I35PIU - MAYRA HAILIE

The first full-length volume of Rumi's cherished verse, from bestselling poet Daniel Ladinsky. Renowned for his poignant renderings of mystical texts, here Daniel Ladinsky captures the beauty, intimacy, and musicality of one of Islam's most beloved poets and spiritual thinkers. With learned insight and a delicate touch, this work explores the nuances of desire—that universal emotion—in verse inspired by Rumi's love and admiration for his companion and spiritual teacher, Shams-e Tabriz. These poems thoughtfully capture the compelling wisdom of one of Islam's most revered artistic and religious voices and one of the most widely read poets in the English language. The Purity of Desire is an essential volume for anyone looking to feel their soul awakened.

From Madonna to Deepak Chopra, celebrities have been recording and embracing Rumi's poetry for the past two decades, creating a resurgence of interest in this 14th century Sufi mystic. Rumi's Little Book of Life is a beautiful collection of 196 poems by Rumi, previously unavailable in English. Translated by native Persian speakers, Maryam Mafi and Azima Melita, this collection will appeal to Rumi lovers everywhere. This collection of mystical poetry focuses on one of life's core issues: coming to grips with the inner life. During the course of life, each of us is engaged on an inner journey. Rumi's Little Book of Life is a guidebook for that journey. The poetry is a companion for those who consciously enter the inner world to explore the gardens within - out of the everyday "world of dust"-through an ascending hierarchy that restores one's soul to the heart; the heart of the spirit; and in finding spirit, transcending all.

Inside A Lover's Heart There's Another World, And Yet Another Rumi's masterpieces have inspired countless people throughout the centuries, and Coleman Barks's exquisite renderings of the thir-

teenth-century Persian mystic are widely considered the definitive versions for our time. Barks's translations capture the inward exploration and intensity that characterize Rumi's poetry, making this unique voice of mysticism and desire contemporary while remaining true to the original poems. In this volume readers will encounter the essence of Sufism's insights into the experience of divine love, wisdom, and the nature of both humanity and God. While Barks's stamp on this collection is clear, it is Rumi's voice that leaps off these pages with a rapturous power that leaves readers breathless. These poems express our deepest yearning for the transcendent connection with the source of the divine: there are passionate outbursts about the torment of longing for the beloved and the sweet delight that comes from union; stories of sexual adventures and of loss; poems of love and fury, sadness and joy; and quiet truths about the beauty and variety of human emotion. For Rumi, soul and body and emotion are not separate but are rather part of the great mystery of mortal life, a riddle whose solution is love. Above all else, Rumi's poetry exposes us to the delight that comes from being fully alive, urging us always to put aside our fears and take the risk of discovering our core self: No one knows what makes the soul wake up so happy! Maybe a dawn breeze has blown the veil from the face of God. These fresh, original translations magnificently convey Rumi's insights into the human heart and its longings with his signature passion and daring, focusing on the ecstatic experience of the inseparability of human and divine love. The match between Rumi's sublime poetry and Coleman Barks's poetic art are unequalled, and here this artistic union is raised to new heights.

Poems and commentary that open the door for a new generation to experience the ecstatic and embodied spiritual truths contained in Rumi's poetry • Reveals how the four practices of eating lightly, breathing deeply, moving freely, and gazing intently can invoke the divinity within us all • Explains how these practices dissolve the self's need for identity so that we may experience a state of transcendent ecsta-

sy and union with the divine • Takes Rumi's path to finding God from theoretical to embodied practices The great thirteenth-century Sufi mystic and poet Jalaluddin Rumi began his life as an orthodox Islamic believer but felt that to fully experience complete union with the divine he must abandon institutionalized religion and its prescribed forms of worship. Surrendering his will to his overriding urge for a much more immediate, intuitive, and compelling union with the divine, he found that by manipulating certain behavioral aspects of his physiology--eating lightly, breathing deeply, moving freely, and gazing raptly--he was capable of loosening the rigid confines of the self, thereby overriding its limitations and achieving a transcendent merging with his own divinity. His message is simple: if you wish to affect the spirit, you must first make changes in the way your body responds to the world. Through clearly written commentary interspersed with Rumi's beautiful poems, this book details these four practices in a very precise way. As such, it is a sweet and open invitation to follow the examples set forth in order to embark upon one's own path of inner illumination. The freshness of Rumi's poetry dissolves the 700 years that separate his life from our own time, making his message as pertinent today as when he walked the streets of Konya, Anatolia (present-day Turkey), reciting his inspiring verse. This book allows us, through Rumi's gentle guidance, to touch the face of God that resides deep within us all.

