QUCNRI - RICHARD LONG

Leanne Vogel, the voice behind the highly acclaimed website Healthful Pursuit, brings an entirely new approach to achieving health, healing, weight loss, and happiness through a keto-adapted lifestyle with *The Keto Diet: The Complete Guide to a High-Fat Diet*. For too long we've blamed dietary fat for weight gain and health problems. The truth is, a diet that's high in natural, healthy fats can actually help your body burn fat! That's the secret behind the ketogenic diet. As you get more of your calories from healthy fats and cut back on carbs, you'll start burning fat, losing weight, and feeling strong and energetic—without feeling hungry or deprived. The Keto Diet does away with the “one size fits all” philosophy offering a customizable approach that is tailored to the unique needs of the individual. Leanne provides the tools to empower everyone to develop a personalized nutrition plan, offering limitless options while taking away the many restrictions of a traditional ketogenic diet. A one-stop guide to the ketogenic way of eating, *The Keto Diet* shows you how to transition to and maintain a

whole foods-based, paleo-friendly, ketogenic diet with a key focus on practical strategies—and tons of mouthwatering recipes. It includes:

- Over 125 healthy and delicious whole-food recipes that will help your body burn fat, including:
- Chicken Crisps
- Bacon-Wrapped Mini Meatloaf's
- Keto Sandwich Bread
- Waldorf-Stuffed Tomatoes
- No Nuts! Granola with Clusters
- Chicken Pot Pie
- Chocolate-Covered Coffee Bites
- Five 28-day meal plans that walk you through a month of eating keto
- Tools to make your high-fat life a breeze including guides for your favorite grocery stores, yes/no food lists, food sensitivity replacements, how to go dairy-free to reduce inflammation, and more

The Keto Diet will help you gain energy, lose weight, improve your health, and turn you into the ultimate fat-burning machine—all without restricting or even counting calories. You'll have all the tools you need to fall in love with your body and banish your fear of fat forever!

Leading experts on the science, history, politics, medicine, and potential of America's most popular recreational drug

- With contributions by Andrew Weil, Michael Pollan, Lester Grinspoon, Allen

St. Pierre (NORML), Tommy Chong, and others • Covers marijuana's physiological and psychological effects, its medicinal uses, the complex politics of cannabis law, pot and parenting, its role in creativity, business, and spirituality, and much more Exploring the role of cannabis in medicine, politics, history, and society, *The Pot Book* offers a compendium of the most up-to-date information and scientific research on marijuana from leading experts, including Lester Grinspoon, M.D., Rick Doblin, Ph.D., Allen St. Pierre (NORML), and Raphael Mechoulam. Also included are interviews with Michael Pollan, Andrew Weil, M.D., and Tommy Chong as well as a pot dealer and a farmer who grows for the U.S. Government. Encompassing the broad spectrum of marijuana knowledge from stoner customs to scientific research, this book investigates the top ten myths of marijuana; its physiological and psychological effects; its risks; why joints are better than water pipes and other harm-reduction tips for users; how humanity and cannabis have co-evolved for millennia; the brain's cannabis-based neurochemistry; the complex politics of cannabis law; its potential medicinal uses for cancer, AIDS, Alzheimer's, multiple sclerosis, and other illnesses; its role in creativity, business, and spirituality; and the complicated world of pot and parenting. As legalization becomes a reality, this book candidly offers necessary facts and authoritative opinions in a society full of marijuana myths, misconceptions, and stereotypes.

The Complete Guide to High-Fire Glazes Sterling Publishing Company, Inc. "With recipes for mixing, testing, applying, and firing hundreds of high-fire glazes, this fully illustrated reference will help all ceramists gain a better understanding of glazes and the factors that make them work."--- Book Jacket.

Creating HDR Photos Amphoto Books Since the days of the first photographs, artists have used various techniques to extend the range of lights and darks in their photos. Photographic masters such as Ansel Adams and Edward Weston spent countless hours burning and dodging their prints to create images with extended dynamic range. With the advent of digital photography, new horizons in extending dynamic range are possible. HDR techniques now make it easy to extend the dynamic range of an image well beyond the capability of the human eye. In Creating HDR Photos, bestselling author Harold Davis covers the complete HDR workflow, from choosing the subjects that work best for HDR through processing RAW files to unlock the dynamic power of HDR. You'll learn how to photograph multiple exposures and blend them into a single HDR image using various software programs. Best of all, you will find out how to control the style of your HDR images, from subtle to hyper-real, using a range of photographic and post-processing techniques. Packed with stunning image examples, Creating HDR Photos brings this essential digital technique within every photographer's grasp.

