This volume contributes rich, new material to provide insights into indigenous responses to the colonial empires of Great Britain and Germany (Namibia) and explore the complex intellectual, cultural, literary, and political borders and identities that emerged across these spaces.

The fascinating true story of the characters in Hulu's "Mrs. America" and a broader portrait of the two women's movements that spurred an enduring rift between liberals and conservatives. "The many admirers of 'Mrs. America' . . . will find great satisfaction in [Divided We Stand] . . . a clear, compelling and deeply insightful volume." —The Washington Post One of Smithsonian Magazine's Ten Best History Books of the Year In the early 1970s, an ascendant women's rights movement enjoyed strong support from both political parties and considerable success, but was soon challenged by a conservative women's movement formed in opposition. Tensions between the two would explode in 1977 at the congressionally funded National Women's Conference in Houston, Texas. As Bella Abzug, Gloria Steinem, and other feminists endorsed hot-button issues such as abortion rights, the ERA, and gay rights, Phyllis Schlafly and Lottie Beth Hobbs rallied with conservative women to protest federally funded feminism and launch a pro-family movement. Divided We Stand reveals how crucial women and women's issues have been in the shaping of today's political culture. After the National Women's Conference, Democrats continued to back women's rights in cooperation with a more diverse feminist movement while the GOP abandoned its previous support for women's rights and defined itself as the party of family values, irrevocably affecting the course of American politics.

So Shall We Stand (Women of Valor Book #2) Baker Books Memorable Characters Come to Life in WOMEN OF VALOR In this story, Nella inadvertently uncovers evidence that the death of an American soldier was a murder, not a suicide, and she becomes the next target for the killer. Suddenly it seems that everyone is a suspect or has something to hide. Who can she turn to when everyone seems to be harboring secrets and her own heart seems untrue? Will God's goodness and faithfulness surmount even the horrors of war? Millions of Women Are Waiting to Meet You Da Capo Press Sean Thomas was single, thirty-seven, and just "a tiny bit desperate" to meet the woman of his dreams when a men's magazine asked him to try Internet dating for a year and write unflinchingly about his experiences. The result is a painfully funny and gloriously indiscreet diary the Los Angeles Times calls "a hilarious romp through the London dating scene." Thomas lays bare answers to such questions as: Why are so many men fascinated by lesbians? What's so great about pantyhose? And what's it like to have sex with someone really famous? His story will appeal to any woman interested in what men really think about sex and romance, and to any man who's ever taken honest stock of his relationships with the fairer sex. From Where We Stand Zed Books Ltd. This original study examines women's activism against war in areas as far apart as Sierra Leone, India, Colombia and Palestine. It shows women on different sides of conflicts in the former Yugoslavia and Israel addressing racism and refusing enmity and describes international networks of women opposing US and Western European militarism and the so-called 'war on terror'. These movements, though diverse, are generating an antimilitarist feminism that challenges how war and militarism are understood, both in academic studies and the mainstream anti-war movement. Gender, particularly the form taken by masculinity in a violent sex/gender system, is inseparably linked to economic and ethno-national factors in the perpetuation of war.

Arthur's Illustrated Home Magazine The Heathen Woman's Friend Union Signal and World's White Ribbon Taking the Stage John Wiley & Sons Many women today wonder: what will it take to get that seat at the boardroom table? Earn that coveted promotion? Or simply have their voices heard? Taking the Stage provides a comprehensive, proven approach that enables women to come forward into the spotlight and speak up, stand out, and succeed. Based on a program from the Humphrey Group that has been delivered to over 400,000 women worldwide, Taking the Stage shows women—no matter their age, rank, or profession—how to communicate with courage and confidence in every situation, from formal speeches to brief hallway conversations. Judith Humphrey provides the inspiration and practical advice for women to “take the stage” mentally, verbally, vocally, and physically. Women can make the most of every opportunity by understanding how best to: Speak up confidently, even when others don't agree; Convey their accomplishments without self-doubt; Be assertive but not aggressive; Deliver clear and convincing messages; Move beyond “minimizing” language and apology; Find their own powerful and authentic voice; Achieve confident body language and a leadership presence. By applying these techniques and others to every communication—whether making a presentation, speaking at meetings, conducting an elevator conversation, or selling themselves in job interviews—women will be recognized as the leaders they are and attain positions of influence. For women at all stages of their career, and for managers and executives committed to supporting and guiding women on their leadership journeys, Taking the Stage is the practical, broad-based solution that will allow women to speak up confidently, gain respect, earn the promotions they deserve, and secure their places at the boardroom table. Women of the South, Distinguished in Literature Where We Stand Routledge Drawing on both her roots in Kentucky and her adventures with Manhattan Coop boards, Where We Stand is a successful black woman's reflection—personal, straight forward, and rigorously honest—on how our dilemmas of class and race are intertwined, and how we can find ways to think beyond them. Women and Power in Argentine Literature University of Texas Press The astonishing talent of Argentine women writers belies the struggles they have faced—not merely as overlooked authors, but as women of conviction facing oppression. The patriarchal pressures of the Perón years, the terror of the Dirty War, and, more recently, the economic collapse that gripped the nation in 2001 created such repressive conditions that some writers, such as Luisa Valenzuela, left the country for long periods. Not surprisingly, power has become an inescapable theme in Argentine women's fiction, and this collection shows how the dynamics of power capture not only the political world but also the personal one. Whether their characters are politicians and peasants, torturers and victims, parents and children, or lovers male and female, each writer explores the effects of power as it is exercised by or against women. The fifteen writers chosen for Women and Power in Argentine Literature include famous names such as Valenzuela, as well as authors anthologized for the first time, most notably María Kodama, widow of Jorge Luis Borges. Each chapter begins with a “verbal portrait,” editor Gwendolyn Díaz's personal impression of the author at ease, formed through hours of conversation and interviews. A biographical essay and critical commentary follow, with emphasis on the work included in this anthology. Díaz's interviews, translated from Spanish, and finally the stories themselves—only three of which have been previously published in English—complete the chapters. The extraordinary depth of these chapters reflects the nuanced, often controversial portrayals of power observed by Argentine women writers. Inspiring as well as insightful, Women and Power in Argentine Literature is ultimately about women who, in Díaz's words, “choose to speak their truth regardless of the consequences.” Women in High Gear Gallaher/Howell/Women in high gear Is high gear attainable for today's women and the next generation?
