L1U0AI - FINN JENNINGS

"If more business books were as useful, concise, and just plain fun to read as THE MCKINSEY WAY, the business world would be a better place." --Julie Bick, best-selling author of ALL I REALLY NEED TO KNOW IN BUSINESS I LEARNED AT MICROSOFT. "Enlivened by witty anecdotes, THE MCKINSEY WAY contains valuable lessons on widely diverse topics such as marketing, interviewing, team-building, and brainstorming." --Paul H. Zipkin, Vice-Dean, The Fuqua School of Business It's been called "a breeding ground for gurus." McKinsey & Company is the gold-standard consulting firm whose alumni include titans such as "In Search of Excellence" author Tom Peters, Harvey Golub of American Express, and Japan's Kenichi Ohmae. When Fortune 100 corporations are stymied, it's the "McKinsey-ites" whom they call for help. In THE MCKINSEY WAY, former McKinsey associate Ethan Rasiel lifts the veil to show you how the secretive McKinsey works its magic, and helps you emulate the firm's well-honed practices in problem solving, communication, and management. He shows you how McKinsey-ites think about business problems and how they work at solving them, explaining the way McKinsey approaches every aspect of a task: How McKinsey recruits and molds its elite consultants; How to "sell without selling"; How to use facts, not fear them; Techniques to jump-start research and make brainstorming more productive; How to build and keep a team at the top its game; Powerful presentation methods, including the famous waterfall chart, rarely seen outside McKinsey; How to get ultimate "buy-in" to your findings; Survival tips for working in high-pressure organizations. Both a behind-the-scenes look at one of the most admired and secretive companies in the business world and a toolkit of problem-solving techniques without peer, THE MCKINSEY WAY is fascinating reading that empowers every business decision maker to become a better strategic player in any organization.

Need to learn case interviews but don't know where to start? This book is designed to get you up and running. By using scripted examples and interviews with experienced recruiters it gives readers an understanding of what a case actually is, and how they can start to prepare. Case interviews are used extensively by most major recruiters, including McKinsey, Bain, BCG, Amazon, Google and many more, and this book contains interviews with recruiters from all of the above companies. The author, Stephen Pidgeon, is a former McKinsey consultant and interviewer who now works as a career coach at the Tuck School of Business. He coaches hundreds of candidates every year, many of whom are successful in their goal of landing their dream job. He is also the author of 'How to get a job in consulting'.

The official hardcover release of one of the most popular 5th Edition Tabletop RPG supplements of all time, the Compendium of Forgotten Secrets: Awakening features hundreds of new options for players and game masters alike! 50 Full-Color Illustrations, 34 Player Subclasses, Over 100 new spells, feats, and invocations, Top Rated by Popular Vote

Written by one of the top professors at Northwestern's Kellogg School of Management, Mastering the Case Analysis offers a systematic approach to analyzing business cases typically given in MBA job interviews. An overdue and much-needed aid to support students' preparation for case interviews, this book introduces an integrative framework for analyzing business problems and offers a detailed overview of the essential methods and concepts used in case analysis.

You often hear in discussions about case interviews that you should not use standard business frameworks and concepts at all, because they just don't fit to the specific case question and interviewers don't like it when candidates use standard frameworks to solve cases. However, when challenging this shallow, generalized and popularized statements, there aren't any of those arguments remaining on the table. It is most definitely true that you can't crack a realistic interview case by relying solely on standardized frameworks - but all those business frameworks and concepts are extremely helpful templates which you can and even should put into your toolbox and use them whenever appropriate (if not to the full extent, at least partly!). Such a standard business framework is just a tool - and the tool itself is rarely good or bad, it mainly depends on how and for which purpose you use it. With this book, you achieve all of the following: - Get a profound overview of the most important business concepts and frameworks needed in consulting case interviews. - Really understand those business concepts and frameworks, instead of possessing only knowledge of dangerous half-truths. - Impress your interviewer on how structured and therefore client-friendly you tackle tough case interview questions. - Quickly learn how to actually apply those frameworks to concrete business situations, instead of just having a shallow theoretic knowledge of them. - Be more MECE (mutually exclusive, collectively exhaustive) in setting up your overall case structure at the beginning of your case interview. - Better structure your answers to particular questions later on in your case interview, again being more MECE. - Save tons of time by having high-quality content from 10+ years of consulting and interview experience together in one single book. - Significantly reduce the risk of losing a tier-1 consulting firm job offer because you were not structured enough in your interview (and we all know how important it is to be ABS - Always Be Structured).

