The Way of The Linguist, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book The Way of The Linguist, A language learning odyssey, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com.

Language is Music focuses on making learning foreign languages fun, easy and affordable for anyone with a desire to communicate effectively with people around the world. By applying over 100 simple tips to things you already do, such as listening to music or surfing the Web, you can experience the joy of "fluency" in any language without having to study abroad or spend money on private tutors. In Language is Music, Susanna Zaraysky masterfully shares her listening methods so that anyone can have fun learning any language. With over 100 tips and 100 free or low-cost Internet resources, you will learn how to use daily activities, such as watching T.V. or listening to music; conversation partners; and attendance at cultural events to become a masterful speaker of any tongue. "Learning foreign languages is like learning to sing a song or play music," says self-made linguist Susanna Zaraysky and author of Language is Music. Zaraysky has what you might call "an ear" for languages, having used music to successfully learn English, Russian, French, Spanish, Italian, Portuguese, and Serbo-Croatian-all with excellent accents. Advance Praise for Language is Music "I love it! I think it will help people who want to learn, and those who are curious about additional language learning. Many people want to learn a language but are frightened, or disappointed by the courses they have taken. Reading Language is Music will encourage them to try again, on their own and with friendly supporters." -Dr. Elba Maldonado-Colon, Professor Department of Elementary Education Bilingual Program, San Jose State University LET IT JUST ROLL OFF YOUR TONGUE. With lyrical insight and solid experience, Susanna Zaraysky, author of Language is Music, provides easy steps for learning a language. Gone are the boring, disconnected strategies that most of us remember from school. You've never learned a language this quickly and easily. Zaraysky's methods embody fun, connection, rhythm, and above all...music. -Suzanne Lettrick, M.Ed Educator and Founder of The Global Education and Action Network "Forget dictionaries and phrase books . . . Susanna Zaraysky's easy-to-use guide to language learning is indispensable for any serious language learner wanting to become fluent--not just conversationally proficient--in another language. Language is Music will teach you how to make language acquisition a part of your daily life, and to recreate the kind of total-immersion environment necessary for fluency. Highly recommended reading for aspiring polyglots. Pick up this book and you too will be all ears!" -Justin Liang, Japanese, Mandarin, Cantonese, Marshallese, intermediate Spanish Back in France, I spent many years learning "academic" English in school. But I progressed much faster when I forced myself to listen to the BBC or not look at the subtitles when watching an American movie. I wish I had Susanna's book with me then. It's full of creative ideas and practical tips that are indispensable complements to the traditional methods of learning foreign languages -- and it's coming from someone you can trust, she speaks so many of them! -Philippe Levy, French native speaker This book is great. It showed me another aspect and a new approach of learning a language. I will put the book to good use. As a foreign English speaker, I spent many years at school learning English and did not make much progress. A lot of the tips that I read in this book, I learned them with time. However if I had read this book earlier, it would have made my life much easier and I would have saved so much time. I am going to apply the tips in Language is Music into learning a third language: Spanish. This time, I am sure I will make huge progress much

faster. Not only is Language is Music useful in acquiring a foreign language, but the resources and websites in the book are valuable for someone who wants to travel abroad. -Fabien Hsu, French native speaker

Fluent in 3 MonthsHow Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the WorldHarper Collins

Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, #LanguageHacking shows you how to learn and speak French through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.Learn French the Fast and Fun WayLearn French: Must-Know French Slang Words & PhrasesInnovative Language LearningDo you want to learn French the fast, fun and easy way? "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.How to Learn French in a YearA Proven Formula to Learn French Fast, Sound Like a Native and Have Fun in the ProcessCreateSpaceEach of us has the potential to learn French, read French books, and speak French fluently.How do some people become fluent faster than others? Get your copy today! Learn French A Fast and Easy Guide for Beginners to Learn Conversational French Createspace Independent Publishing Platform Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going in too far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like

