Below Scotland's capital, hidden for almost two centuries, is a metropolis whose very existence was all but forgotten. For almost 250 years, Edinburgh was surrounded by a giant defensive wall. Unable to expand the city's boundaries, the burgeoning population built over every inch of square space. And when there was no more room, they

began to dig down . . .

Below Scotland's capital, hidden for almost two centuries, is a metropolis whose very existence was all but forgotten. For almost 250 years, Edinburgh was surrounded by a giant defensive wall. Unable to expand the city's boundaries, the burgeoning population built over every inch of square space.

It's interesting in parts but there's just not that much about the actual "town below the ground" itself. The first part of the book covers the geographical history of the area and the original fortifications which became Edinburgh. Then there is some stuff about the actual underground of Edinburgh which was interesting but there just wasn't ...

The story of the Town Below the Ground is one of the most disturbing in the annals of Scottish history. For almost 250 years, Edinburgh was surrounded by a giant defensive wall and, unable to expand its boundaries, it became the most densely populated city in Europe.