Case Interview Questions for Tech Companies provides 155 practice questions and answers to conquer case interviews for the following tech roles: Marketing Operations Finance Strategy Analytics Business Development Supplier or Vendor Management ...and Product Management -- QUESTIONS COVERED IN THE BOOK Here are some of the questions covered in the book: Marketing Create a marketing campaign for Microsoft Office 365. Write a media statement to respond to Uber mischaracterizations voiced in a taxi leader's newspaper op-ed. Operations Describe how Apple's supply chain works. What challenges does Apple face on a day-to-day basis? What's the bottleneck for an Amazon Robot Picker?

And what is the capacity of the assembly line, in units per hour? During the holiday season, Amazon customers shipped 200 orders per second. Amazon's data science team discovered that the average number of orders waiting to be shipped was 20,650. How long did the average Amazon order wait to be shipped? Finance What should Apple consider before implementing a shop-in-shop store inside Best Buy? If you projected a \$500M expense and the variance came in at \$1M, what are some of the explanations for why that is happening? Be prepared to give more than three scenarios. Business Development A car dealer partner wants to stop doing business with Uber. What should you do? How would you identify university faculty to source content for an online university? Strategy If you could open a Google store anywhere, where would it be and why? Give your analysis of several recent acquisitions that Google has made. Analytics What top metrics would you track for the Tinder online dating app? If 1,000 people opened the Uber app during one hour, how many cars do you need? Product Management Let's say we wanted to implement an Amazon Mayday-like feature in Gmail. How would that work? How would you any Microsoft product to a restaurant? AUTHOR BIO Lewis C. Lin, former Google and Microsoft executive, has trained thousands of candidates to get ready for tech interviews, using his proven interview techniques. Lewis' students have received offers from the most coveted firms including Google, Facebook, Uber, Amazon, Microsoft, IBM, Dell and HP. Lewis has a bachelor's in computer science from Stanford University and an MBA from Northwestern University's Kellogg School of Management. He's the author of several bestsellers including Interview Math, Rise Above the Noise as well as Decode and Conquer. HERE'S WHAT PEOPLE SAY ABOUT THE AUTHOR "Got the Amazon offer, with an initial package that was \$100K more than what I currently make at [a top 5 tech company]. It's a dream job for the role of Principal Product Manager for a [special project]. - Q.K. "Just signed the offer for a Google product marketing manager role. Your tips helped me relax and concentrate, so the time went by quickly even though it was really a tough interview." - D.E. "I had my in-person interviews down at Facebook last week and got my offer letter the next day! You were definitely a huge help in preparing for the interviews." - L.S.

The Case Interview Workbook contains 60 case questions for management consulting interviews, with complete solutions. Every case is compiled and edited by a team of ex-consultants from McKinsey & Company, the Boston Consulting Group, and Bain & Company. This book fills the gap left by others by providing you with plenty of high-quality cases to practice on before your interview. Many cases are from actual interviews at the top-tier firms and cannot be found elsewhere. After working through this book, you will be prepared for every type of case question you may encounter: market sizing, estimation, operations, industry analysis, pricing, growth strategy, marketing, investment, M&A, market entry, customer segmentation, profitability, valuation, logic, issue identification, cost analysis, market expansion, and brainteasers, to name a few. These cases will help you prepare for interviews at leading management consulting firms, including McKinsey & Company, The Boston Consulting Group, Bain & Company, Oliver Wyman, Strategy& (formerly Booz & Company), A.T. Kearney, Roland Berger, and L.E.K, as well as for consulting roles at large firms such as Accenture, Deloitte, PwC, EY, and KPMG. Note that is a workbook, designed to complement other preparation books. You will have a hard time solving these cases without learning first elsewhere how to do so, e.g. which frameworks to use, how to use them, and how to structure a solution.