The Complete Guide to Using Candlestick Charting Atlantic Publishing Company The investment world is full

of different methods for understanding how to best grow your rates of return and minimize risk. The Candlestick Charting method, first developed by Japanese rice traders in the middle of the 19th century, has become one of the favorite modern methods of analyzing and understanding the market through careful plotting and analysis of the data provided. This book will guide you through the seemingly complex, but revolutionary, useful method of candlestick charting to gain the highest possible rates of return while ensuring your risks are as minimal as possible. Candlestick charting is a complex language all in itself and for that reason, this book will guide you through the entire process of understanding the language, starting with the very origins of the technique. You will learn how it was developed and why it is still used today, including what changes have been made to the methods by Western investors. You will learn how the candlestick charts are prepared and what the different line constructions signify. Additionally, you will be shown how to read and differentiate between the different bodies, including the short and long white and black bodies, to measure high and low price levels, support, and resistance. You will be shown the various additional forms such as spinning tops, shadows, and doji. Next, the various different candle lines are outlined in full detail, showing you dozens of different formations including the single candle lines of "the hammer", "the hanging man", and "the shooting star", the dual candle lines of "dark cloud over", "the piercing pattern", "the engulfing pattern", "last engulfing pattern", and "harami". You will also learn the window candle lines, as well as the formations of three or more candle lines. Analysis of candle lines and the technical aspects, in-

cluding how to discern stops, the risk/reward in each line, trends, the use of computers, and how to place and offset trades will supply you with the necessary information you need to read the candle lines. By interviewing dozens of experts in the reading and analysis of candle charts, this book is able to provide a comprehensive perspective of candle charts and how you can start using moving averages, analyzing three line break charts, renko charts, and kagi charts. You will be provided with practice charts for all three major types and additional resources to help you learn how to read and analyze each type. For anyone interested in the centuries old Japanese style of market analysis that is candlestick charting, this book provides a comprehensive overview from the very origins to the most modern of interpretations. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. The Complete Guide

to Investing in Index Funds Atlantic Publishing Company Long kept a secret by financial insiders, index funds are rapidly growing in popularity. Index funds are unit trusts that track the performance of an index. An investor can buy shares comprising the index or buy a sample of shares that make up the index. A fund's value is linked to the index, meaning that if the index rises, the value of the fund also rises. Index funds outperform 80 percent of managed funds, and more and more investors are turning to these funds to reduce the anxiety and expense of trying to beat the market and predict what stocks, bonds, or mutual funds will perform well. In this book you will find out why insiders have kept these funds a secret and how you can benefit from them. In this new, comprehensive book, you will learn the different indexing methods, including traditional indexing, synthetic indexing, and enhanced indexing, and you will learn the advantages of index funds, among them low costs, simplicity, and lower turnovers. You will read about diversification, asset allocation, capital gains tax considerations, enhanced index funds, and the common mistakes investors make with index funds. Furthermore, you will learn how to achieve balance, how individual funds perform, how to use exchange traded funds for effective asset allocation, how to choose the right fund, how to develop a portfolio, how to gauge portfolio risk, and how to determine your risk capacity. We will provide you with a list of funds, specific strategies, and step-by-step guidance on active indexing. We will explain the efficiency of indexing, the flexibility of active portfolio management strategies, and the benefits of index funds compared to traditional mutual funds. Whether you are a first time investor or a stock market pro, you will discover

valuable information about how index funds work, what factors to consider before investing, and how to avoid common pitfalls. By reading *The Complete Guide to Investing in Index Funds* you will ultimately learn how to maximize your return while minimizing your risk. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. The Complete Guide to Investing in Gold and Precious Metals Atlantic Publishing Company As the U.S. economy struggles to recover from the worst economic crisis since the Great Depression, citizens across the country are searching for alternative investment vehicles. Many are finding solace in a precious metal that has been a universal measure of wealth since early civilization: gold. Investment brokers and novices alike are reaping the benefits that come with diversifying their investments. Gold's value is determined by a number of factors including the volume of the metal held by prosperous countries, the rarity of the metal as it is refined, and current market trends, such as inflation and the movement of the investment market. In 1910, gold was worth \$20 an ounce; a century later, in 2010, the value of gold reached nearly