Philosopher Jacob Needleman's groundbreaking study of America's alternative spiritual movements is back in print with a new introduction by the author. Originally published in 1970, *The New Religions* was the first full-scale study of alternative spirituality in America. It remains unparalleled for the intellectual depth and seriousness with which it regards Eastern, New Age, and alternative faiths on the American landscape. Needleman's writing and reportage are unfailingly thoughtful and incisive as he illuminates topics that other scholars failed to consider or could not fully grasp.

The sway of Islam in political life is an unavoidable topic of debate in Turkey today. Secularists, Islamists, and liberals alike understand the Turkish state to be the primary arbiter of Islam's place in Turkey--as the coup attempt of July 2016 and its aftermath have dramatically illustrated. Yet this emphasis on the state ignores the influence of another field of political action in relation to Islam, that of civil society. Based on ethnographic research conducted in Istanbul and Ankara, Muslim Civil Society and the Politics of Religious Freedom in Turkey is Jeremy F. Walton's inquiry into the political and religious practices of contemporary Turkish-Muslim Nongovernmental Organizations. Since the mid-1980s, Turkey has witnessed an efflorescence of NGOs in tandem with a neoliberal turn in domestic economic policies and electoral politics. One major effect of this neoliberal turn has been the emergence of a vibrant Muslim civil society, which has decentered and transformed the Turkish state's relationship to Islam. Muslim NGOs champion religious freedom as a paramount political ideal and marshal a distinctive, nongovernmental politics of religious freedom to advocate this ideal. Walton's accomplished study offers a fine-grained perspective on this nongovernmental politics of religious freedom and the institutions and communities from which it emerges.

These aphoristic gleanings of ancient and mystical philosophy- written in the form of haiku by award-winning novelist Richard Zimler- capture the heart of the tradition in ways that are personally awakening. Love's Voice is a doorway to Kabbalah for readers at all levels of experience. Acclaimed novelist Richard Zimler uses the form of haiku to distill Kabbalistic philosophy into its most essential form, providing a rare and deeply affecting experience of the wisdom of the ages. These seventy-two haiku require no special knowledge of Kabbalah or, indeed, of Jewish culture. Readers who do have some background in Kabbalah will find additional-and sometimes hidden-references and meanings in many of these verses. Every passage in Love's Voice verse is a memorable meditation that will touch each reader in a different way. Here is a greatly original yet historically framed entry point to an extraordi-

nary mystical tradition.

Rumi's short poems have many tones and effects: some of them are quick, joyful, and whimsical; some are finely faceted abstract statements; some probe the inward space of patience and longing. Moyne and Barks translated these poems using a free-verse style, connecting these poems with great American spiritual poets such as Walt Whitman and Gary Snyder.

Jonathan Edwards is considered by many to be America's greatest theologian. Many have lauded him as one of the great theologians in church history. This book brings together major Catholic, Orthodox, and Protestant theologians to assess Edwards's theological acumen. Each chapter places Edwards in conversation with a thinker or a tradition over a specific theological issue.

Find spiritual companionship in these brief but powerful thoughts on the sacred journey of grief—from a Ground Zero first responder featured in Spike Lee's upcoming HBO documentary NYC Epicenters 9/11-> 2021½. Chaplain and spiritual counselor Andrea Raynor knows that when the funeral service is over, the friends leave, and the house grows quiet, grief can be overwhelming. As a chaplain at Ground Zero after the 9/11 terrorist attacks, she understands the heartbreak and devastation of losing a loved one—and wants to offer encouragement, comfort, and a reminder that you are not alone in your sorrow. In *The Alphabet of Grief*, Raynor uses the letters of the alphabet as starting points for simple reflections on loss and hope. Each chapter concludes with a meditation and an affirmation—something to do and something to believe. Whether you are currently grieving or are supporting a loved one struggling with bereavement, *The Alphabet of Grief* is the perfect resource to remind you that there is beauty in the midst of suffering, and that love, no matter how painful, is always worth it. "I chose each word in this book based on the countless hours I have spent with grieving people. Not only have they shared with me the pain of loss but they have taught me about the daunting and sometimes mysterious journey of living." —Andrea Raynor in *The Alphabet of Grief*