you're set up for success. This book isn't a reference, nor is it a crash course on the French language; it's both. You'll read through this book and understand, then you'll apply what you've learned (and inevitably look back at this book down the line to rehash your memory), and you'll grow even more as a French speaker. Don't waste your time and money on a subpar French book. Go with the best from the get-go. How to Learn a Foreign Language Simon and Schuster Explains how to learn foreign languages, offering practical advice for overcoming the obstacles. Conversational French Quick and Easy The Most Advanced Revolutionary Technique to Master Conversational French CreateSpace Have you always wanted to learn how to speak French but simply didn't have the time? Well look no further. You hold in your hands the most advanced and revolutionary method that was ever designed for QUICKLY becoming conversational in a language. In creating this time saving program, master linguist Yahir Nitzany spent nearly three years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations. These 350 words were chosen in such a way that they are structurally interrelated, and when combined, they form sentences. Through various other discoveries about how real conversations work, that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way so that you may become fluent NOW. If your desire is to learn complicated grammatical rules, or to speak Shakespearean French, this book is NOT for you. However, if you need to actually hold a conversation whilst on a trip to a French speaking country, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules, etc. can all come later. The first in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With "Conversational French Quick and Easy" all you need are 48 pages. Learn French today, not tomorrow, and get started NOW! Note and DISCLAIMER from the Author: I wish to stress this program is by NO means, shape, NOR form a phrase book!! The sole purpose of this book is to give you a fundamental platform to enable you to connect certain words to become conversational. Please also read the "Introduction" and the "About Me" section prior to commencing the program. In order to succeed with my method, please start on the very first page of the program (page #16) and fully master one page at a time prior to proceeding to the next, otherwise you will overwhelm yourself and fail. Please do NOT skip pages, nor start from the middle of the book. It is a myth that certain people are born with the gifted talent to learn a language and this book disproves that myth. With this method anyone can learn a foreign language as long as you follow these EXPLICIT directions: Memorize the vocabulary on each page, follow it by using a notecard to cover the words you have just memorized and test yourself. Then read the sentences below which are created from the vocabulary bank which you just mastered. Once fully memorized, then give yourself the green light to proceed to the next page. Again, if you proceed to the following page without mastering the previous, you are guaranteed to gain nothing from this book. If you follow the prescribed steps you will realize just how effective and simplistic this method is. Learn French for Beginners An Easy and Fast Way To Learn The Basics of French Language, Build Your Vocabulary and Improve Your Reading and Conversation Skills Hello France Master School As society becomes more global, you should equip yourself with knowledge of foreign languages. What better language to start with than French? If you don't have previous knowledge of the French language, this book is perfect for you. If you know some French and you're looking to improve your grammatical competence, you'll also find this book useful. You may be asking, what sets this book apart from other French learning books? First, this book isn't a phrase book, a dictionary, nor a scholarly resource regarding French grammar. Rather, Learn French for Beginners is a combination of useful words and phrases translated from English to French and practical grammar rules that are essential in understanding the basics of French. Basically, it offers an effective way for you to be able to actually communicate in the French language. And unlike other books, most of the French words introduced here are accompanied by a pronunciation guide so you learn not just the words but also how to properly say them. Here's what you will find inside this book: The first chapter will be the foundation of your learning. It introduces the French alphabet, which is quite similar to the alphabet that you already know but sounds a bit different. You'll also learn how to deal with numbers, including telling date and time. At the end of this chapter, you'll be able to identify cognates, allowing you to expand your French vocabulary with ease. Chapter 2 is about nouns and their identifier, the articles. It explains how to differentiate masculine from feminine nouns and how to form the plural. Because it's best to learn not just the noun itself but also its gender, all nouns listed in this book include the definite article to alert you whether it's feminine or masculine. Chapter 3 deals with verbs and the rules of conjugation. It explains the different verb tenses and how their usage is similar to or different from the English language. It also briefly describes the moods of verbs, why it's important to understand them, and how to construct their different forms. Adjectives and adverbs are the main topics of Chapter 4. This chapter describes how to build the different forms of adjectives, lists the different types of adverbs, and how to properly position them in phrases and sentences. Chapter 5 is about the different types of sentences and how to build them. It explains the important elements needed to construct simple and complex sentences that will allow you to effectively express yourself in French. Chapters 6 to 8 contain words and phrases that you can use in everyday conversations at home, at work, and especially during your travels to French-speaking places. Most importantly, there are relevant exercises at the end of each chapter that will help you assess your existing knowledge and track your progress. Mastering another language can be challenging but the reward is definitely worth it. Let Learn French for Beginners be your guide in your French language learning journey. Hearts at Dawn History and magic intertwine in a fairytale retelling that will capture the hearts of Beauty and the Beast fans. Hope helps you endure. Love will break the spell. Paris, 1870. As the Franco-Prussian War enters its desperate final months, the capitol transforms from a splendid metropolis into a city under siege. Lavish meals change to rations, pigeons deliver letters, and two destinies will collide, challenged by a seemingly unbreakable curse. Every night, New York aristocrat Orin Rush transforms into a monster. After learning that a human heart is the only way to break the curse, he keeps himself carefully distant from anyone he might hurt. Can he lift the enchantment without taking a life? His search for answers leads him to Paris. Every day, free-spirited Claire Turin photographs the people and animals of Paris. Fascinated by the city she loves, her greatest dream is a secret she keeps in her apartment. Her greatest fear is the emptiness of night, when she thinks of the family she's lost. She's never loved anyone else. Maybe she never will. Will Paris and its people survive the hardship of the Siege? Will Orin break the curse? And will two hearts who've never known love awaken in the City of Light? Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more. Easy French Step-by-Step McGraw Hill Professional - Get up and running with French Easy French Step-by-Step proves that a solid grounding in grammar basics is the key to mastering a second language. You are quickly introduced to grammatical rules and concepts in order of importance, which you can build on as you progress through the book. You will also learn more than 300 verbs, chosen by their frequency of use. Numerous exercises and engaging readings help you quickly build your speaking and comprehension prowess. 501 French Verbs - Simon and Schuster Learning French is easy with Barron's 501 French Verbs. The authors provide clear, easy-to-use review of the most important and commonly used verbs from the French language. Each verb is listed alphabetically in easy-to-follow chart form—one verb per page with its English translation. Language Is Music Over 100 Fun & Easy Tips to Learn Foreign Languages Create Your World Books Language is Music focuses on making learning foreign languages fun, easy and affordable for anyone with a desire to communicate effectively with people around the world. By applying over 100 simple tips to things you already do, such as listening to music or surfing the Web, you can experience the joy of "fluency" in any language without having to study abroad or spend money on private tutors. In Language is Music, Susanna Zaraysky masterfully shares her listening methods so that anyone can have fun learning any language. With over 100 tips and 100 free or low-cost Internet resources, you will learn how to use daily activities, such as watching T.V. or listening to music; conversation partners; and attendance at cultural events to become a masterful speaker of any tongue. "Learning foreign languages is like learning to sing a song or play music," says self-made linguist Susanna Zaraysky and author of Language is Music. Zaraysky has what you might call "an ear" for languages, having used music to successfully learn English, Russian, French, Spanish, Italian, Portuguese, and Serbo-Croatian—all with excellent accents. Advance Praise for Language is Music "I love it! I think it will help people who want to learn, and those who are curious about additional language learning. Many people want to learn a language but are frightened, or disappointed by the courses they have taken. Reading Language is Music will encourage them to try again, on their own and with friendly supporters." -Dr. Elba Maldonado-Colon, Professor Department of Elementary Education Bilingual Program, San Jose State University LET IT JUST ROLL OFF YOUR TONGUE. With lyrical insight and solid experience, Susanna Zaraysky, author of Language is Music, provides easy steps for learning a language. Gone are the boring, disconnected strategies that most of us remember from school. You've never learned a language this quickly and easily. Zaraysky's methods embody fun, connection, rhythm, and above all...music. -