\$1,120 an ounce. This book discusses where the value of these metals first originated and how they have evolved over the course of human history. You will learn how practical uses of precious metals have directly affected their value over time and how metals like gold and silver are direct indicators of the current state of the economy. Most importantly, you will learn to recognize market trends that pinpoint the risk of inflation and the exodus from stock to precious metals that will often occur as a result. You will learn how to use mutual funds and futures to diversify your portfolio without spreading yourself too thin. With advice from dozens of financial experts and commodities traders, you will learn how to maximize your return and minimize your risk. If you are looking to diversify your portfolio and protect your investments, *The Complete Guide to Investing in Gold and Precious Metals* is your handbook for making the most from your investment. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Entering the High Holy Days Jewish Publication Society *The High Holy Days -- Rosh Hashanah and Yom Kippur --* are for many Jews the highlight of the Jewish year. The litur-

gy for the Days of Awe are the longest and most complex of the year, leaving a large number of attendees without a complete understanding of the occasion's significance. Entering The High Holy Days provides historical background and interpretation of the ideas, practices, and liturgy and lends them contemporary relevance to today's Jews. Reuven Hammer received his ordination and doctorate in theology from the Jewish Theological Seminary of America. He is the former president of the Rabbinical Assembly and head of the Rabbinical Court of the Masorti Movement. Dave Barry's Complete Guide to Guys Ballantine Books "Dave Barry is one funny human." --San Francisco Examiner For thousands of years, women have asked themselves: What is the deal with guys, anyway? What are they thinking? The answer, of course, is: virtually nothing. Deep down inside, guys are extremely shallow. But that has not stopped Dave Barry from writing an entire book about them. If you're a guy--or if you're attempting to share a remote control with one--you need this book, because it deals frankly and semi-thoroughly with such important guy issues as: Scratching The role of guys in world history, including the heretofore-unknown relationship between the discovery of North America and golf Why the average guy can remember who won the 1960 World Series, but not necessarily the names of all his children The Noogie Gene Why guys cannot simultaneously think and look at breasts Secret guy orgasm-delaying techniques, including the Margaret Thatcher Method Why guys prefer to believe that there is no such thing as a prostate And much, much more "Whether you're a guy--or attempting to share a bathroom with one--Barry has some wacky words of wisdom for you." --USA Today The Pot

BookSimon and SchusterLeading experts on the science, history, politics, medicine, and potential of America's most popular recreational drug • With contributions by Andrew Weil, Michael Pollan, Lester Grinspoon, Allen St. Pierre (NORML), Tommy Chong, and others • Covers marijuana's physiological and psychological effects, its medicinal uses, the complex politics of cannabis law, pot and parenting, its role in creativity, business, and spirituality, and much more Exploring the role of cannabis in medicine, politics, history, and society, The Pot Book offers a compendium of the most up-to-date information and scientific research on marijuana from leading experts, including Lester Grinspoon, M.D., Rick Doblin, Ph.D., Allen St. Pierre (NORML), and Raphael Mechoulam. EVERY CHARACTER From Adaldrida Brandybuck to Zaragamba—every Hobbit, Elf, Dwarf, Man, Orc, and other resident of Middle-earth is vividly described and accurately located in its proper place and time. EVERY PLACE Colorful and detailed descriptions of geographical entries allow you to pick up the action anywhere in Middle-earth and follow it through The Hobbit, The Lord of the Rings, and beyond. EVERY THING From stars and streams to food and flora, everything found in Middle-earth is alphabetically listed and, when necessary, cross-referenced. This is truly a master key to Tolkien's Middle-earth.Cannabis-CRC PressCannabis sativa is best known as the source of marijuana, the world's most widely consumed illicit recreational

drug. However, the plant is also extremely useful as a source of stem fiber, edible seed oil, and medicinal compounds, all of which are undergoing extremely promising research, technological applications, and business investment. Indeed, despite its capacity for harm as a recreational drug, cannabis has phenomenal potential for providing new products to benefit society and for generating extensive employment and huge profits. Misguided policies, until recently, have prevented legitimate research on the beneficial properties of cannabis, but there is now an explosion of societal, scientific, and political support to reappraise and remove some of the barriers to usage. Unfortunately, there is also a corresponding dearth of objective analysis. Towards redressing the limitation of information, *Cannabis: A Complete Guide* is a comprehensive reference summarizing botanical, business, chemical, ecological, genetic, historical, horticultural, legal, and medical considerations that are critical for the wise advancement and management of cannabis in its various forms. This book documents both the risks and benefits of what is indisputably one of the world's most important species. The conflicting claims for medicinal virtues and toxicological vices are examined, based mainly on the most recent authoritative scientific reviews. The attempt is made consistently to reflect majority scientific opinion, although many aspects of cannabis are controversial. Aside from the relevance to specialists, the general public should find the presentation attractive because of the huge interest today in marijuana. Unfortunately, society has become so specialized and compartmentalized that most people have limited appreciation of the importance of science to their lives, except when a topic like marijuana be-