Rowdy, ecstatic, and sometimes stern, these teaching stories and fables reveal new and very human properties in Rumi's vision. Included here are the notorious "Latin parts" that Reynold Nicholson felt were too unseemly to appear in English in his 1920s translation. For Rumi, anything that human beings do#8212however compulsive#8212affords a glimpse into the inner life. Here are more than 40 fables or

teaching stories that deal with love, laughter, death, betrayal, and the soul. The stories are exuberant, earthy, and bursting with vitality#8212much like a painting by Hieronymus Bosch or Chaucer's *Canterbury Tales*. The characters are guilty, lecherous, tricky, ribald, and finally possessors of opened souls. Barks writes: "These teaching stories are a kind of scrimshaw#8212intricately carved, busy figures, confused and threatening, and weirdly funny. This is an entertaining collection from one of the greatest spiritual poets of all time, rendered by his most popular translator. "The minute I heard my first love story, I started looking for you, not knowing how blind that was. Lovers don't finally meet somewhere. They're in each other all along."#8212Rumi

The Sufi mystic and poet Jalaluddin Rumi is most beloved for his poems expressing the ecstasies and mysteries of love in all its forms—erotic, platonic, divine—and Coleman Barks presents the best of them in this delightful and inspiring collection. Rendered with freshness, intensity, and beauty as Barks alone can do, these startling and rich poems range from the "wholeness" one experiences with a true lover, to the grief of a lover's loss, and all the states in between: from the madness

of sudden love to the shifting of a romance to deep friendship to the immersion in divine love. Rumi, the ultimate poet of love, explores all "the magnificent regions of the heart," and he opens you to the lover within. Coleman Barks has made this medieval, Persian-born (present-day Afghanistan) poetic and spiritual genius the most popular poet in America today. This seductive volume reveals Rumi's charms and depths more than any other.

Taking our food system back is an act of revolution. Restoring the feminine is an act of sacred responsibility. Returning to the cycles of nature is an act of love. Grounding into the soil is an act of hope. The soil, the fertile ground beneath us, holds the key to the future of our planet and our species—yet few people are aware of the critical role soil health plays in reversing climate change. With *Grounded*, Dr. Erin Yu-Juin McMorrow takes us on a journey to explore the sacred interconnectedness between our soil and ourselves, seamlessly weaving the science of our broken carbon cycle and the oppression of the divine feminine into a powerful tapestry of hope and resilience. McMorrow is the voice of a generation that carries the future of our planet on their shoulders. "There's no other group of people to pass this on to," she writes. "If we want to create a world that we can keep living in, it's time, and it's us." In *Grounded*, McMorrow guides us through the inner and outer work needed to restore the divine feminine and save our planet. Highlights include: The "brass tacks" of climate change—how everything from biodiversity loss to ocean acidification has roots in the killing of the microscopic life in our soil The fertile soil is feminine—and the destruction of our earth and the feminine go hand in hand Sex, birth, life, and death—how our natural cycles parallel the sacred cycles of nature How to create truly regenerative systems that celebrate the natural world's infinite diversity, resilience, and abundance Practices to help you start making a difference right now—from personal reflections and meditations to seed saving and composting Finding hope in the sacred nature of this work—when we do our part, just as with all of nature, spirit fills in the rest Becoming grounded—root within to remember that you are of the earth, awaken your divine power, and expand in the world *Grounded* is both a clarion call and a revolutionary guide for restoring the sacred cycles that sustain all life. "With every step we take toward a more regenerative and abundant future," McMorrow writes, "we engage in the important work of saving our soil—and our souls."

What is not known about me is that I was greatly influenced by the understandings and philosophy of the magi who were the followers of the sacred fire. I had thoughts put into my mind while I slept and during times of deep silence about the sacredness of all life and about how to accept things in life without discarding any of it. I followed this and never gave up on finding God, for in rejecting any part of God, I was rejecting God entirely. Now in modern times, people must carefully examine what supported them before and make adjustments and corrections wherever necessary. I wanted to bring my writings in a newer form that would suit your present Earth reality because of the changing times and planetary shift. To do this, I chose my old student, Rae (he was one of the students at the seminary in Konya), to bring forth this new understanding to help people remember the Law of One and the Family of God. I offer these poems in humble gratitude. — Rumi

