The Pallava language is, for all intensive purposes the mother of written Khmer. However, so far as can be found out, it is impossible to pin down the exact lineage of the spoken language. In my research I came across two schools of thought in regards to this subject. The first stated that spoken Khmer came from Chenla, a Chinese dialect.

After Vietnamese, it is the second most

widely spoken Austroasiatic language. Modern Khmer is used nationwide and is understood by most of the country's inhabitants. Influence from Sanskrit and Pali is characterised by vocabulary used in administration, and the effect of years of French colonial rule is evident in the language too.

If you really love Cambodia, however, and are motivated to learn this monster of a language, there is no better series of books than "Modern Spoken Cambodian," "Cambodian System of Writing and Beginning Reader," "Intermediate Cambodian Reader," and "Literary Cambodian Reader and Glossary," by Franklin Huffman.

Khmer is a member of the Austroasiatic language family, the autochthonous family in an area that stretches from the Malay Peninsula through Southeast Asia to East India. Austroasiatic, which also includes Mon, Vietnamese and Munda, has been studied since 1856 and was first proposed as a language family in 1907. Despite the amount of research, there is still doubt about the internal ...