comes sensationalized. This review of cannabis can serve as a vehicle for public education in the realm of science and technology. Indeed, towards the goal of disseminating the important information in this book to a wide audience, the presentation is user-friendly, concise, and well-illustrated in the hope that non-specialists will find the topics both informative and entertaining. *The Audioophile's Guide* Preparing for Life *Future Horizons* A life skills guide for individuals with autism and Asperger's syndrome discusses social skills and strategies needed for success in the adult world, including discussion of perspective-taking, non-verbal communication skills, and stress management. *The Complete Guide to the Gap Year* John Wiley & Sons This is the go-to book for anyone considering a year to re-charge, to follow a passion, to become immersed in another culture, or to find their love of learning again. It includes everything a student, parent, or guidance counselor would want to know about the gap year; including what a gap year is, what it is not, and why it can have a positive impact on a young life. * Readers can find out what college admissions deans think of the gap year, and how it is becoming an important part of the educational process at top tier universities. *Economically, the gap year can make a lot of sense in a recession, and this useful guide gives information on free programs, financial aid, and tax savings. *The book has a comprehensive guide to 200 of the world's best gap year programs. *Students will find self-quizzes and helpful criteria to help them decide whether to take a gap year, and if so what kind of program. This guide helps them evaluate their interests and plan and fund their gap year; whether it means spending a year on a sailing vessel, coaching sports and teaching in an

impoverished area, or following a passion in the arts or academics. Ecstasy: The Complete Guide Inner Traditions / Bear & Co Use of the drug ecstasy, once confined to the teen rave scene, and college campuses, is exploding across America. Ecstasy: The Complete Guide takes the first unbiased look at the risks and the benefits of this unique drug, including the science of how it works; its promise as a treatment for depression, post-traumatic stress disorders, and other mental illnesses; and how to minimize the risks of use. A Woman's Guide to Cannabis Workman Publishing A woman's handbook to demystifying the world of weed, whether it's being used for pain relief, a moment of calm, or a fit of giggles. Women of all ages are using cannabis to feel and look better. For rookies and experienced marijuana users alike, this lively, information-filled book is just the supportive guide you need to find the right dose to relieve anxiety, depression, and inflammation, and mitigate the onset of dementia and other signs of aging. Plus boost moods, ease aches, even lose weight, and get restful sleep. And a dose just for fun? Well, that works, too! Here's how to navigate the typical dispensary, with its overwhelming options of concentrates, edibles, vape pens, and tinctures. Understand the amazing health-giving compounds found in cannabis—THC, CBD, terpenes, and more—and how to use topicals to reduce pain and give your skin a healthy glow. There's even advice on how not to get high but still reap all the amazing health benefits. Plus over twenty recipes, from edibles like Classic Pot Brownies and Netflix and Chill Caramels to self-care products like Radiant Glow Serum and Happy Body Bar. Everything You Need to Ace Science in One Big Fat NotebookWorkman Publishing CompanyIt's the revolutionary science study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace Science . . . takes readers from scientific investigation and the engineering design

process to the Periodic Table; forces and motion; forms of energy; outer space and the solar system; to earth sciences, biology, body systems, ecology, and more. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest. The Complete Married With Children Book: TV's Dysfunctional Family Phenomenon-BearManor Media Married . . . with Children premiered on Fox TV in 1987 and updated the Don Ameche and Frances Langford radio comedy series, The Bickersons, and Jackie Gleason's TV classic, The Honeymooners, with a raunchy, cutting-edge slant that focused on a lovable yet laughable family headed by endearingly flawed Al (Ed O'Neill), his homework-hating wife, sexy daughter, and randy son. For 11 seasons, the brilliant team of talent put the funk in dysfunctional. Rediscover the exhilarating humor and intellectual excitement in Denise Noe's first book. She delves behind-the-scenes with Michael Moye, Ron Leavitt, Ed O'Neill, Katey Sagal, Christina

Applegate, David Faustino, David Garrison, Amanda Bearse, E. E. Bell, and Ritch Shydner. You'll be fascinated by the story of how two rogue writers created a deliberately off-the-wall program; how it almost got derailed before production began; how a controversy could have plucked the series off the air but ended up injecting a much needed shot in the arm; how a reality-based show occasionally—and courageously—ventured into comedy with a fantasy, horror, and/or science fiction spin. Order your copy of the collectible First Edition today. Illustrated. Bibliography. Appendix featuring episode synopses. Women in High Gear is a first-of-its-kind look at how women in business, on-rampers, and aspiring executives can discern and discover a path to high gear. Whether that looks like financial independence, starting a business, ascending to the C-suite, securing a board seat, or making superconnections, high gear is clearly within reach. Entrepreneurs and small business owners Anne Deeter Gallaher and Amy D. Howell join forces in Women in High Gear to tell their stories of two divergent paths to reach the same goal. In 13 easy-to-read and easy-to-relate-to chapters, Amy and Anne lay out their own journeys to high gear and show how others can connect the dots for growth and success. They combine big business principles with small business DNA in

