As the days pass, Dudley becomes more and more obsessed with the grave. He even starts to sleep next to the mausoleum. When Dudley finally finds the key, however, he is about to discover something he was not prepared for... H.P. Lovecraft (1890–1937) was an American horror writer. His best known works include ‘The Call of Cthulhu’ and ‘the Mountains of Madness’. Most of his work was originally published in pulp magazines, and Lovecraft rose into fame only after his death at the age of 46. Ben Mears has returned to Jerusalem’s Lot in hopes that exploring the history of the Marsten House, an old mansion long the subject of rumor and speculation, will help him cast out his personal devils and provide inspiration for his new book. But when two young boys venture into the woods, and only one returns alive, Mears begins to realize that something sinister is at work—in fact, his hometown is under siege from forces of darkness far beyond his imagination. And only he, with a small group of allies, can hope to contain the evil that is growing within the borders of this small New England town. With this, his second novel, Stephen King established himself as an indisputable master of American horror, able to transform the old conceits of the genre into something fresh and all the more frightening for taking place in a familiar, idyllic locale.

Stephen King's legendary debut, the bestselling smash hit that put him on the map as one of America's favorite writers "Gory and horrifying. . . . You can't put it down." —Chicago Tribune Unpopular at school and subjected to her mother's religious fanaticism at home, Carrie White does not have it easy. But while she may be picked on by her classmates, she has a gift she's kept secret since she was a little girl: she can move things with her mind. Doors lock. Candles fall. Her ability has been both a power and a problem. And when she finds herself the recipient of a sudden act of kindness, Carrie feels like she's finally been given a chance to be normal. She hopes that the nightmare of her classmates' vicious taunts is over . . . but an unexpected and cruel prank turns her gift into a weapon of horror so destructive that the town may never recover.

Richard Bachman was Stephen Kings other writing name for his non-supernatural work before he finally hit it big with "Carrie." The manuscript of "Blaze" sat in a university library until King rewrote it decades later.

The chilling, compelling #1New York Times bestsellerÀand the inspiration for the blockbuster film starring Kathy Bates and Jennifer Jason Leigh.

Master storyteller Stephen King presents the classic “wondrously frightening” (Publishers Weekly) #1 New York Times bestseller about a writer’s hor-

rific and haunting pseudonym. “I’m back...I’m back from the dead and you don’t seem glad to see me at all, you ungrateful son of a bitch.” After thirteen years of international bestseller stardom with his works of violent crime fiction, author George Stark is officially declared dead—revealed by a national magazine to have been killed at the hands of the man who created him: the once well-regarded but now obscure writer Thad Beaumont. Thad’s even gone so far as to stage a mock burial of his wildly successful pseudonym, complete with tombstone and the epitaph “Not a Very Nice Guy.” Although on the surface, it seems that Thad can finally concentrate on his own novels, there’s a certain unease at the prospect of leaving George Stark behind. But that’s nothing compared to the horror about to descend upon Thad’s new life. There are the vicious, out-of-control nightmares, for starters. And how is he able to explain the fact that everyone connected to George Stark’s untimely demise is now meeting a brutal end of their own in a pattern of homicidal savagery...and why each blood-soaked crime scene has Thad’s fingerprints all over it? Thad Beaumont may have once believed that George Stark was running out of things to say, but he’s going to find out just how wrong he is...

A USA TODAY BESTSELLER In this thrilling sequel to the New York Times bestselling novella by Stephen King and award-winning author Richard Chizmar, an adult Gwendy is summoned back to Castle Rock after the mysterious reappearance of the button box. Something evil has swept into the small Maine town of Castle Rock on the heels of the latest winter storm. Sheriff Norris Ridgewick and his team are desperately searching for two missing girls, but time is running out. In Washington, DC, thirty-seven-year-old Gwendy Peterson couldn’t be more different from the self-conscious teenaged girl who once spent a summer running up Castle Rock’s Suicide Stairs. That same summer, she had been entrusted—or some might say cursed—with the extraordinary button box by Richard Farris, the mysterious stranger in the black suit. The seductive and powerful box offered Gwendy small gifts in exchange for its care and feeding until Farris eventually returned, promising the young girl she’d never see the box again. One day, though, the button box suddenly reappears but this time, without Richard Farris to explain why, or what she’s supposed to do with it. Between this and the troubling disappearances back in Castle Rock, Gwendy decides to return home. She just might be able to help rescue the missing girls and stop a dangerous madman before he does something ghastly. With breathtaking and lyrical prose, Gwendy’s Magic Feather explores whether our lives are controlled by fate or the choices we make and what price we sometimes have to pay. Prepare to return again to Stephen King’s Castle Rock, the sleepy little town built on a bedrock of deep, dark secrets, just as it’s about to awaken from its quiet slumber once more.

La saga di Sookie Stackhouse è quella che ha più innovato il genere vampiresco dai tempi di Intervista col vampiro. Catapultati nella vita di tutti i giorni, i vampiri di Charlaine Harris e di Alan Ball non cacciano più nei cimiteri o in cadenti castelli, ma in bar e night club, sono pragmatici e tessono intrighi per ottenere potere e ricchezza: si potrebbero definire diversamente umani. In questa guida trovate tutto sulla saga letteraria THE SOUTHERN VAMPIRE MYSTERIES e sul telefilm TRUE BLOOD: le trame di episodi, romanzi e racconti (molti dei quali inediti in Italia e qui presentati nell'ordine cronologico di lettura), le differenze tra versione cartacea e televisiva, le curiosità nascoste nelle scene, le citazioni più argute e divertenti, i personaggi e le opere derivate. Un libro dedicato a chi è incuriosito dall'avvincente ciclo di Sookie Stackhouse e dal relativo fenomeno mediatico, a chi non ha perso una puntata del telefilm ma non ha letto i volumi, o viceversa, ma anche ai più accaniti fan che vogliono scoprire di più sul sookieverse. Se pensavate di sapere tutto su TRUE BLOOD e sulla saga di Charlaine Harris, questo libro è pane per i vostri denti.

Dopo oltre trentacinque anni dalla nascita di MTV - la prima emittente mondiale dedicata alla musica da vedere - il linguaggio del videoclip è totalmente mutato, amplificando sempre di più le interferenze con gli altri media e gli intrecci con il contesto delle arti visive. Nuovi autori, inoltre, si sono affacciati sulla scena internazionale, ottenendo numerosi riconoscimenti. Strutturato in cinque capitoli, il libro - evitando di limitarsi a un'ottica anglo-centrica e allargandosi, attraverso numerosi esempi, ai music video di molti altri paesi - esplora l'universo di questa innovativa forma audiovisiva, da un punto di vista storico (partendo dagli antecedenti del videoclip), isolando alcune tematiche, tendenze e categorie (il clip coreografico, quello narrativo e quello sperimentale), e approfondendo l'immaginario di alcuni registi e musicisti in particolare, senza tralasciare, nell'ultimo capitolo, un focus sulla storia della videomusica italiana.