In Case Interview Secrets, you'll discover step-by-step instructions on how to dominate what many consider to be the most complex, most difficult, and most intimidating corporate job inter-

view in the world--the infamous case interview. Victor Cheng, a former McKinsey management consultant, reveals his proven, insider's method for acing the case interview. Having personally secured job offers from McKinsey, Bain & Company, Monitor, L.E.K., Oliver Wyman, and A.T. Kearney, he has also been a McKinsey case interviewer--providing you with a hands-on, real-world perspective on what it really takes to land job offers. Cheng's protégées work in all the major strategy management consulting firms, including McKinsey, The Boston Consulting Group, Bain & Company, Monitor Company, A.T. Kearny, Oliver Wyman, L.E.K., Roland Berger, Accenture, and Deloitte, as well as in the strategic planning departments of numerous Fortune 500 companies. Whether you're an undergraduate, BA, PhD, or experienced-hire applicant candidate, you'll discover: what case interviewers really say about you behind closed doors but wouldn't dare tell you--until now; the subtle yet specific performance differences that separate those who get management consulting offers from those who don't; the 10 biggest mistakes candidates make in case interviews (and how to avoid them); the 3 specific things interviewers expect in the first 5 minutes of a case that often decide the outcome on the spot; and an insider's take on what interviewers really look for and why--and how to give them what they want.

Featuring the Ivy Case System - including a section on government and nonprofit cases.

In "Rise Above the Noise," the author gives an industry insider's perspective on how to answer the most common and difficult marketing interview questions. The book will reveal: Answers to marketing interview questions Frameworks on how to tackle marketing case questions Biggest mistakes marketing candidates make at the interview Understand what interviewers are looking for, why they're looking for it, and how to deliver it Questions and answers covered in the book include: What promotional strategies would you use for a Honey Nut Cheerios campaign? Develop a social good campaign for Teavana. Should Hidden Valley increase the price of its ranch dressing? Kit Kat sales declined year-over-year. Why is that, and what would you do to address it? Tell me about a terrible product that's marketed well. "And more..."

Cosentino demystifies the consulting case interview. He takes you inside a typical interview by exploring the various types of case questions and he shares with you the acclaimed Ivy Case System which will give you the confidence to answer even the most sophisticated cases. Case in Point 10 Complete Case Interview Preparation Featuring the Ivy Case System - including a section on government and non-profit cases. Vault Guide to the Case Interview Vault Reports Incorporated Professional career guide from the Vault Career Library providing detailed case-by-case explanations of the consulting interview and strategies for cracking it. Cracking Case Interviews Become a Consultant at McKinsey, BCG, Bain, Etc. Top consulting firms like McKinsey, BCG, and Bain only hire about 1% of their job applicants. Becoming a management consultant is difficult, but it is possible if you use a proven approach at each stage of the process. Cracking Case Interviews is a comprehensive "one-stop shop" for landing a job in consulting. This book will help you: Write the perfect consulting resume and cover letter that gets multiple interview invitations from top consultancies Learn the 7 different parts of a case interview and exactly what you need to do in each step Master maths tips and tricks to solve market sizing and other case interview questions quickly and accurately Discover the most commonly used frameworks in consulting and how you can use them for inspiration, without over-relying on them Practice with 5 full-length sample cases that are based on McKinsey, BCG, and Bain case interviews Prepare answers to behavioural interview questions, like "Why consulting?", "Why McKinsey?", or "Tell me about a time you led a team." Max Serrano and Jonathon Yarde are former consultants and instructors at IGotAnOffer, the #1 website for case interview preparation, which has helped place over 2,000 applicants in consulting careers since 2015. This book translates the countless hours the authors have spent coaching undergraduates, MBAs, PhDs, MDs, JDs, and experienced hires on their consulting applications. Consulting Frameworks Use on Your Next Startup, in an Existing Small Business, Or to Ace the Case Interview Createspace Independent Publishing Platform Consulting frameworks are what consultants use to frame a problem as well as its solution. Consulting is a specialty of problem solving, and these frameworks act as shortcuts