Suzanne Lettrick, M.Ed Educator and Founder of The Global Education and Action Network "Forget dictionaries and phrase books . . . Susanna Zaraysky's easy-to-use guide to language learning is indispensable for any serious language learner wanting to become fluent--not just conversationally proficient--in another language. Language is Music will teach you how to make language acquisition a part of your daily life, and to recreate the kind of total-immersion environment necessary for fluency. Highly recommended reading for aspiring polyglots. Pick up this book and you too will be all ears!" -Justin Liang, Japanese, Mandarin, Cantonese, Marshallese, intermediate Spanish Back in France, I spent many years learning "academic" English in school. But I progressed much faster when I forced myself to listen to the BBC or not look at the subtitles when watching an American movie. I wish I had Susanna's book with me then. It's full of creative ideas and practical tips that are indispensable complements to the traditional methods of learning foreign languages -- and it's coming from someone you can trust, she speaks so many of them! -Philippe Levy, French native speaker This book is great. It showed me another aspect and a new approach of learning a language. I will put the book to good use. As a foreign English speaker, I spent many years at school learning English and did not make much progress. A lot of the tips that I read in this book, I learned them with time. However if I had read this book earlier, it would have made my life much easier and I would have saved so much time. I am going to apply the tips in Language is Music into learning a third language: Spanish. This time, I am sure I will make huge progress much faster. Not only is Language is Music useful in acquiring a foreign language, but the resources and websites in the book are valuable for someone who wants to travel abroad. -Fabien Hsu, French native speaker Learn French A Comprehensive Guide to Learning French for Beginners, Including Grammar and 2500 French Words in Context Do you want to let go of your difficulties to learn French? Language, Speak French, Speak Spanish) BOOK 1 Learn Languages: A Simple and Easy Guide for Beginners to Learn any Foreign Language This is the place to do it, no questions asked. This book uses a combination of orthodox immersion methods in order to make you go in one end a complete newbie to a language and come out the other a fluent speaker. It won't be any shortage of work on your part, but this book is going to set you up with all the tools that it possibly can so that you can be a fantastic speaker of a second language in as short of a time as a few months. Through encouragement, motivation, rational observation, and careful breaking down of key concepts into malleable bite-sized chunks, this book makes learning language easier than it's ever been before. BOOK 2 Learn Spanish: A Fast and Easy Guide for Beginners to Learn Conversational Spanish Let's face it: the language market is changing. English has been the lingua franca for a while now, but it's not going to always be that way. It's projected that Chinese or Spanish might take over the English language as the lingua franca in the next century. So it makes sense that you're searching this book: Spanish is an in-demand language to know. By knowing Spanish, you're opening the door to communication with hundreds of millions of more people than you could speak with before. This makes you a desirable asset to a great number of companies and makes you an all-around more well-rounded person. BOOK 3 A Fast and Easy Guide for Beginners to Learn Conversational French Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like you're set up for success. Don't waste your time and money on a subpar French book. Go with the best from the get-go. This is exactly what you will be doing with 3 Minute French. With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn. I wrote the 3 Minute French methodology after trying lots of differ-