Soulshaping is the inspiring memoir of an archetypal "male warrior"—a trial lawyer—who struggled to find his heart and a more authentic, soulful path. Rivetingly personal and profoundly universal, this book is for anyone who has heard a whisper of something truer calling out to them amid the distractions of modern life. Jeff Brown's dramatic and often funny story takes readers through remarkably human experiences—emotional, physical, and economic—as he vividly recounts his troubled childhood, his success in apprenticing with Canada's top criminal lawyer, and his ultimate decision to leave the law and begin an inner journey to discover his soul's purpose. A work of courageous self-creation, *Soulshaping* reminds us that we are all truly connected, that our seemingly isolated

struggles are actually part of the shared human challenge to live a life that is heart-centered and soul-driven. Both down-to-earth and magically mystical, Soulshaping will meet you where you live—and where you long to live.

Philip Pullman, author of 'His Dark Materials' trilogy, has remarked that "after nourishment, shelter, and companionship, stories are the thing we need most in the world." This new collection of Rumi stories fills that need. This fresh prose translation of 105 short teaching stories by Rumi, which form the core of the six-volume Masnavi, explores the hidden spiritual aspects of everyday experience. Rumi transforms the seemingly mundane events of daily life into profound Sufi teaching moments. These prose gems open the mystical portal to the world of the ancient mystic. These stories include well-known and popular tales such as "Angel of Death," "The Sufi and His Cheating Wife," "Moses and the Shepherd," "Chickpeas," and "The Greek and Chinese Painters" as well as the less commonly quoted parables: "The Basket Weaver," "The Mud Eater," and "A Sackful of Pebbles." Rumi's voice alternates between playful and authoritative, whether he is telling stories of ordinary lives or inviting the discerning reader to higher levels of introspection and attainment of transcendent values. Mafi's translations delicately reflect the nuances of Rumi's poetry while retaining the positive tone of all of Rumi's writings, as well as the sense of suspense and drama that mark the essence of the Masnavi.

Gold New York Review of Books A vibrant selection of poems by the great Persian mystic with groundbreaking translations by an American poet of Persian descent. Rumi's poems were meant to induce a sense of ecstatic illumination and libera-

tion in his audience, bringing its members to a condition of serenity, compassion, and oneness with the divine. They remain masterpieces of world literature to which readers in many languages continually return for inspiration and succor, as well as aesthetic delight. This new translation by Haleh Liza Gafari preserves the intelligence and the drama of the poems, which are as full of individual character as they are of visionary wisdom. Marilyn Hacker praises Gafari's new translations of Rumi as "the work of someone who is at once an acute and enamored reader of the original Farsi text, a dedicated miner of context and backstory, and, best of all, a marvelous poet in English." Pause Now Handbook for a Spiritual Revolution University Press of America This handbook in practical spirituality proposes that the level of stress, violence, fear and disconnect from Nature in the global society has risen in direct proportion to a fall in the collective level of conscious awareness. In order to reverse this trend a conscious impulse is required. Human beings need to rediscover the mystical underpinning of all religions and the engine of spiritual transformation: the art of presence. Only by learning to be present and stay present is it possible to dissolve harmful energy - in the form of false opinions and negative feelings - and create positive energy that imbues actions with intelligence, compassion and respect for the sacredness of all life. To this end, a practice in sensory awareness is offered. It is called 'the Pause'. Pausing affirms the body-mind continuum by empowering the senses as conduits of conscious awareness. When pausing is then applied to ordinary activities such as speaking, working, thinking and relating to others, spiritual evolution accelerates. The fruit of a re-awakened life is healing — for ourselves, for society, and for the entire Earth community. Sufism A Theoretical Intervention in Global International Relations In an effort to attain a 'global' character, the contemporary academic discipline of International Relations (IR) increasingly seeks to surpass its Eurocentric limits, thereby opening up pathways to incorporate non-Eurocentric worldviews. Lately, many of the non-Eurocentric worldviews have emerged which either engender a 'derivative' discourse of the same Eurocentric IR theories, or construct an 'exceptionalist' discourse which is particularly applicable to the narrow experiential realities of a native time-space zone: as such, they fall short of the ambition to produce a genuinely 'non-derivative' and 'non-exceptionalist' Global IR theory. Against this backdrop, Sufism: A Theoretical Intervention in Global International Relations performs a mul-

tidisciplinary research to explore how 'Sufism' - as an established non-Western philosophy with a remarkable temporal-spatial spread across the globe - facilitates a creative intervention in the theoretical understanding of Global IR.--Matthijs van den Bos, Department of Politics, Birkbeck College, University of London