to problem solving. It doesn't mean that they are exclusive to consulting! anyone can learn them to help improve their problem solving skills! For the ones interested in joining consulting, practicing 1000 cases doesn't help if you don't use a framework consistently. Therefore a better approach for preparation is to understand and memorize the frameworks followed by a few cases only to store the framework in your long-term memory. Many applicants practice cases for months and then are surprised that the cases during the interview are not similar. I don't need to belabor this point too much--you get it. Learn how to think with frameworks rather than brute force your way through an unhealthy amount of cases. If you want practice cases, most if not all consulting firms offer their own cases online and for free. Those are more than enough to practice. The Concise Reads Business Success series is a collection of short reading material that highlights important concepts in business education that every student, business owner, and entrepreneur should know from accounting and incorporating, to building a robust business plan and managing operations. We hope you enjoy Peter's easy to read explanations. How to Get Into the Top Consulting Firms A Surefire Case Interview Method Case in Point Graph Analysis for Consulting and Case Interviews Createspace Independent Publishing Platform The use of complex graphs in case interviews has exploded. You have a very short time to look at the graph, analyze it, extract what's important and apply it to your answer. This book was designed to help you understand the role of graphs in consulting (both during an interview and on the job). The authors introduce the Ivy Graph Framework, which will allow you to analyze 11 of the most popular graphs quickly, completely, and with great confidence. In addition the book provides ten sophisticated cases with numerous graphs per case and allows you to see how these cases unfold. There is nothing else out there like it! The Case Interview Workbook: 60 Case Questions for Management Consulting with Solutions Independently Published The Case Interview Workbook contains 60 case questions for management consulting interviews, with complete solutions. Every case is compiled and edited by a team of ex-consultants from McKinsey & Company, the Boston Consulting Group, and Bain & Company. This book fills the gap left by others by providing you with plenty of high-quality cases to practice on before your interview. Many cases are from actual interviews at the top-tier firms and cannot be found elsewhere. After working through this book, you will be prepared for every type of case question you may encounter: market sizing, estimation, operations, industry analysis, pricing, growth strategy, marketing, investment, M&A, market entry, customer segmentation, profitability, valuation, logic, issue identification, cost analysis, market expansion, and brainteasers, to name a few. These cases will help you prepare for interviews at leading management consulting firms, including McKinsey & Company, The Boston Consulting Group, Bain & Company, Oliver Wyman, Strategy& (formerly Booz & Company), A.T. Kearney, Roland Berg-

er, and L.E.K, as well as for consulting roles at large firms such as Accenture, Deloitte, PwC, EY, and KPMG. Note that is a workbook, designed to complement other preparation books. You will have a hard time solving these cases without learning first elsewhere how to do so, e.g. which frameworks to use, how to use them, and how to structure a solution. Case in Point: Government and Nonprofit: Case Interview and Strategic Preparation for Consulting Interviews in the Public Sector Case interviews come in all formats. The key, as an interviewee, is being prepared. Know what the interviewer is looking for, know the industry/sector, the jargon, the constraints and stakeholders, and how people in the industry operate. Government and nonprofit cases span a wide variety of problems, issues, stakeholders, and politics, which makes them trickier than private sector case interviews. The Consulting Bible Everything You Need to Know to Create and Expand a Seven-Figure Consulting Practice John Wiley & Sons Everything you need to know about building a successful, world-class consulting practice Whether you are a veteran consultant or new to the industry, an entrepreneur or the principal of a small firm, The Consulting Bible tells you absolutely everything you need to know to create and expand a seven-figure independent or boutique consulting practice. Both a behind-the-scenes look at one of the most admired and secretive companies in the business world and a toolkit of problem-solving techniques without peer, THE MCKINSEY WAY is fascinating reading that empowers every business decision maker to become a better strategic player in any organization. Case Interview Frameworks The #1 Guide for Structuring Your Consulting Case Interview Robert Steiner You often hear