ent courses, books and CDs. I noticed that most French courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of French courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up. With 3 Minute French, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently. Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying. The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them! People who have spent years unsuccessfully studying French have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson. Here are some of their reviews: "Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages." NIALL COLLINS "This is fantastic. Everything you learn just stays in your head." YUVRAJ VASWANI "The course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language." LOU CHARON "The teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast." SAM DOYLE "I love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever!" HAPPY DEE "Excellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!" MOLLIE DISHAL "This method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!" Learn French With Stories "Learn French" is the ideal book for students of French who want to take their comprehension of the language to the next level. Rather than being a traditional French grammar book, "Learn French" offers readers a series of short, easy stories in both French and English. Readers can bypass the step of memorizing complicated French syntax rules by simply learning them as they read. The English version is always at their fingertips so that they can check their understanding, and each chapter includes a detailed vocabulary section at the end, which is excellent for learning new words. Learning vocabulary in context also helps with understanding and remembering words. It's an all-around better technique than using traditional flash cards, and it's also more fun! "Learn French" has a handful of features that set it apart from other, similar books. Each story is followed by a short set of grammar, vocabulary, and comprehension questions. Readers who want to test themselves before reading the English version of the story can skip to this section. The book is highly navigable, and answers to the question sets are found in a separate chapter at the end, so it's impossible to cheat accidentally. Finally, the stories follow a graduated level of difficulty. All of the stories are written for beginning French students and are geared towards learning basic vocabulary and grammar skills. The final story in the book, however, adds an extra challenge by using the past, rather than the present, tense. Readers who are looking to improve their French in a fun and easy way will love this innovative, easy-to-use book. As society becomes more global, you should equip yourself with knowledge of foreign languages. What better language to start with than French? If you don't have previous knowledge of the French