hopes that their experiences will shorten the business learning curve of women. Living the realities of staying at home and staying on the fast track, Anne and Amy help women of all ages understand the necessities for emotional resilience, harnessing the softs skills, exhibiting leadership, mastering self-discipline, understanding the bottom line, connecting on social media, and building a personal brand. Wherever you stand in your business journey, Anne and Amy challenge you to charge ahead with confidence and fresh perspectives. The world needs what you have to offer-high gear awaits! Acclaim for Women in High Gear: "Anne Deeter Gallaher and Amy D. Howell are keenly attuned to the need for mentoring, guidance, and inspiration to help prepare current and future generations of women for leadership in business and society. In Women in High Gear, Anne and Amy have artfully woven their own high gear journeys to both mark a path for growth and to steer readers clear of roadblocks. They blend advice, personal experience, insight, and accountability in hopes of shortening the learning curves of other women." Kim S. Phipps, Ph.D. President, Messiah College "In a business world steeped in too much self-help blather, Amy and Anne stand up for accountability, distinctiveness, mental toughness, responsibility, hard work, compassion, and appropriate compromise-the values that forge great leaders. This book is inspiring, true, and even better-entertaining!" Mark. W. Schaefer College Educator, Entrepreneur, International Speaker, and Author of Return on Influence and The Tao of Twitter "Women in High Gear is proof of the power of storytelling-at which Anne Deeter Gallaher and Amy D. Howell excel. They turn their hard-won personal and professional experiences into illuminating and engaging

examples for others to follow. Early and mid-career professionals will find High Gear immediately useful, but even seasoned executives (like me) will see in Amy and Anne's experiences new approaches to today's challenges." Kathleen A. Pavelko President/CEO, WITF, Harrisburg, PA "This book is for anyone wanting to soar to higher goals in business." Philip H. Trenary CEO, Phil Trenary Associates; Former CEO, Pinnacle Airlines Corporation "After reading Women in High Gear, I immediately wrote out my high gear goals for the next five years. This book is for any woman with a big dream for her life!" Rachael Dymski Author "Wonder duo Anne and Amy provide valuable insight into how independent, driven women can dominate the professional business landscape." Susan R. Ewing Director of Social & Digital Media, Hershey Harrisburg Regional Visitors Bureau "Women in High Gear is the modern guide to overcoming obstacles and achieving success without breaking a sweat-and doing it all in 4-inch heels. Anne and Amy have hit a homerun!" Kaitlin Sawyer Public Relations/Marketing Professional, Hawaii

The Complete Guide to Kicking & Punting is the best and most 'complete' instructional football kicking book available!

It's the latest and hottest technique,

made possible only through digital. High Dynamic Range photography is the process of taking several pictures of a scene at various exposures, then merging them into one file. So the entire photo can look crisp and detailed, from highlights to midtones to shadows—and photographers needn't sacrifice any part of their image. And the best way to master this exciting technology is with this thorough, easy-to-follow, and visually spectacular guide. No other title does justice to these cutting-edge techniques, which actually take the viewer into worlds far beyond normal photography—sometimes even beyond normal human perception. Ferrell McCollough, a widely respected photographer, pushes the boundaries and inspires others to pursue their artistic vision, too. The amazing results simply can't be achieved any other way.

How to choose, set up, and enjoy the latest high-technology audio systems are all given expert insight in this indispensable guide for stereo shoppers. Consumers today often use home-audio systems for both stereo music and surround-sound music, they buy multichannel systems instead of two-channel stereo systems, they may have HDTV and flat-panel televisions, and they have largely moved to in-wall and on-wall loudspeakers rather than floorstanding units. Questions relating to all of these

changes are covered in a novice-friendly way, as well as Super Audio CD, DVD-Audio formats, and all of the latest surround-sound formats for home theater. The emphasis is not only on solving shopping dilemmas, but also on getting great sound from an audio system.

er will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award-winning teachers. They make learning fun, and are the perfect next step for every kid who grew up on Brain Quest.

A woman's handbook to demystifying the world of weed, whether it's being used for pain relief, a moment of calm, or a fit of giggles. Women of all ages are using cannabis to feel and look better. For rookies and experienced marijuana users alike, this lively, information-filled book is just the supportive guide you need to find the right dose to relieve anxiety, depression, and inflammation, and mitigate the onset of dementia and other signs of aging. Plus boost moods, ease aches, even lose weight, and get restful sleep. And a dose just for fun? Well, that works, too! Here's how to navigate the typical dispensary, with its overwhelming options of concentrates, edibles, vape pens, and tinctures. Understand the amazing health-giving compounds found in cannabis—THC, CBD, terpenes, and more—and how to use topicals to reduce pain and give your skin a healthy glow. There's even advice on how not to get high but still reap all the amazing health benefits. Plus over twenty recipes, from edibles like Classic Pot Brownies and Netflix and Chill Caramels to self-care products like Radiant Glow Serum and Happy Body Bar.