in discussions about case interviews that you should not use standard business frameworks and concepts at all, because they just don't fit to the specific case question and interviewers don't like it when candidates use standard frameworks to solve cases. However, when challenging this shallow, generalized and popularized statements, there aren't any of those arguments remaining on the table. It is most definitely true that you can't crack a realistic interview case by relying solely on standardized frameworks - but all those business frameworks and concepts are extremely helpful templates which you can and even should put into your toolbox and use them whenever appropriate (if not to the full extent, at least partly!). Such a standard business framework is just a tool - and the tool itself is rarely good or bad, it mainly depends on how and for which purpose you use it. With this book, you achieve all of the following: - Get a profound overview of the most important business concepts and frameworks needed in consulting case interviews. - Really understand those business concepts and frameworks, instead of possessing only knowledge of dangerous half-truths. - Impress your interviewer on how structured and therefore client-friendly you tackle tough case interview questions. - Quickly learn how to actually apply those frameworks to concrete business situations, instead of just having a shallow theoretic knowledge of them. - Be more MECE (mutually exclusive, collectively exhaustive) in setting up your overall case structure at the beginning of your case interview. - Better structure your answers to particular questions later on in your case interview, again being more MECE. - Save tons of time by having high-quality content from 10+ years of consulting and interview experience together in one single book. - Significantly reduce the risk of losing a tier-1 consulting firm job offer because you were not structured enough in your interview (and we all know how important it is to be ABS - Always Be Structured). The Harvard College Guide to Consulting Ace Your Case! Consulting Interviews The Consulting Apprenticeship 40 Jump-Start Ideas for You and Your Business Create Space The Consulting Apprenticeship is written for business professionals and consultants with a focus on nuances passed on during apprenticeship regarding consulting delivery. Business professionals can benefit with a jump-start approach to applying consulting principles to their business. Designed for the busy professional, The Consulting Apprenticeship is a book of forty, quick-read ideas. These forty, short chapters are divided into four sections: Consulting Mindset - This section covers consulting ways of thinking and can be adopted by both company personnel and consultants. Consulting Techniques - This section covers specific tactics and toolkit methods when using consultative approaches in the trenches as either a company- or consulting firm-practitioner. Consulting Mastery - This section covers advanced perspectives on consulting and may be more useful to either company personnel evaluating consultants or mid- to senior-level consultants. Consulting Special Situations - Whereas the prior sections are applicable to a wide variety of situations, this section covers more infrequent, specific business situations involving consultative approaches in the trenches as either a company- or consulting firm-practitioner. Each chapter of the book concludes with an optional, takeaway exercise. The exercises vary widely in terms of level of involvement. For example, in some cases you can refer to online material. In other cases, you can engage in deeper thinking or apply the concepts over an extended period of time. However you choose to use this book, consulting mastery is a lifelong pursuit. I hope this book helps you with your journey. Stephen Shu Praise for The Consulting Apprenticeship "When one of the companies I worked for needed help taking its consulting organization to the next level, I hired Steve Shu. His ability to drive our management team - all with different opinions on what we should or should not do - to a 'so-what' conclusion and prag-

