So lets begin-Logic of wifi hacking . Step 1:Put wireless adapter in monitor mode using command airman-ng

Wifite : Hacking Wifi The Easy Way. 20 Aug 2017 17 Aug 2018. Add a comment. Disclaimer – TLDR; some stuff here can be used to carry out illegal activity, our intention is, however, to educate. Wifite. While the aircrack-ng suite is a well known name in the wireless hacking , the same can't be said about Wifite.

WIFITE : HACKING WIFI THE EASY WAY : KALI LINUX Wifite

I find it worth mentioning here, that not only does it hack wifi the easy way, it also hack in the best possible way. For example, when you are hacking a WEP wifi using Wifite, it uses fakeauth and uses the ARP method to speed up data packets (I wrote a full length post about something which it does automatically!). Hacking WEP network

WIFITE : HACKING WIFI THE EASY WAY : KALI LINUX. Wifite. While the aircrack-ng suite is a well known name in the wireless hacking , the same can't be said about Wifite. Living in the shade of the greatness of established aircrack-ng suite, Wifite has finally made a mark in a field where aircrack-ng failed.

Buy a Wi-Fi card that supports monitoring. You can find Wi-Fi cards online or in tech department stores. Make sure that your Wi-Fi card allows monitoring (RFMON), or you won't be able to hack a network. Many computers have built-in RFMON Wi-Fi cards, so you might want to try the first four steps of the next part before buying one.

Conclusion. So thats pretty much it when it comes to hacking WiFi using Wifite. There are other ways of doing this, such as using the aircrack-ng suite of tools and/or using dedicated WPS hacking tools such as reaver.Additionally, this guide is only but a small slice of the world of wireless hacking, so

be sure to stay tuned for more wireless hacking tutorials soon!