Cannabis sativa is best known as the source of marijuana, the world's most

widely consumed illicit recreational drug. However, the plant is also extremely useful as a source of stem fiber, edible seed oil, and medicinal compounds, all of which are undergoing extremely promising research, technological applications, and business investment. Indeed, despite its capacity for harm as a recreational drug, cannabis has phenomenal potential for providing new products to benefit society and for generating extensive employment and huge profits. Misguided policies, until recently, have prevented legitimate research on the beneficial properties of cannabis, but there is now an explosion of societal, scientific, and political support to reappraise and remove some of the barriers to usage. Unfortunately, there is also a corresponding dearth of objective analysis. Towards redressing the limitation of information, *Cannabis: A Complete Guide* is a comprehensive reference summarizing botanical, business, chemical, ecological, genetic, historical, horticultural, legal, and medical considerations that are critical for the wise advancement and management of cannabis in its various forms. This book documents both the risks and benefits of what is indisputably one of the world's most important species. The conflicting claims for medicinal virtues and toxicological vices are examined, based mainly on the most recent authoritative scientific reviews. The attempt is made consistently to reflect majority scientific opinion, although many aspects of cannabis are controversial. Aside from the relevance to specialists, the general public should find the presentation attractive because of the huge interest today in marijuana. Unfortunately, society has become so specialized and compartmentalized that most people have limited appreciation of the importance of science to their lives, except when a topic

like marijuana becomes sensationalized. This review of cannabis can serve as a vehicle for public education in the realm of science and technology. Indeed, towards the goal of disseminating the important information in this book to a wide audience, the presentation is user-friendly, concise, and well-illustrated in the hope that non-specialists will find the topics both informative and entertaining. Discover How To Determine what a merchant seaman is and what they do Acquire all the necessary documents to become a merchant seaman Find out where to apply for jobs as a merchant seaman Use prior or current military service to become a merchant seaman Recognize how vital a merchant seaman is to the US economy.

As the U.S. economy struggles to recover from the worst economic crisis since the Great Depression, citizens across the country are searching for alternative investment vehicles. Many are finding solace in a precious metal that has been a universal measure of wealth since early civilization: gold. Investment brokers and novices alike are reaping the benefits that come with diversifying their investments. Gold's value is determined by a number of factors including the volume of the metal held by prosperous countries, the rarity of the metal as it is refined, and current market trends, such as inflation and the movement of the investment market. In 1910, gold was worth \$20 an ounce; a century later, in 2010, the value of gold reached nearly \$1,120 an ounce. This book discusses where the value of these metals first originated and how they have evolved over the course of human history. You will learn how practical uses of precious metals have directly affected their value over time and how metals like gold and

silver are direct indicators of the current state of the economy. Most importantly, you will learn to recognize market trends that pinpoint the risk of inflation and the exodus from stock to precious metals that will often occur as a result. You will learn how to use mutual funds and futures to diversify your portfolio without spreading yourself too thin. With advice from dozens of financial experts and commodities traders, you will learn how to maximize your return and minimize your risk. If you are looking to diversify your portfolio and protect your investments, *The Complete Guide to Investing in Gold and Precious Metals* is your handbook for making the most from your investment. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Every book has resources, contact information, and web sites of the products or companies discussed.

Robert Harley, Editor-in-Chief of *The Absolute Sound* and *The Perfect Vision* magazines, tells you everything you need to know to become a better listener and better buyer of quality high-fidelity components. With this book you will discover how to get the best sound for your money; how to identify the weak links in your system and upgrade where it will do the most good; how to setup and tweak your system to get maximum performance

from equipment you already own; and, most of all, how to become a more perceptive and appreciative listener. This book makes hi-fi more fun! Widely acknowledged as the reference on high-quality music reproduction with more than 100,000 copies sold in four languages, *The Complete Guide to High-End Audio* has been newly expanded, revised, and updated to cover the latest developments in high-end audio. New sections include: high-resolution digital audio; SACD and DVD-Audio; multichannel audio; how to integrate home theater into a high-performance music system; more system setup secrets; the latest developments in audio technology -- and more! Book jacket.