matic next steps gave us the jump start we needed. He is one of the best and deeply understands how consulting organizations should work. His book provides great techniques as well as tools you can use immediately." - Prakash Panjwani, CEO at WatchGuard Technologies, former President and CEO of SafeNet "Steve Shu has put together a comprehensive guide to the all-important nuts and bolts of being a great consultant. The information in Chapter 21, 'Eight Secret Weapons of the Modern Consultant,' is worth the price of the book. If you're serious about being a more effective consultant, read this book." - Michael McLaughlin, Author of Winning the Professional Services Sale and Principal Consultant at MindShare Consulting LLC; former Partner at Deloitte "Steve Shu has written a hands-on, highly practical guide for new management consultants and internal corporate business strategists alike. So many projects fail because they do not practice the basic consulting project management hygiene Steve describes in chapter 11. If you are new to the trade and want to greatly increase your chance of delivering successful consulting projects, read this book." - Robert Reppa, Vice President Strategy at Johnson Controls and former Partner at Booz & Company "Steve Shu has written a Rosetta Stone for both new and experienced consultants. Filled with forty power-packed ideas and practical chapter takeaways, Consulting Apprenticeship is structured for busy executives to easily digest each concept. A must read for those who seek to go beyond the shallow bromides of the consulting profession, and hone their skills with deeper, more meaningful approaches." - Adrian C. Ott, Award-winning author of The 24-Hour Customer, and CEO, Exponential Edge Inc, called "One of Silicon Valley's most respected strategists" by Consulting Magazine"- Case in Point Case Competition: Creating Winning Strategy Presentations for Case Competitions and Job Offers Why are business case competitions important? They teach future leaders how to translate classroom knowledge into positive results. Analyzing a situation, diagnosing a problem, formulating and presenting a recommendation, and gaining approval from executive leadership is one of the best processes you can learn in business school to ensure success. You are not only codifying textbook learning, you are also learning to incorporate it with teamwork, interpersonal communication, and influence. Experts Jason Rife, Kara Kravetz Cupoli, and Marc Cosentino share insight and tips in this must-have guide. Dear Anonymous Independently Published. This book is a collection of stories told by so many of you, anonymously, with most having prose written by me in response to the stories. Some will have open space for you to lay your story, or to simply vent. Blank pages to express yourself. An positive affirmations, heartache, lots of old pain, and current healing. We all are at different parts of our lives, so many might touch different stories than others, or all might be out your range, but you will still love this collection. This book is full of life. It's full of every emotion. It's full of secrets from people who can't confront themselves or others with such confidence because we don't want to hurt or have hurt inflicted upon us. It's a book for all of us. It's a journey. Hearing different stories from many different souls is very inspiring to keep moving forward and creating what you've always prayed to behold. I love this collection so much. I can't wait to share it with all of you. I count down the days until you all get to be a part of this. Thank you for all the ones who chose to be apart of this, I thank you for your stories and your bravery to share your deepest secrets. I thank you for trusting me with something that's so close to your heart. I pray you're all somewhere beautiful now, or in the process to being. And to all the ones who didn't get to share, or couldn't bring yourself to it, I'm praying for you too, and hope you find the strength when you read this, and share a piece of you in there too. Thank you for being apart of something so meaningful to me. The Marketing Interview 50 Answers to the

Interview Case Book The Interview Case Book offers 20 case discussions grouped into five categories: opportunity analysis, market response, performance gap analysis, action planning, and company expansion. Each interview is followed by a brief comment on the case type and the approach taken by the interviewee. In addition to the case interviews and comments, each type of case is illustrated by an extensive number of case questions that function as a training ground for practice interviews. Across all five types of cases, this book offers an additional 200 practice questions. The questions are very diverse in nature and are designed to represent the spectrum of actual questions that may be asked during case interviews. InterViews Learning the Craft of Qualitative Research Interviewing SAGE The First Edition of InterViews has provided students and professionals in a wide variety of disciplines with the "whys" and "hows" of research interviewing, preparing students for learning interviewing by doing interviews and by studying examples of best practice. The thoroughly revised Second Edition retains its original seven-stage structure, continuing to focus on the practical, epistemological, and ethical issues involved with interviewing. Authors Steinar Kvale and Svend Brinkmann also include coverage of newer developments in qualitative interviewing, discussion of interviewing as a craft, and a new chapter on linguistic modes of interview analysis. Practical and conceptual assignments, as well as new "tool boxes," provide students with the means to dig deeper into the material presented and achieve a more meaningful level of understanding. New to This Edition · Includes new developments in qualitative interviewing: New mate-

