Abstract. Sir Norman Angell, pioneer both of international relations as a distinct discipline and of the theory of globalization, winner of the Nobel Peace Prize, and one of the 20th century's leading internationalist campaigners on both sides of the Atlantic, lived the great illusion in three senses. First, his 'life job', as he came to call it, was founded upon and defined by *The Great Illusion*, a best-seller whose original version appeared in 1909: it perceptively showed how economic ...

Sir Norman Angell, 1872-1967, Oxford: Oxford University Press, 2009), the *Great Illusion's* out-of-the-box-thinking struck a chord in the tense mood of the time as it seemed to offer a way out of the intractable political situation in Europe, which almost inevitably was leading to war, and found extraordinary resonance in the British public and abroad, with numerous editions and translations until 1933. Presenting himself as "a sober realist with conservative and business support ...

This chapter explains the senses in which Angell lived the great illusion. It provides an overview of Angell's long and varied life, emphasizing not only his idealism and charm but also his capacity for muddle and misinformation. It notes how an ambiguity in *The Great Illusion* caused him to oscillate in a confused fashion between pro-defence and pacifist views before wiping the latter from his mind during the Second World War.