Since the days of the first photographs, artists have used various techniques to extend the range of lights and darks in their photos. Photographic masters such as Ansel Adams and Edward Weston spent countless hours burning and dodging their prints to create images with extended dynamic range. With the advent of digital photography, new horizons in extending dynamic range are possible. HDR techniques now make it easy to extend the dynamic range of an image well beyond the capability of the human eye. In *Creating HDR Photos*, bestselling author Harold Davis covers the complete HDR workflow, from choosing the subjects that work best for HDR through processing RAW files to unlock the dynamic power of HDR. You'll learn how to photograph multiple exposures and blend them into a single HDR image using various software programs. Best of all, you will find out how to control the style of your HDR images, from subtle to hyper-real, using a range of photographic and post-processing techniques. Packed with stunning image examples, *Creating HDR Photos* brings this essential digital tech-

nique within every photographer's grasp. Use of the drug ecstasy, once confined to the teen rave scene, and college campuses, is exploding across America. Ecstasy: The Complete Guide takes the first unbiased look at the risks and the benefits of this unique drug, including the science of how it works; its promise as a treatment for depression, post-traumatic stress disorders, and other mental illnesses; and how to minimize the risks of use.

Is high gear attainable for today's women and the next generation? Yes! Women in High Gear is a first-of-its-kind look at how women in business, on-rampers, and aspiring executives can discern and discover a path to high gear. Whether that looks like financial independence, starting a business, ascending to the C-suite, securing a board seat, or making superconnections, high gear is clearly within reach. Entrepreneurs and small business owners Anne Deeter Gallaher and Amy D. Howell join forces in Women in High Gear to tell their stories of two divergent paths to reach the same goal. In 13 easy-to-read and easy-to-relate-to chapters, Amy and Anne lay out their own journeys to high gear and show how others can connect the dots for growth and success. They combine big business principles with small business DNA in hopes that their experiences will shorten

the business learning curve of women. Living the realities of staying at home and staying on the fast track, Anne and Amy help women of all ages understand the necessities for emotional resilience, harnessing the softs skills, exhibiting leadership, mastering self-discipline, understanding the bottom line, connecting on social media, and building a personal brand. Wherever you stand in your business journey, Anne and Amy challenge you to charge ahead with confidence and fresh perspectives. The world needs what you have to offer-high gear awaits! Acclaim for Women in High Gear: "Anne Deeter Gallaher and Amy D. Howell are keenly attuned to the need for mentoring, guidance, and inspiration to help prepare current and future generations of women for leadership in business and society. In Women in High Gear, Anne and Amy have artfully woven their own high gear journeys to both mark a path for growth and to steer readers clear of roadblocks. They blend advice, personal experience, insight, and accountability in hopes of shortening the learning curves of other women." Kim S. Phipps, Ph.D. President, Messiah College "In a business world steeped in too much self-help blather, Amy and Anne stand up for accountability, distinctiveness, mental toughness, responsibility, hard work, compassion, and appropriate compromise-the values that forge great leaders. This book is inspiring, true, and even better-entertaining!" Mark. W. Schaefer College Educator, Entrepreneur, International Speaker, and Author of Return on Influence and The Tao of Twitter "Women in High Gear is proof of the power of storytelling-at which Anne Deeter Gallaher and Amy D. Howell excel. They turn their hard-won personal and professional experiences into illuminating and engaging examples for others to follow. Early and

mid-career professionals will find High Gear immediately useful, but even seasoned executives (like me) will see in Amy and Anne's experiences new approaches to today's challenges." Kathleen A. Pavelko President/CEO, WITF, Harrisburg, PA "This book is for anyone wanting to soar to higher goals in business." Philip H. Trenary CEO, Phil Trenary Associates; Former CEO, Pinnacle Airlines Corporation "After reading Women in High Gear, I immediately wrote out my high gear goals for the next five years. This book is for any woman with a big dream for her life!" Rachael Dymski Author "Wonder duo Anne and Amy provide valuable insight into how independent, driven women can dominate the professional business landscape." Susan R. Ewing Director of Social & Digital Media, Hershey Harrisburg Regional Visitors Bureau "Women in High Gear is the modern guide to overcoming obstacles and achieving success without breaking a sweat-and doing it all in 4-inch heels. Anne and Amy have hit a homerun!" Kaitlin Sawyer Public Relations/Marketing Professional, Hawaii

The High Holy Days -- Rosh Hashanah and Yom Kippur -- are for many Jews the highlight of the Jewish year. The liturgy for the Days of Awe are the longest and most complex of the year, leaving a large number of attendees without a complete understanding of the occasion's significance. Entering The High Holy Days provides historical background and interpretation of the ideas, practices, and liturgy and lends them contemporary relevance to today's Jews. Reuven Hammer received his ordination and doctorate in theology from the Jewish Theological Seminary of America. He is the former president of the Rabbinical Assembly and head of the Rabbinical Court

of the Masorti Movement.