This themed collection of passages by ancient Buddhist sages, Christian and Jewish mystics, contemporary teachers, philosophers, and poets celebrates the perfection of the present moment. The Purity of Desire 100 Poems of Rumi Penguin The first full-length volume of Rumi's cherished verse, from bestselling poet Daniel Ladinsky Renowned for his poignant renderings of mystical texts, here Daniel Ladinsky captures the beauty, intimacy, and musicality of one of Islam's most beloved poets and spiritual thinkers. With learned insight and a delicate touch, this work explores the nuances of desire—that universal emotion—in verse inspired by Rumi's love and admiration for his companion and spiritual teacher, Shams-e Tabriz. These poems thoughtfully capture the compelling wisdom of one of Islam's most revered artistic and religious voices and one of the most widely read poets in the English language. The Purity of Desire is an essential volume for anyone looking to feel their soul awakened. Rabbi, Tell Me... John's Gospel of Belief vs. Thomas' Gospel of "Knowledge" Outskirts Press This work is a dialog between Jesus and his disciples. But herein lies the twist. First the Jesus of the Gospel of John answers, then the Jesus of the Gospel of Thomas. In the Gospel of John Jesus is pro-

claimed to be the only begotten Son of God, the Savior, and more than that, God Himself. And if you "believe" Jesus is who he says he is, the Son of God who has come to judge the living and the dead; and you love and obey him, then you will be granted eternal life. If not, the wrath of God will remain on you. In the Gospel of Thomas, Jesus does not proclaim to be the only son of God, nor does he claim to be the savior of Mankind. In fact he teaches that when we come to "know" ourselves, we will understand we are all children of God and saviors from the tyranny of our self-will. In this gospel, Jesus is depicted as a spiritual master whose wisdom sayings delineate a path to peace in one's life and ultimately, to eternal life itself. In Thomas, eternal life is achieved through "knowledge" and "wisdom," and not through "obeying" and "believing" in Jesus. "Jesus said, 'Whoever discovers the interpretation of these sayings will not taste death.'" (Thomas Logion 1) Moreover in Thomas, unlike in John, it is not a question of if you will obtain eternal life, but only a matter of when. The soil, the fertile ground beneath us, holds the key to the future of our planet and our species—yet few people are aware of the critical role soil health plays in reversing climate change. With *Grounded*, Dr. Erin Yu-Juin McMorrow takes us on a journey to explore the sacred interconnectedness between our soil and ourselves, seamlessly weaving the science of our broken carbon cycle and the oppression of the divine feminine into a powerful tapestry of hope and resilience. McMorrow is the voice of a generation that carries the future of our planet on their shoulders. "There's no other group of people to pass this on to," she writes. "If we want to create a world that we can keep living in, it's time, and it's us." In *Grounded*, McMorrow guides us through the inner and outer work needed to restore the divine feminine and save our planet. Highlights include: The "brass tacks" of climate change—how everything from biodiversity loss to ocean acidification has roots in the killing of the microscopic life in our soil The fertile soil is feminine—and the destruction of our earth and the feminine go hand in hand Sex, birth, life, and death—how our natural cycles parallel the sacred cycles of nature How to create truly regenerative systems that celebrate the natural world's infinite diversity, resilience, and abundance Practices to help you start making a difference right now—from personal reflections and meditations to seed saving and composting Finding hope in the sacred nature of this work—when we do our part, just as with all of nature, spirit fills in the rest *Becoming grounded—root within to remember that you are of the earth, awaken your divine power, and expand in the world* *Grounded* is both a clarion call and a revolutionary guide for restoring the sacred cycles that sustain all life. While beliefs and practices differ, what ignites the human heart to quest for the mystical, the un-