rials cover narrative, discursive, and conversational analyses. · Presents interviewing as a social practice: Knowledge produced by interviewing is discussed as linguistic, conversational, narrative, relational, situated, and pragmatic. · Addresses a variety of interviews forms: In addition to harmonious, empathetic interviews, the authors also cover confrontational interviews. Intended Audience This text is ideal for both novice and experienced interview researchers as well as graduate students taking courses in qualitative and research methods in the social sciences and health sciences, particularly departments of Education, Nursing, Sociology, Psychology, and Communication. Praise for the previous edition: "I think this is one of the most in-depth treatments of the interview process that I have seen. The frank and realistic approach that the authors take to this topic is rather unique and will be very reassuring to researchers who are undertaking an interview study for the first time." —Lisa M. Diamond, University of Utah The Compendium of Forgotten Secrets Awakening The official hardcover release of one of the most popular 5th Edition Tabletop RPG supplements of all time, the Compendium of Forgotten Secrets: Awakening features hundreds of new options for players and game masters alike! 50 Full-Color Illustrations, 34 Player Subclasses, Over 100 new spells, feats, and invocations, Top Rated by Popular Vote

Top consulting firms like McKinsey, BCG, and Bain only hire about 1% of their job applicants. Becoming a management consultant is difficult, but it is possible if you use a proven approach at each stage of the process. Cracking Case Interviews is a comprehensive "one-stop shop" for landing a job in consulting. This book will help you: Write the perfect consulting resume and cover letter that gets multiple interview invitations from top consultancies Learn the 7 different parts of a case interview and exactly what you need to do in each step Master maths tips and tricks to solve market sizing and other case interview questions quickly and accurately Discover the most commonly used frameworks in consulting and how you can use them for inspiration, without over-relying on them Practice with 5 full-length sample cases that are based on McKinsey, BCG, and Bain case interviews Prepare answers to behavioural interview questions, like "Why consulting?", "Why McKinsey?", or "Tell me about a time you led a team." Max Serrano and Jonathon Yarde are former consultants and instructors at IGotAnOffer, the #1 website for case interview preparation, which has helped place over 2,000 applicants in consulting careers since 2015. This book translates the countless hours the authors have spent coaching undergraduates, MBAs, PhDs, MDs, JDs, and experienced hires on their consulting applications.

Case Interview Secrets A Former McKinsey Interviewer Reveals how to Get Multiple Job Offers in Consulting

Victor Cheng deconstructs the management practices used by fast growing technology companies and adapts these practices for use in other industries. While most business books tout one new big idea that will magically solve all your problems, Extreme Revenue Growth provides a refreshingly different and practical approach, combining many cross-functional practices to create a blueprint for explosive growth.

The Interview Case Book offers 20 case discussions grouped into five categories: opportunity analysis, market response, performance gap analysis, action planning, and company expansion. Each interview is followed by a brief comment on the case type and the approach taken by the interviewee. In addition to the case interviews and comments, each type of case is illustrated by an extensive number of case questions that function as a training ground for practice interviews. Across all five types of cases, this book offers an additional 200 practice questions. The questions are very diverse in nature and are designed to represent the spec-

trum of actual questions that may be asked during case interviews.

