What types of organizations are working in Global Health? Due to the scope and intensity of global health challenges, no single country or agency can work alone to tackle these issues. Multiple international agencies and institutions help shape global health polices and fund, implement, and evaluate programs.

International Organizations or Institutions are combination or collection of independent political entities or sovereign states. The main purpose of such organization is to maintain peace, security and stability in the world. Moreover these organi...

The following is a list of the major existing intergovernmental organizations (IGOs).. For a more complete listing, see the Yearbook of International Organizations, which includes 25,000 international non-governmental organizations (INGOs), excluding for-profit enterprises, about 5,000 IGOs, and lists dormant and dead organizations as well as those in operation (figures as of the 400th edition ...