language, this book is perfect for you. If you know some French and you're looking to improve your grammatical competence, you'll also find this book useful. You may be asking, what sets this book apart from other French learning books? First, this book isn't a phrase book, a dictionary, nor a scholarly resource regarding French grammar. Rather, Learn French for Beginners is a combination of useful words and phrases translated from English to French and practical grammar rules that are essential in understanding the basics of French. Basically, it offers an effective way for you to be able to actually communicate in the French language. And unlike other books, most of the French words introduced here are accompanied by a pronunciation guide so you learn not just the words but also how to properly say them. Here's what you will find inside this book: The first chapter will be the foundation of your learning. It introduces the French alphabet, which is quite similar to the alphabet that you already know but sounds a bit different. You'll also learn how to deal with numbers, including telling date and time. At the end of this chapter, you'll be able to identify cognates, allowing you to expand your French vocabulary with ease. Chapter 2 is about nouns and their identifier, the articles. It explains how to differentiate masculine from feminine nouns and how to form the plural. Because it's best to learn not just the noun itself but also its gender, all nouns listed in this book include the definite article to alert you whether it's feminine or masculine. Chapter 3 deals with verbs and the rules of conjugation. It explains the different verb tenses and how their usage is similar to or different from the English language. It also briefly describes the moods of verbs, why it's important to understand them, and how to construct their different forms. Adjectives and adverbs are the main topics of Chapter 4. This chapter describes how to build the different forms of adjectives, lists the different types of adverbs, and how to properly position them in phrases and sentences. Chapter 5 is about the different types of sentences and how to build them. It explains the important elements needed to construct simple and complex sentences that will allow you to effectively express yourself in French. Chapters 6 to 8 contain words and phrases that you can use in everyday conversations at home, at work, and especially during your travels to French-speaking places. Most importantly, there are relevant exercises at the end of each chapter that will help you assess your existing knowledge and track your progress. Mastering another language can be challenging but the reward is definitely worth it. Let Learn French for Beginners be your guide in your French language learning journey. So, what are you still waiting for? Start reading this book to fulfill your goals! Scroll to the top of the page and select the buy now button.

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

The Ultimate Combo to Learn French Today! Enjoy 2 FREE gifts with your purchase of this book: a mastermind group membership and a special report for planning the life of your dreams. Read this book for FREE on Kindle Unlimited - Order Now! Learn French Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like you're set up for success. This book isn't a reference, nor is it a crash course on the French language; it's both. You'll read through this book and understand, then you'll apply what you've learned (and inevitably look back at this book down the line to rehash your memory), and you'll grow even more as a French speaker. Don't waste your time and money on a subpar French book. Go with the best from the get-go. Learn French With Stories "Learn French" is the ideal book for students of French who want to take their comprehension of the language to the next level. Rather than being a traditional French grammar book, "Learn French" offers readers a series of short, easy stories in both French and English. Readers can bypass the step of memorizing complicated French syntax rules by simply learning them as they read. The English version is always at their fingertips so that they can check their

understanding, and each chapter includes a detailed vocabulary section at the end, which is excellent for learning new words. Learning vocabulary in context also helps with understanding and remembering words. It's an all-around better technique than using traditional flash cards, and it's also more fun! "Learn French" has a handful of features that set it apart from other, similar books. Each story is followed by a short set of grammar, vocabulary, and comprehension questions. Readers who want to test themselves before reading the English version of the story can skip to this section. The book is highly navigable, and answers to the question sets are found in a separate chapter at the end, so it's impossible to cheat accidentally. Finally, the stories follow a graduated level of difficulty. All of the stories are written for beginning French students and are geared towards learning basic vocabulary and grammar skills. The final story in the book, however, adds an extra challenge by using the past, rather than the present, tense. Readers who are looking to improve their French in a fun and easy way will love this innovative, easy-to-use book. In *The 5 Love Languages*, you will discover the secret that has transformed millions of relationships worldwide. Whether your relationship is flourishing or failing, Dr. Gary Chapman's proven approach to showing and receiving love will help you experience deeper and richer levels of intimacy with your partner starting today.