Consulting frameworks are what consultants use to frame a problem as well as its solution. Consulting is a specialty of problem solving, and these frameworks act as shortcuts to problem solving. It doesn't mean that they are exclusive to consulting! anyone can learn them to help improve their problem solving skills! For the ones interested in joining consulting, practicing 1000 cases doesn't help if you don't use a framework consistently. Therefore a better approach for preparation is to understand and memorize the frameworks followed by a few cases only to store the framework in your long-term memory. Many applicants practice cases for months and then are surprised that the cases during the interview are not similar. I don't need to belabor this point too much--you get it. Learn how to think with frameworks rather than brute force your way through an unhealthy amount of cases. If you want practice cases, most if not all consulting firms offer their own cases online and for free. Those are more than enough to practice. The Concise Reads Business Success series is a collection of short reading material that highlights important concepts in business education that every student, business owner, and entrepreneur should know from accounting and incorporating, to building a robust business plan and managing operations. We hope you enjoy Peter's easy to read explanations. The affordable pricing makes this series available to anyone willing to learn and the concise aspect makes it so it does not take more than a single day to learn or a single weekend to master. Good luck and please review the book when you're done so that others could see the value derived from this affordable series. Thank you for your interest and happy concise reading!

I hope this book helps you with your journey. Stephen Shu Praise for The Consulting Apprenticeship "When one of the companies I worked for needed help taking its consulting organization to the next level, I hired Steve Shu. His ability to drive our management team - all with different opinions on what we should or should not do - to a 'so-what' conclusion and pragmatic next steps gave us the jump start we needed. He is one of the best and deeply understands how consulting organizations should work. His book provides great techniques as well as tools you can use immediately." - Prakash Panjwani, CEO at WatchGuard Technologies, former President and CEO of SafeNet "Steve Shu has put together a comprehensive guide to the all-important nuts and bolts of being a great consultant. The information in Chapter 21, 'Eight Secret Weapons of the Modern Consultant,' is worth the price of the book. If you're serious about being a more effective consultant, read this book." - Michael McLaughlin, Author of Winning the Professional Services Sale and Principal Consultant at MindShare Consulting LLC; former Partner at Deloitte "Steve Shu has written a hands-on, highly practical guide for new manage-

ment consultants and internal corporate business strategists alike. So many projects fail because they do not practice the basic consulting project management hygiene Steve describes in chapter 11. If you are new to the trade and want to greatly increase your chance of delivering successful consulting projects, read this book." - Robert Reppa, Vice President Strategy at Johnson Controls and former Partner at Booz & Company "Steve Shu has written a Rosetta Stone for both new and experienced consultants. Filled with forty power-packed ideas and practical chapter takeaways, Consulting Apprenticeship is structured for busy executives to easily digest each concept. A must read for those who seek to go beyond the shallow bromides of the consulting profession, and hone their skills with deeper, more meaningful approaches." - Adrian C. Ott, Award-winning author of The 24-Hour Customer, and CEO, Exponential Edge Inc, called "One of Silicon Valley's most respected strategists" by Consulting Magazine" Case interviews come in all formats. The key, as an interviewee, is being prepared. Know what the interviewer is looking for, know the industry/sector, the jargon, the constraints and stakeholders, and how people in the industry operate. Government and non-profit cases span a wide variety of problems, issues, stakeholders, and politics, which makes them trickier than private sector case interviews.

Interview Math provides over 50 practice problems and answers to help job seekers master quantitative interview questions including: Market Sizing Revenue Estimates Profitability Breakeven Pricing Customer Lifetime Value If you're interviewing at one of the highly sought after positions below, you'll need to master these interview math questions: Management Consulting: McKinsey, Bain, Boston Consulting Group, Deloitte General Management: Capital One, Taser Marketing: General Mills, Google, Hershey Software Engineering: Goldman Sachs, Microsoft Finance: American Airlines, Best Buy, JetBlue You'll learn interview math concept and principles - and then master those concepts with over 50 practice questions filled with detailed answers. After going through the book, candidates will feel knowledgeable, confident, relaxed and ready to tackle interview math questions.

Professional career guide from the Vault Career Library providing detailed case-by-case explanations of the consulting interview and strategies for cracking it.

The Wall Street Journal calls Case in Point the MBA Bible! Cosentino demystifies the consulting case interview. He takes you inside a typical interview by exploring the various types of case questions and he shares with you the acclaimed Ivy Case System which will give you the confidence to answer even the most sophisticated cases.
