Wasn't really what I was expecting, I just pictured some of Roy Lichtensteins popular paintings that would be there to colour in, but it's laid out more like a kids books. It has pages for you to draw you're own things and Roys paintings are mostly already coloured in you, just have to finish them off.

Classically trained in painting and drawing, Roy found inspiration from cartoons, newspaper comics and children's books - images most people didn't consider serious art. By painting painstaking interpretations of his original sources, including the printer's dots and paper flaws, he transformed these popular images into works of art.