History and magic intertwine in a fairytale retelling that will capture the hearts of Beauty and the Beast fans. Hope helps you endure. Love will break the spell. Paris, 1870. As the Franco-Prussian War enters its desperate final months, the capitol transforms from a splendid metropolis into a city under siege. Lavish meals change to rations, pigeons deliver letters, and two destinies will collide, challenged by a seemingly unbreakable curse. Every night, New York aristocrat Orin Rush transforms into a monster. After learning that a human heart is the only way to break the curse, he keeps himself carefully distant from anyone he might hurt. Can he lift the enchantment without taking a life? His search for answers leads him to Paris. Every day, free-spirited Claire Turin photographs the people and animals of Paris. Fascinated by the city she loves, her greatest dream is a secret she keeps in her apartment. Her greatest fear is the emptiness of night, when she thinks of the family she's lost. She's never loved anyone else. Maybe she never will. Will Paris and its people survive the hardship of the Siege? Will Orin break the curse? And will two hearts who've never known love awaken in the City of Light?

Are you planning a trip and need help with your French? Are you looking for an easy and fast way to learn, improve or refresh it? If you've ever wanted to learn French without having to learn all the rules of grammar, label and conjugation of verbs, this book is for you. This beginner's guide will teach you everything you need to know about speaking French in a conversational way, and is structured in such a way that you will be able to learn it quickly and effectively. It is divided into chapters based on themes, such as "asking for directions", "family", "means of transport", and so on, and you will be able to learn all that is necessary for the practical use of the French language and to easily return to the section you will need if you have forgotten something or to practice extras on a certain subject. In this book you will find: A guide on how to get the most out of this book and how to become a bilingual faster! Subdivision into sections, so this book can continue to help you even on your travels A list of terms and phrases learned at the end of each chapter, along with their pronunciations Not only survival French but French for every possible scenario when traveling to a French-speaking country, such as ordering in a restaurant, booking a hotel, talking on the phone, and making any sort of reservation. Many people, when they learn a language, will only study how to read and write, but they will have problems speaking the language, and this is certainly a problem when traveling abroad. Studying the language with this book, however, will allow you to learn all three of these things at the same time! With this book by your side at all times, you can feel comfortable and confident knowing that you will be able to understand any situation and scenario that may develop. The best way to learn to speak a foreign language is to start using it straight away. This is exactly what you will be doing with 3 Minute French. With this book, you will learn useful words and phrases that will get you speaking from the very first lesson. You will learn quickly how to form your own sentences without feeling like you're never going to use what you learn. I wrote the 3 Minute French methodology after trying lots of different courses, books and CDs. I noticed that most French courses start out with a long list of pronunciation rules using weird symbols that you won't understand unless you've studied phonetics. I also noticed that a lot of French courses fill their first few lessons with pages and pages of rules for the language: how to pluralise nouns, how to recognise the gender of a noun, how to use the definite, indefinite or partitive articles! Whilst this information will become useful eventually, for the complete beginner it can be extremely confusing and very often overwhelming, especially when baffling grammatical terminology is used. This is what leads to most students giving up. With 3 Minute French, what I have done is put the most useful things first. You will learn words and phrases that will allow you to speak straight away, and you will get an instant feeling of success from the very first lesson. Furthermore, I have made sure that I explain everything in a way that assumes you know nothing about language learning. I don't use any tricky terminology

