smugglers and the men and women sworn to uphold the law in this Caribbean 'wild west'. In the end, Joel Kenyon will question everyone, including himself in a quest for what's right and true. It is here that he will find out the sea holds many secrets.

It is an acknowledged if not accepted fact that all European societies are being fundamentally transformed, and indeed per-

ceptively unsettled, by increased migrations across nations and by the asserted presence of established minorities within their borders. The scale and speed at which these transformations have taken place have brought in their wake considerable social impacts and no small measure of fear and anxiety. Encounters with such diversity are part and parcel of the social work task, and learning how to negotiate them should be a de facto aspect of the training and continuous professional development of social workers and other social professions. However, the moral and political dimensions of the role, scope and nature of the social work task in responding appropriately to these changed and changing realities are rather more contested. This volume addresses many dimensions of the response to issues of race and ethnicity in social work practice in Europe. It extends the debates on inter-cultural and race equality practice in social work through a stimulating and innovative collection of contributions. This book was originally published as a special issue of the European Journal of Social Work.

'Janey is like a whirlwind

of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a makeshift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with

new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.