knowable, the holy just beyond understanding, is the same. *The Call of the Mourning Dove: How Sacred Sound Awakens Mystical Unity* offers a new paradigm, the *Sonic Trilogy of Love*, that details how sacred sound, embedded in the ancient canons across faith traditions, creates just such a portal into this unmitigated experience of God. Because the experience is ubiquitous across faith traditions, it does not matter whether a seeker has embarked on an eclectic quest for God or remains deeply committed to questing within one particular faith tradition. All seekers, known as *Lovers* within the *Trilogy*, discover that by intoning the sacred sounds, the *Love* embedded in the ancient languages, the conditions are set to experience unity with God, the *Beloved*. This unity occurs in unforeseen moments, as love, the core organizing principle of the *Trilogy*, circles in on itself, dissolving all distinctions, leaving the *Lover* filled with only the silent wonder of God. And, graciously, nothing is the same. *The Alphabet of Grief* Words to Help in Times of Sorrow: Affirmations and Meditations WaterBrook Find spiritual companionship in these brief but powerful thoughts on the sacred journey of grief—from a Ground Zero first responder featured in Spike Lee's upcoming HBO documentary *NYC Epicenters 9/11-> 2021½*. As a chaplain at Ground Zero after the 9/11 terrorist attacks, she understands the heartbreak and devastation of losing a loved one—and wants to offer encouragement, comfort, and a reminder that you are not alone in your sorrow. In *The Alphabet of Grief*, Raynor uses the letters of the alphabet as starting points for simple reflections on loss and hope. Each chapter concludes with a meditation and an affirmation—something to do and something to believe. Whether you are currently grieving or are supporting a loved one struggling with bereavement, *The Alphabet of Grief* is the perfect resource to remind you that there is beauty in the midst of suffering, and that love, no matter how painful, is always worth it. "I chose each word in this book based on the countless hours I have spent with grieving people. Rumi in the Light of Eastern and Western Scholarship The Soul of Rumi A New Collection of Ecstatic Poems Harper Collins Inside A Lover's Heart There's Another World, And Yet Another Rumi's masterpieces have inspired countless people throughout the centuries, and Coleman Barks's exquisite renderings of the thirteenth-century Persian mystic are widely considered the definitive versions for our time. Barks's translations capture the inward exploration and intensity that characterize Rumi's poetry, making this unique voice of mysticism and desire contemporary while remaining true to the original poems. In this volume readers will encounter the essence of Sufism's insights into the experience of divine love, wisdom, and the nature of both humanity and God. While Barks's stamp on this collection is clear, it is Rumi's voice that leaps off these pages with a rapturous power that leaves readers breathless. These poems express our deepest yearning for the transcendent connection with the source of the divine: there are passionate outbursts about the torment of longing for the beloved and the sweet delight that comes from union; stories of sexual adventures and of loss; poems of love and fury, sadness and joy; and quiet truths about the beauty and variety of human emotion. For Rumi, soul and body and emotion are not separate but are rather part of the great mystery of mortal life, a riddle whose solution is love. Above all else, Rumi's poetry exposes us to the delight that comes from being fully alive, urging us always to put aside our fears and take the risk of discovering our core self: No one knows what makes the soul wake up so happy! Maybe a dawn breeze has blown the veil from the face of God. These fresh, original translations magnificently convey Rumi's insights into the human heart and its longings with his signature passion and daring, focusing on the ecstatic experience of the inseparability of human and divine love. The match between Rumi's sublime poetry and Coleman Barks's poetic art are unequalled, and here this artistic union is raised to new heights. Unseen Rain Quatrains of Rumi Shambhala Publications Rumi's short poems have many tones and effects: some of them are quick, joyful, and whimsical; some are finely faceted abstract statements; some