and I don't give you an endless list of rules; we learn as we go along, adding small bits of information here and there and practising until you can use it confidently. Each time you learn a new word, I show you exactly how to say it with a small pronunciation guide underneath it. And you don't need to worry about remembering the words, either; the way the course is set out means that you will automatically internalise new vocabulary without even trying. The methodology behind this book is the same methodology I use in my classes and online courses, and the results my students have had are exciting and thrill me just as much as them! People who have spent years unsuccessfully studying French have tried this book or one of my courses and have been amazed at how much they've learnt and understood in just the first lesson. Here are some of their reviews: "Excellent! He really understands teaching. This course breaks through a major barrier to learning foreign languages." NIAL COLLINS "This is fantastic. Everything you learn just stays in your head." YUVRAJ VASWANI "The course was just as the instructor promised; it flowed so easily from beginning to end, and I was surprised by how much I absorbed. Thank you for making me feel that I can actually learn this beautiful language." LOU CHARON "The teacher is clear and concise. He structures the delivery of the material in a very effective way, which aids recall greatly, and he presents the material in an engaging way. My rate of learning is accelerating fast." SAM DOYLE "I love how short but utterly effective each chapter is. This method is great for building confidence quickly, learning the basics and gaining momentum. I'd definitely like to continue to learn with this teacher. Absolutely no boredom or strain whatsoever!" HAPPY DEE "Excellent course. The step-by-step instruction in small increments is very effective, as is the repetition throughout the course, and the translation practice. Highly recommend!!" MOLLIE DISHAL "This method of teaching is amazing. This person has a teaching gift and the lessons are very well structured with clear content. Everything is explained very well and this method of teaching is pure genius. Thank you for helping me learn another language!" SCOTT WREN "If you would like to see more reviews from over 9000 students, check out my website www.3minute.club

Have you always wanted to learn how to speak French but simply didn't have the time? Well look no further. You hold in your hands the most advanced and revolutionary method that was ever designed for QUICKLY becoming conversational in a language. In creating this time saving program, master linguist Yatir Nitzany spent nearly three years examining the 27 most common languages in the world and distilling from them the 350 words that are most likely to be used in real conversations. These 350 words were chosen in such a way that they are structurally interrelated, and when combined, they form sentences. Through various other discoveries about how real conversations work, that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way so that you may become fluent NOW. If your desire is to learn complicated grammatical rules, or to speak Shakespearean French, this book is NOT for you. However, if you need to actually hold a conversation whilst on a trip to a French speaking country, to impress that certain someone, or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language, while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. More formalized training in grammar rules, etc. can all come later. The first in a series of instructional language guides, the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages in order to learn a language. With "Conversational French Quick and Easy" all you need are 48 pages. Learn French today, not tomorrow, and get started NOW! Note and DISCLAIMER from the Author: I wish to stress this program is by NO means, shape, NOR form a phrase book!! The sole purpose of this book

is to give you a fundamental platform to enable you to connect certain words to become conversational. Please also read the "Introduction" and the "About Me" section prior to commencing the program. In order to succeed with my method, please start on the very first page of the program (page #16) and fully master one page at a time prior to proceeding to the next, otherwise you will overwhelm yourself and fail. Please do NOT skip pages, nor start from the middle of the book. It is a myth that certain people are born with the gifted talent to learn a language and this book disproves that myth. With this method anyone can learn a foreign language as long as you follow these EXPLICIT directions: Memorize the vocabulary on each page, follow it by using a notecard to cover the words you have just memorized and test yourself. Then read the sentences below which are created from the vocabulary bank which you just mastered. Once fully memorized, then give yourself the green light to proceed to the next page. Again, if you proceed to the following page without mastering the previous, you are guaranteed to gain nothing from this book. If you follow the prescribed steps you will realize just how effective and simplistic this method is.

Best way to learn French with Books Learn French with Jules Verne's famous "Around the world in 80 days! It's true that some people spend years studying Spanish before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of Spanish, #LanguageHacking shows you how to learn and speak Italian through

proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in Spanish from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Are you looking for the best way to learn French? Well, look no further. This book is, simply put, the best on the market for learning French. Why do I say that? Because this book does what language books should do - teach you the mechanics of the language, not a bunch of tourist trap phrases that you'll forget the second you leave the country. If books don't do that, then they make the critical mistake of going into far too much detail and managing to bore you half to death by virtue of the fact that they've spent 30 pages going on about three different kinds of articles. I don't do that either. What this book does do, and does very well in fact, is set you up with the knowledge that you want and need of French in a very short time frame, so that you can blast through this book and already feel like you're set up for success. This book isn't a reference, nor is it a crash course on the French language; it's both. You'll read through this book and understand, then you'll apply what you've learned (and inevitably look back at this book down the line to rehash your memory), and you'll grow even more as a French speaker. Don't waste your time and money on a subpar French book. Go with the best from the get-go.