A complete guide to the most intense interval training you can handle! Your pizza was delivered in 30 minutes or less, why not work off the calories in the same amount of time? High-Intensity Interval Training (HIIT) increases your glucose metabolism, and most of the exercises don't even require equipment. This guide offers step-by-step instructions for highly intense workouts. It will also give you plenty of tips to prevent injury, and pre-planned exercise routines that are sure to help you get fit fast. Modification options allow you to make workouts harder or easier based on your fitness goals.

Intensify your workouts and see results! The investment world is full of different methods for understanding how to best grow your rates of return and minimize risk. The Candlestick Charting method, first developed by Japanese rice traders in the middle of the 19th century, has become one of the favorite modern methods of analyzing and understanding the market through careful plotting and analysis of the data provided. This book will guide you through the seemingly complex, but revolutionary, useful method of candlestick charting to gain the highest possible rates of return while ensuring your risks are as minimal as possible. Candlestick charting is a complex language all in itself and for that reason, this book will guide you through the entire process of understanding the language, starting with the very origins of the technique. You will learn how it was developed and why it is still used today, including what changes have been made to the methods by Western investors. You will learn how the candlestick charts are prepared and what the different line constructions signify. Additionally, you will be shown how to read and differentiate between the different bodies, including the short and long white and black bodies, to measure high and low price levels, support, and resistance. You will be shown the various additional forms such as spinning tops, shadows, and doji. Next, the various different candle lines are outlined in full detail, showing you dozens of different formations including the single candle lines of "the hammer", "the hanging man", and "the shooting star", the dual candle lines of "dark cloud over", "the piercing pattern", "the engulfing pattern", "last engulfing pattern", and "harami". You will also learn the window candle lines, as well as the formations of three or more candle lines. Analy-

sis of candle lines and the technical aspects, including how to discern stops, the risk/reward in each line, trends, the use of computers, and how to place and offset trades will supply you with the necessary information you need to read the candle lines. By interviewing dozens of experts in the reading and analysis of candle charts, this book is able to provide a comprehensive perspective of candle charts and how you can start using moving averages, analyzing three line break charts, renko charts, and kagi charts. You will be provided with practice charts for all three major types and additional resources to help you learn how to read and analyze each type. For anyone interested in the centuries old Japanese style of market analysis that is candlestick charting, this book provides a comprehensive overview from the very origins to the most modern of interpretations. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. "Dave Barry is one funny human." --San Francisco Examiner For thousands of years, women have asked themselves: What is the deal with guys, anyway? What are they thinking? The answer, of course, is: virtually nothing. Deep down

inside, guys are extremely shallow. But that has not stopped Dave Barry from writing an entire book about them. If you're a guy--or if you're attempting to share a remote control with one--you need this book, because it deals frankly and semi-thoroughly with such important guy issues as: Scratching The role of guys in world history, including the heretofore-unknown relationship between the discovery of North America and golf Why the average guy can remember who won the 1960 World Series, but not necessarily the names of all his children The Noogie Gene Why guys cannot simultaneously think and look at breasts Secret guy orgasm-delaying techniques, including the Margaret Thatcher Method Why guys prefer to believe that there is no such thing as a prostate And much, much more "Whether you're a guy--or attempting to share a bathroom with one--Barry has some wacky words of wisdom for you." --USA Today

Long kept a secret by financial insiders, index funds are rapidly growing in popularity. Index funds are unit trusts that track the performance of an index. An investor can buy shares comprising the index or buy a sample of shares that make up the index. A fund's value is linked to the index, meaning that if the index rises, the value of the fund also rises. Index funds outperform 80 percent of managed funds, and more and more investors are turning to these funds to reduce the anxiety and expense of trying to beat the market and predict what stocks, bonds, or mutual funds will perform well. In this book you will find out why insiders have kept these funds a secret and how you can benefit from them. In this new, comprehensive book, you will learn the different indexing methods, including traditional indexing, synthetic indexing, and enhanced indexing, and you will learn

the advantages of index funds, among them low costs, simplicity, and lower turnovers. You will read about diversification, asset allocation, capital gains tax considerations, enhanced index funds, and the common mistakes investors make with index funds. Furthermore, you will learn how to achieve balance, how individual funds perform, how to use exchange traded funds for effective asset allocation, how to choose the right fund, how to develop a portfolio, how to gauge portfolio risk, and how to determine your risk capacity. We will provide you with a list of funds, specific strategies, and step-by-step guidance on active indexing. We will explain the efficiency of indexing, the flexibility of active portfolio management strategies, and the benefits of index funds compared to traditional mutual funds. Whether you are a first time investor or a stock market pro, you will discover valuable information about how index funds work, what factors to consider before investing, and how to avoid common pitfalls. By reading *The Complete Guide to Investing in Index Funds* you will ultimately learn how to maximize your return while minimizing your risk.