probe the inward space of patience and longing. Moyne and Barks translated these poems using a free-verse style, connecting these poems with great American spiritual poets such as Walt Whitman and Gary Snyder. Rumi's Four Essential Practices Ecstatic Body, Awakened Soul Simon and Schuster Poems and commentary that open the door for a new generation to experience the ecstatic and embodied spiritual truths contained in Rumi's poetry • Reveals how the four practices of eating lightly, breathing deeply, moving freely, and gazing intently can invoke the divinity within us all • Explains how these practices dissolve the self's need for identity so that we may experience a state of transcendent ecstasy and union with the divine • Takes Rumi's path to finding God from theoretical to embodied practices The great thirteenth-century Sufi mystic and poet Jalaluddin Rumi began his life as an orthodox Islamic believer but felt that to fully experience complete union with the divine he must abandon institutionalized religion and its prescribed forms of worship. Surrendering his will to his overriding urge for a much more immediate, intuitive, and compelling union with the divine, he found that by manipulating certain behavioral aspects of his physiology--eating lightly, breathing deeply, moving freely, and gazing raptly--he was capable of loosening the rigid confines of the self, thereby overriding its limitations and achieving a transcendent merging with his own divinity. His message is simple: if you wish to affect the spirit, you must first make changes in the way your body responds to the world. Through clearly written commentary interspersed with Rumi's beautiful poems, this book details these four practices in a very precise way. As such, it is a sweet and open invitation to follow the examples set forth in order to embark upon one's own path of inner illumination. The freshness of Rumi's poetry dissolves the 700 years that separate his life from our own time, making his message as pertinent today as when he walked the streets of Konya, Anatolia (present-day Turkey), reciting his inspiring verse. This book allows us, through Rumi's gentle guidance, to touch the face of God that resides deep within us all. Ethiopia and the Bible The Schweich Lectures 1967 OUP Oxford Traditionally Ethiopia has formed a bridge between civilizations, with Jerusalem as vital as Aksum in the national consciousness of the Ethiopians. In this volume, Professor Ullendorff investigates the relationship of Ethiopia to the Bible. He considers the historical background, translations of the Bible into Ethiopian languages, and the impact of the Old Testament, which goes beyond anything experi-

enced in the other Oriental Christian Churches. The book concludes with an examination of the story of the Queen of Sheba, based on the Biblical account of the queen's visit to King Solomon. It shows how this account has undergone extensive Arabian, Ethiopian, Jewish and other elaborations, to become the subject of one of the most ubiquitous and fertile cycles of legends in the Near East.

This handbook in practical spirituality proposes that the level of stress, violence, fear and disconnect from Nature in the global society has risen in direct proportion to a fall in the collective level of conscious awareness. In order to reverse this trend a conscious impulse is required. Human beings need to rediscover the mystical underpinning of all religions and the engine of spiritual transformation: the art of presence. Only by learning to be present and stay present is it possible to dissolve harmful energy - in the form of false opinions and negative feelings - and create positive energy that imbues actions with intelligence, compassion and respect for the sacredness of all life. To this end, a practice in sensory awareness is offered. It is called 'the Pause'. Pausing affirms the body-mind continuum by empowering the senses as conduits of conscious awareness. When pausing is then applied to ordinary activities such as speaking, working, thinking and relating to others, spiritual evolution accelerates. The fruit of a re-awakened life is healing — for ourselves, for society, and for the entire Earth community.

A vibrant selection of poems by the great Persian mystic with groundbreaking translations by an American poet of Persian descent. Rumi's poems were meant to induce a sense of ecstatic illumination and liberation in his audience, bringing its members to a condition of serenity, compassion, and oneness with the divine. They remain masterpieces of world literature to which readers in many languages continually return for inspiration and succor, as well as aesthetic delight. This new translation by Haleh Liza Gafari preserves the intelligence and the drama of the poems, which are as full of individual character as they are of visionary wisdom. Marilyn Hacker praises Gafari's new translations of Rumi as "the work of someone who is at once an acute and enamored reader of the original Farsi text, a dedicated miner of context and backstory, and, best of all, a marvelous poet in English."

In an effort to attain a 'global' character, the contemporary academic discipline of International Relations (IR) increasingly seeks to surpass its Eurocentric limits, thereby opening up pathways to incorporate non-Eurocentric worldviews. Lately, many of the non-Eurocentric worldviews have emerged which either engender a 'derivative' discourse of the same Eurocentric IR theories, or construct an 'exceptionalist' discourse which is particularly applicable to the narrow experiential realities of a native time-space zone: as such, they fall short of the ambition to produce a genuinely 'non-derivative' and 'non-exceptionalist' Global IR theory. Against this backdrop, *Sufism: A Theoretical Intervention in Global International Relations* performs a multidisciplinary research to explore how 'Sufism' - as an established non-Western philosophy with a remarkable temporal-spatial spread across the globe - facilitates a creative intervention in the theoretical understanding of Global IR.--Matthijs van den Bos, Department of Politics, Birkbeck College, University of London

This is a celebration of falling in love and partaking of the Wine of the Beloved. It is both a meditation on the Song of Solomon, the Song of Songs and a celebration, a rumination on the love of the ancient Persian poet and Sufi mystic Rumi for the Divine in ways that bridge divides between faiths as the realization of the desire of nations.
