THE POLITICAL ECONOMY OF EDUCATION IN TIMES OF CONFLICT ...

It is education which provides the rungs on the ladder of social mobility. (Brown 2010) As the above quotations illustrate, the role of education in reducing inequality and promoting social mobility is a favourite topic among politicians seeking to share their vision for a fair and just society. However, while politicians from various parties may agree that education has a key role in promoting

social justice, they differ in their views on the best way to achieve it.

Is Politics the Problem in Education or the Solution?

The domain of education is prone to being highly politicized, as it offers an important source of both rents and legitimacy to political elites, and can be central to paradigmatic elite ideas around nation-building and modernity.

OPINION-The Politics of Education Reform in Hong Kong. By. Sonny Lo Shiu Hing. The recent deregistration of a primary school teacher for using inappropriate teaching materials and content has shown that education reform in the Hong Kong Special Administrative Region (HKSAR) has not only begun but also been closely connected with the issue of patriotism and national security.

Politics of Education - SlideShare

Education and politics enjoy a symbiotic relationship, that is, education affects politics and vice versa. Education, or lack thereof, influences the collective intellect, goals, and values of the body politic. The way in which a society is educated will thus determine who is able to hold office; how those in office are elected (or chosen); how much power and control those in office will have at their disposal; what laws are considered reasonable and unreasonable; and how those representing ...
